gpsnvision 2-6 Month Battery.

GPS Tracker for Vehicles User Manual

Model: 2-6 Month Battery.

Brand: gpsnvision

1. Product Overview

The gpsnvision GPS Tracker is a versatile and robust device designed for real-time tracking of vehicles, trucks, assets, kids, and the elderly. Featuring a powerful 10,000 mAh battery, it offers extended operational periods and seamless global tracking across over 180 countries. Its magnetic, hidden, and waterproof design ensures discreet and reliable performance in various conditions.

Key Features:

- **Real-Time Global Tracking:** Accurate location updates every 60 seconds when moving, accessible via cloud platform from any device.
- **Long-Life Rechargeable Battery:** Up to 6 months of battery life (depending on usage) with a 10,000 mAh capacity.
- **Tamper Alert & Anti-Theft Protection:** Built-in light sensor alerts if the device is moved or detached.
- **Rugged & Weatherproof Design:** IP65 dust and water resistance for reliable outdoor use.
- **Affordable Subscription:** No contracts, includes app access, web dashboard, SIM card, data fees, and 13 months of data storage.

2. Package Contents

Please ensure all items are present in your package:

- GPS Tracker Device
- Charging Cable
- User Manual (this document)

Image: User-friendly app setup process.

3. Setup Guide

3.1 Initial Setup

1. **Install GPS:** Ensure your GPS tracker is fully charged before first use.
2. **Download App:** Download the 'Inteltrack' app from the App Store (iOS) or Google Play Store (Android). You can also access the web dashboard at track.inteltrack.net.
3. **Subscribe:** Activate your subscription plan. Plans start at $14.94 per month and include app access, web dashboard, SIM card, and data fees.
4. **Start Tracking:** Once activated, you can begin monitoring your device.

3.2 Physical Installation

The gpsnvision tracker is designed for easy and discreet installation thanks to its powerful magnets.

Image: Easy installation steps for the GPS tracker.

- **Placement:** Hide the tracker under any vehicle.
- **Attachment:** Use a flat metal surface to secure the magnets. The strong magnetic grip ensures hassle-free

attachment and reliable performance.

- **Heat Precaution:** Keep the device away from excessive heat sources.

Your browser does not support the video tag.

Video: Demonstrates the installation process of the GPS tracker on a car's undercarriage. The video shows a person attaching the magnetic tracker to a metal surface underneath the vehicle, highlighting its secure fit.

4. Operating Instructions

4.1 Real-Time Tracking

Once installed and activated, your gpsnvision tracker provides continuous real-time location data.

