Frigidaire EFMIS129-PINK_AMZ

Frigidaire Pink Mini Personal Fridge Cooler Instruction Manual

Model: EFMIS129-PINK_AMZ | Brand: Frigidaire

Front view of the Frigidaire Pink Mini Personal Fridge Cooler.

Product Overview

The Frigidaire Pink Mini Personal Fridge Cooler is a compact and versatile appliance designed to keep your items at optimal temperatures. With a 4-liter capacity, it can hold up to six 12 oz. cans, making it ideal for personal use in bedrooms, offices, dorms, or even on the go. It features both cooling and warming functions, powered by a thermoelectric system that operates quietly and efficiently.

Key Features:

- **Retro Charm:** Stylish design with a pink finish and chrome accents.

- **Ample Storage:** 4-liter capacity, fits up to six 12 oz. cans.
- **Skincare Cooler:** Suitable for storing skincare products and beauty tools.
- **Portable & Secure:** Lightweight (3 lbs) with a convenient carrying handle and heavy-duty locking latch.
- **Versatile Power Options:** Includes cords for both 12V car adapter and home (110V AC) outlet.
- **Efficient Cooling:** Cools up to 26-28°F below ambient temperature using a thermoelectric system.
- **Warming Function:** Warms up to 140°F (at 75°F ambient temperature).
- **Eco-Friendly:** Freon-free, with no harmful greenhouse gases.

Setup Guide

1. **Unpacking:** Carefully remove the cooler from its packaging. Retain all packaging materials for future transport or storage.
2. **Placement:** Place the cooler on a flat, stable surface. Ensure there is adequate ventilation around the unit, especially at the back where the fan is located, to prevent overheating. Avoid placing it in direct sunlight or near heat sources.
3. **Power Connection:**
    - **For Home Use (AC):** Connect the AC power cord to the AC input port on the back of the cooler. Plug the other end into a standard 110V AC wall outlet.
    - **For Car Use (DC):** Connect the DC power cord to the DC input port on the back of the cooler. Plug the other end into your vehicle's 12V DC outlet (cigarette lighter socket).
4. **Initial Operation:** Before placing items inside, allow the cooler to run for at least 30 minutes to reach its desired temperature.

Operating Instructions

1. **Power On/Off:** Locate the switch on the back of the unit. Slide it to the
