3. SETUP

Unpacking

Carefully remove all components from the packaging. Ensure all packing materials are discarded responsibly.

Inserting the Inner Bucket

1. Lift the lid of the bin using the foot pedal or by hand.
2. Place the removable inner bucket into the main bin body. Ensure it sits securely at the bottom.
3. If desired, line the inner bucket with a suitable waste bag (not included). Fold the edges of the bag over the rim of the inner bucket to secure it.
4. Close the lid. The bin is now ready for use.

4. OPERATION

Opening the Lid

To open the lid, gently press down on the foot pedal located at the base of the bin. The lid will lift, allowing access to the inner bucket. Release the pedal to close the lid.

Closing the Lid

The bin features a soft-close mechanism. After releasing the foot pedal, the lid will slowly and quietly lower itself until fully closed. Avoid forcing the lid shut, as this can damage the mechanism.

5. MAINTENANCE AND CLEANING

Emptying the Bin

1. Open the lid.
2. Lift the inner bucket out of the main bin body using its integrated handle.
3. Dispose of the waste bag or empty the contents.
4. Return the inner bucket to the main bin body.
5. Close the lid.

Cleaning Instructions

To maintain the appearance and hygiene of your bin:

- Wipe the exterior of the bin with a soft, damp cloth and a mild, non-abrasive detergent.
- For the inner bucket, it can be rinsed with water and mild soap. Ensure it is completely dry before placing it back into the bin.
- Avoid using harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the finish.

- Regular cleaning is recommended to prevent odors and maintain hygiene.

6. TRANSPORT AND PLACEMENT

The SENSEA REMIX 5L Bathroom Pedal Bin is designed for easy movement. A sturdy handle is located at the rear of the bin. To move the bin, simply lift it using this handle. Place the bin on a flat, stable surface in your bathroom or desired location.

7. TROUBLESHOOTING

Lid Not Closing Smoothly

- **Check for Obstructions:** Ensure no waste or part of the waste bag is obstructing the lid's path or the soft-close mechanism.
- **Inner Bucket Position:** Verify that the inner bucket is correctly seated within the outer bin.
- **Mechanism Check:** Inspect the hinge and soft-close mechanism for any visible damage or debris.

Pedal Mechanism Issues

- **Pedal Movement:** Ensure the pedal moves freely and is not jammed.
- **Connecting Rod:** If the lid does not lift when the pedal is pressed, check if the internal connecting rod between the pedal and the lid mechanism is dislodged or bent.