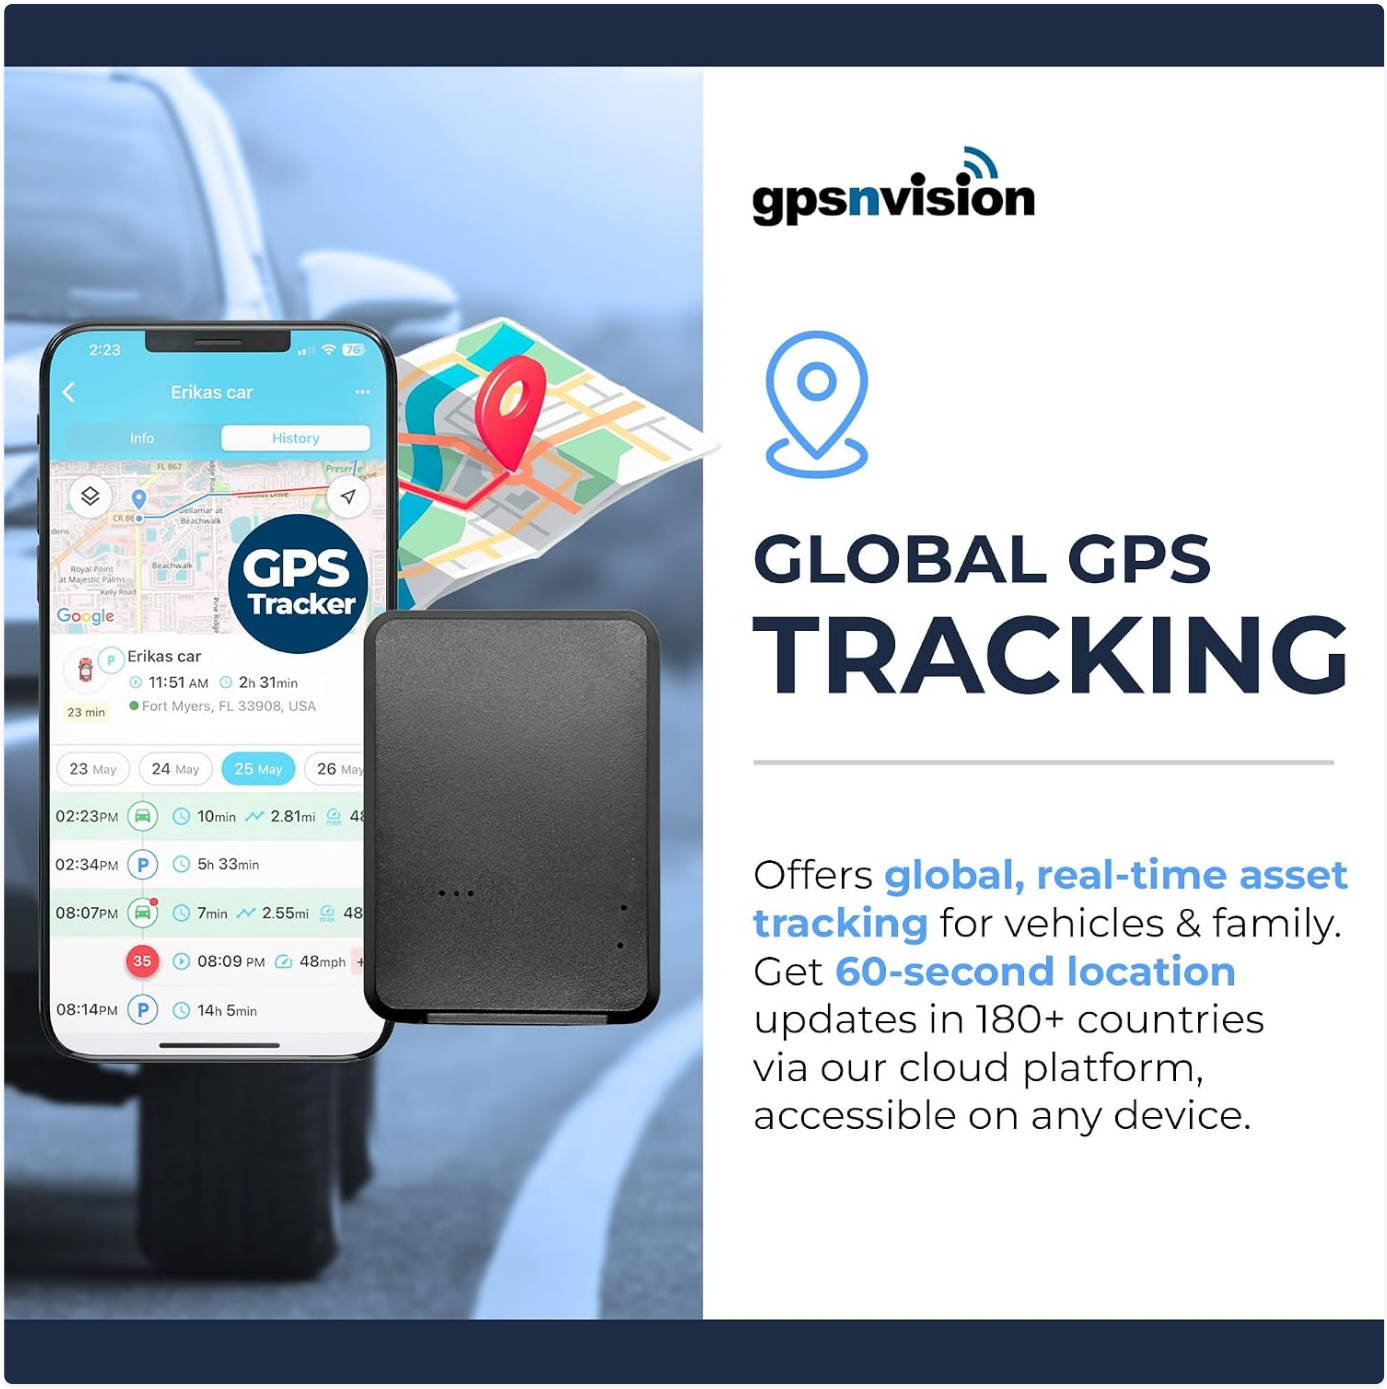

Image: Global GPS Tracking capabilities.

