kwmobile 57192.2.01

kwmobile Laptop Sun Shield Instruction Manual

Model: 57192.2.01

1. Introduction

The kwmobile Laptop Sun Shield is designed to provide glare protection and shade for your 15-inch laptop screen, enhancing visibility when working outdoors or in brightly lit environments. This manual provides essential information on its features, installation, usage, and care.

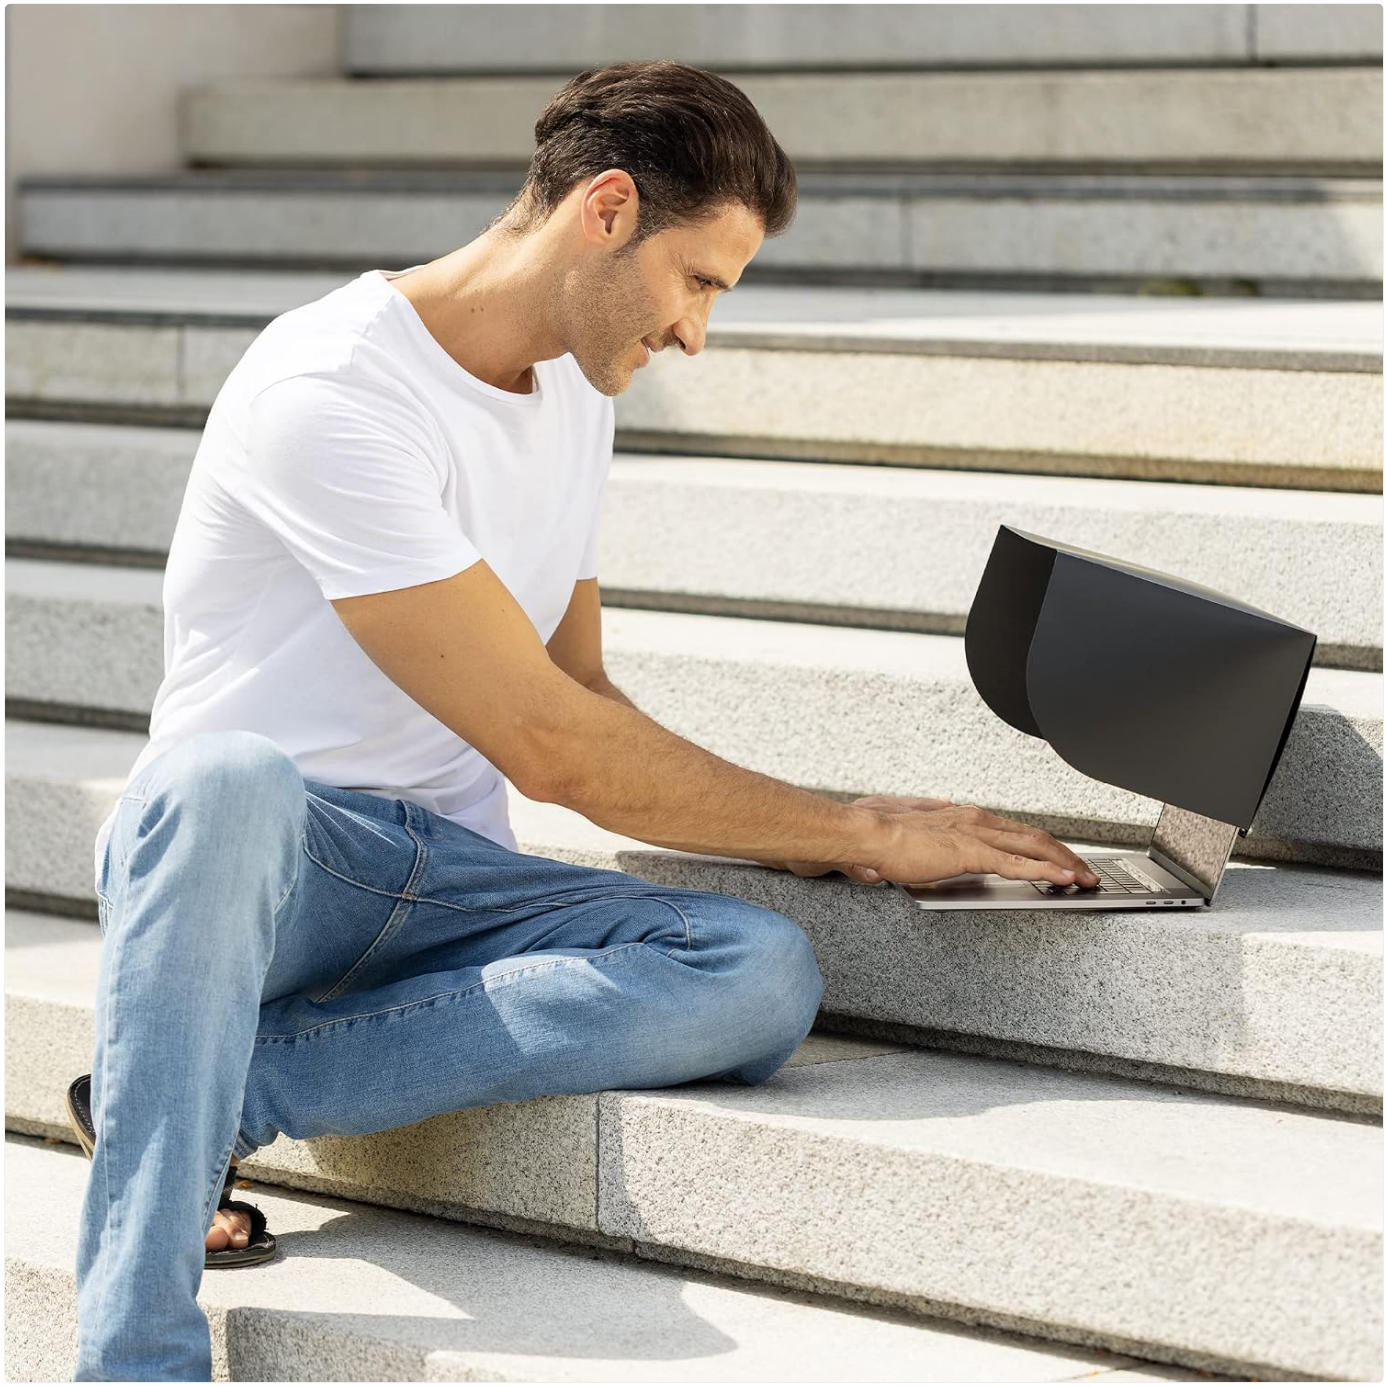

Image 1.1: A user operating a laptop equipped with the kwmobile sun shield in an outdoor setting.

2. Product Features

- **Compatibility:** Designed for most 15-inch laptops. Verify your laptop screen size before use.
- **Lightweight Design:** Weighs approximately 145 grams (5 ounces), ensuring portability without adding significant weight to your laptop setup.
- **Material:** Constructed from PP (Polypropylene) for durability and effective light blocking.
- **Glare Reduction:** Provides shade to reduce screen glare from direct sunlight, improving screen visibility.
- **Portability:** Can be folded for easy transport and storage.

4. Setup Instructions

Follow these steps to properly attach the sun shield to your laptop:

1. **Prepare the Shield:** Unfold the sun shield into its intended shape.
2. **Apply Fasteners:** Locate the four self-adhesive fasteners provided. Attach one fastener to each of the four corners on the back of your laptop screen. Ensure the surface is clean and dry before application for optimal adhesion.
3. **Attach the Shield:** Align the sun shield with your laptop screen. The fasteners on the back of your screen will then connect to the corresponding points on the sun shield, securing it in place.

5. Operating Instructions

