Its unique heart shape and inward-hinging design with a springback function ensure secure and simple attachment to compatible Pandora ME items.

## 2. SETUP AND COMPATIBILITY

The Styling Heart Connector is specifically designed for use with Pandora ME link chain bracelets, necklaces, and earrings. Ensure your existing Pandora jewelry is part of the Pandora ME collection for proper compatibility.

## 2.1 Attaching the Connector

1. Identify an openable link on your Pandora ME bracelet, necklace, or earring.
2. Gently press the hinge of the Styling Heart Connector inwards to open it.
3. Position the open connector around the desired link of your Pandora ME jewelry.
4. Release the hinge to allow the springback function to securely close the connector around the link.  
You should hear a subtle click indicating it is closed.

## 2.2 Compatibility Note

It is important to note that the Pandora ME Styling Heart Connector is designed exclusively for the Pandora ME collection. It may not be compatible with other Pandora collections or non-Pandora jewelry.

## **PANDORA ME** is only compatible with **PANDORA ME** products

### 3.1 Adding Charms and Medallions

- The connector can hold up to eight of your favorite Pandora ME mini dangles.
- Alternatively, it can accommodate up to three Pandora ME medallions.
- To attach, open the connector as described in Section 2.1, slide the desired dangles or medallions onto the open side, and then close the connector securely.

### 3.2 Curating Your Look

Experiment with different combinations of dangles and medallions to curate unique looks. The connector allows you to easily change the shape and length of your jewelry pieces, offering flexibility in personal expression.

## 4. MAINTENANCE AND CARE

To ensure the longevity and beauty of your Pandora ME Styling Heart Connector, follow these care guidelines:

- **Cleaning:** Clean your sterling silver connector regularly with a soft polishing cloth. For deeper cleaning, use a mild soap and warm water solution, then rinse thoroughly and dry immediately with a soft, lint-free cloth. Avoid harsh chemicals or abrasive cleaners, especially on the enamel.
- **Enamel Care:** The transparent enamel is durable but can be scratched. The polished sterling silver interior helps protect the enamel from scratches during opening and closing. Avoid direct impact or rubbing against rough surfaces.
- **Storage:** Store your connector in a jewelry box or pouch to prevent tarnishing and scratches. Keep it separate from other jewelry that might scratch its surface.
- **Chemical Exposure:** Avoid exposing the connector to harsh chemicals, perfumes, lotions, or chlorinated water, as these can damage the sterling silver and enamel.

## 5. TROUBLESHOOTING

If you encounter any issues with your Pandora ME Styling Heart Connector, consider the following common solutions:

- **Connector Difficult to Open/Close:**

Ensure you are pressing the hinge inwards firmly. The springback mechanism requires a deliberate action. Avoid forcing it, as this could damage the hinge.

- **Connector Not Staying Closed:**

Verify that the connector is properly aligned with the link on your Pandora ME jewelry. A misalignment can prevent it from closing securely. Check for any debris obstructing the hinge mechanism.

- **Compatibility Issues:**

Confirm that the bracelet, necklace, or earrings you are trying to attach the connector to are part of the Pandora ME collection. This connector is not designed for other Pandora collections.

- **Discoloration/Tarnishing:**

Sterling silver can tarnish over time. Refer to the cleaning instructions in Section 4. Regular cleaning with a soft cloth can restore its shine. If tarnishing is severe, professional cleaning may be required.

If the issue persists, please contact Pandora customer support for further assistance.
