Fodoss NEW329

Fodoss Baby Bassinet Bedside Sleeper Instruction Manual

Model: NEW329

Brand: Fodoss

PRODUCT OVERVIEW

The Fodoss Baby Bassinet Bedside Sleeper is designed to provide a safe, comfortable, and convenient sleeping solution for your infant or newborn. Its thoughtful design prioritizes safety, breathability, and ease of use for parents. Key features include:

- **All Mesh Siding:** Facilitates air circulation and allows easy observation of your baby.
- **Waterproof Mattress Cover:** Easy to clean and skin-friendly, protecting against spills and accidents.
- **Spacious Storage:** Includes a large storage tray and a detachable pocket to keep baby essentials within reach.
- **7 Height Adjustments:** Allows the bassinet to accommodate various bed heights (14-20" from floor to bottom of mattress).
- **Oversized Wheels with Lock:** Ensures easy movement on different surfaces, including carpet, with secure locking mechanism.

SETUP AND ASSEMBLY

The Fodoss Baby Bassinet is designed for tools-free assembly, making setup quick and straightforward. Please follow these steps carefully:

1. **Unfold the Frame:** Place the folded bassinet on a flat surface. Carefully unfold the main frame until it locks into an upright position.
2. **Attach the Storage Tray:** Secure the large storage tray to the designated attachment points at the bottom of the bassinet frame. Ensure all clips are firmly in place.
3. **Insert the Mattress:** Place the high-density cotton fiber mattress firmly into the bassinet. Ensure it lies flat and fits snugly within the mesh sides.
4. **Check Mattress Placement:** Verify that the mattress is well-placed and secure.

For a visual guide on assembly, please refer to the official product video below:

Bedside Sleeper Setup

To use the bassinet as a bedside sleeper, follow these additional steps:

1. **Lower the Side:** Unzip the side panel closest to your bed. Press the release buttons on the side bars and lower the panel.
2. **Secure to Bed:** Utilize the provided safety straps. Pass them under your mattress and secure them to the bassinet frame, ensuring a tight and stable connection between the bassinet and your bed.

OPERATING INSTRUCTIONS

Adjusting Height

The bassinet features 7 levels of height adjustment to match various bed heights. To adjust, locate the height adjustment buttons on the side legs. Press the buttons and slide the legs up or down to your desired height. Ensure both sides are adjusted to the same level for stability, unless intentionally creating an incline.

Image: A close-up view of the bassinet's height adjustment mechanism, illustrating the seven available positions.

Using Wheels and Locks

The bassinet is equipped with oversized wheels for easy mobility. Each wheel has a locking mechanism. To move the bassinet, ensure all wheel locks are disengaged. To secure the bassinet in place, press down on the locking levers on each wheel until they click into position.

Oversized Wheels with Lock

Easier to move on carpet

Image: The bassinet's wheels are shown with an inset demonstrating the lock and unlock positions for easy movement and stability.

Adjustable Incline for Reflux

For babies experiencing reflux, the bassinet can be set with a slight incline. Adjust one side of the bassinet to a higher setting than the other, creating a gentle slope (typically 3-8 degrees). This can help alleviate reflux symptoms.

MAINTENANCE AND CARE

Proper maintenance ensures the longevity and hygiene of your Fodoss Baby Bassinet.

- **Mattress Cover:** The waterproof mattress cover is easy to clean. It is recommended to hand wash the

mattress cover only.

- **Mesh Siding:** The mesh fabric can be wiped clean with a damp cloth and mild soap. Ensure it is completely dry before re-use.
- **Frame:** Wipe the metal and plastic components of the frame with a damp cloth. Avoid abrasive cleaners.
- **Regular Checks:** Periodically inspect all parts, including straps, zippers, and locking mechanisms, for any signs of wear or damage. Discontinue use if any damage is found.

TROUBLESHOOTING

If you encounter any issues with your Fodoss Baby Bassinet, please refer to the following common solutions:

- **Bassinet is not stable:** Ensure all four wheels are locked, and if using bedside mode, verify that the safety straps are securely fastened under your mattress.
- **Difficulty moving the bassinet:** Check that all wheel locks are disengaged. Ensure the wheels are clean and free from debris.
- **Baby seems uncomfortable:** Verify the mattress is flat and properly positioned. Ensure the mesh sides are clear for optimal airflow.
- **Side panel not lowering/raising smoothly:** Check for any obstructions in the zipper or sliding mechanism. Ensure release buttons are fully pressed.

If the issue persists, please contact customer support for further assistance.