Once the sun shield is attached, it will automatically provide shade to your laptop screen. Position your laptop so that the shield effectively blocks direct sunlight or strong ambient light sources. The shield is designed to create a shaded viewing area, reducing glare and improving screen visibility for comfortable outdoor or bright environment usage.

Image 5.1: The sun shield in use, effectively blocking sunlight for improved screen visibility.

6. Maintenance

- **Cleaning:** Wipe the sun shield with a soft, damp cloth. Avoid abrasive cleaners or solvents that may damage the material.
- **Storage:** When not in use, fold the sun shield and store it in a cool, dry place away from direct sunlight to prevent material degradation.
- **Fastener Care:** If the self-adhesive fasteners lose their effectiveness over time, they may need to be replaced to ensure secure attachment.

7. Troubleshooting

- **Shield Not Staying in Place:**
  - Ensure the self-adhesive fasteners are securely attached to both the laptop and the shield.

- Clean the laptop surface before applying fasteners to ensure proper adhesion.
- If fasteners are worn, replace them with new, strong adhesive dots.

- **Insufficient Glare Protection:**
  - Adjust your laptop's position relative to the sun or light source to maximize the shield's effectiveness.
  - Ensure the shield is fully extended and correctly positioned around the screen.

- **Flimsy Feel:**
  - The shield is designed to be lightweight and portable. Ensure all attachment points are secure to provide maximum stability.

8. Warranty and Support

For information regarding warranty coverage or technical support, please refer to the kwmobile official website or contact their customer service directly. Contact details are typically available on the product packaging or the brand's online presence.
kwmobile aims to provide quality accessories. For any issues or inquiries, please reach out to their support team.