- **Access:** Monitor your tracker's location via the Inteltrack mobile app (iOS & Android) or the web dashboard (track.inteltrack.net).
- **Location Updates:** The device updates its location every 60 seconds when moving. When stationary, location updates occur every 24 hours to conserve battery.
- **Data Storage:** Your tracking data is stored for up to 13 months, allowing you to review historical routes and activities.

4.2 Advanced Tracking Features

Leverage advanced features for enhanced security and monitoring:

Image: Seamless cloud tracking with geofence and speed alert features.

- **Geofences:** Set up virtual boundaries on the map. Receive instant alerts when the tracker enters or exits a defined area.
- **Speed Alerts:** Configure alerts to be notified if the tracked vehicle exceeds a pre-set speed limit.
- **Tamper Alert:** The built-in light sensor will notify you if the device is removed from its installed location.

5. Care and Maintenance

5.1 Battery Management

The tracker is equipped with a high-capacity 10,000 mAh rechargeable battery.

Image: Rechargeable battery for extended use.

- **Battery Life:** Battery life varies based on usage: up to 6 months with 30 minutes/day driving, 3 months with 1 hour/day, or 1 month with 2 hours/day.
- **Charging:** Recharge the device using the provided charging cable. Ensure it is fully charged before long periods of use.
- **Low Power Consumption:** The device is optimized for low power consumption to maximize battery life.

5.2 Durability and Environment

The tracker is built to withstand challenging environments.

Image: The GPS tracker is designed to be outdoor ready.

- **Weatherproof:** With an IP65 rating, it is dust and water resistant, making it suitable for vehicles, trailers, fleets, or any outdoor asset.
- **Cleaning:** Wipe the device with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the device in a cool, dry place when not in use for extended periods.

6. Troubleshooting Common Issues

If you encounter any issues with your gpsnvision GPS Tracker, please refer to the following common solutions:

Problem	Possible Solution
Device not reporting location	Check battery level. Ensure device is in an area with 4G/LTE network coverage. Verify subscription is active.
Inaccurate location data	Ensure the device has a clear line of sight to the sky (avoid placing it deep inside metal enclosures). Allow time for GPS signal acquisition.
App/Web platform not loading	Check your internet connection. Try clearing your browser cache or reinstalling the app.
Battery draining quickly	Review your usage patterns. Frequent movement or very weak signal areas can increase power consumption. Ensure the device is fully charged.

For further assistance, please contact gpsnvision customer support.

7. Technical Specifications

Feature	Detail
Product Dimensions	3.29 x 2.37 x 1.2 inches
Item Weight	1 pounds
ASIN	B09XBTWBHM
Item Model Number	2-6 Month Battery.
Batteries	1 Lithium Ion batteries required.
Connectivity Technologies	Cellular (4G/LTE)
Special Features	Portable, Ready-to-Use, Rechargeable Battery, Real-Time LTE, Covert, Long Battery Life, Magnetic, Waterproof (IP65), Tamper Alert
Supported Application	Phone app Inteltrack, desktop APP track.inteltrack.net
Material	Plastic, Metal
Manufacturer	hidden gps tracker
Date First Available	April 28, 2022

8. Warranty and Support

Gpsnvision is committed to ensuring every customer can correctly use their GPS tracker. We provide strong technical and after-sales support to resolve any issues you may encounter.

Customer Support:

For technical assistance, troubleshooting, or any questions regarding your device or subscription, please visit the official gpsnvision store on Amazon or contact their dedicated support team. Details can typically be found on the product packaging or within the Inteltrack application.

Subscription Information:

The device requires an active subscription for full functionality. Plans start at $14.94 per month and include all necessary services (app access, web dashboard, SIM card, data fees, and 13 months of data storage). Subscriptions can be canceled anytime without hidden fees or contracts.
