PETONEER PF003

Petoneer Two-Meal Feeder PF003 Instruction Manual

Model: PF003

1. INTRODUCTION

The Petoneer Two-Meal Feeder PF003 is an automatic pet feeder designed to provide two scheduled meals for your pet. It is suitable for both wet and dry food and includes dedicated ice packs to help maintain food freshness. The feeder can be controlled via its integrated panel or a smartphone application, offering convenience for pet owners.

3. SETUP GUIDE

1. **Unpack the Feeder:** Carefully remove all components from the packaging.
2. **Install Batteries:** Open the battery compartment on the underside of the main unit. Insert four (4) AAA batteries (not included), ensuring correct polarity. Close the compartment securely.

7. **Download the App:** Search for the "Petoneer" app on your smartphone's app store (iOS or Android) and install it.
8. **Pair with App:** Follow the in-app instructions to pair your feeder via Bluetooth. This typically involves turning on Bluetooth

on your phone and selecting the feeder from the device list within the app.

4. OPERATING INSTRUCTIONS

4.1 Filling Food Trays

- Open the feeder lid.
- Fill each food tray with the desired amount of wet or dry pet food. Do not overfill.
- Close the lid securely.

4.2 Setting Meal Times (App Control)

The most convenient way to set meal schedules is through the Petoneer smartphone application:

1. Open the Petoneer app on your smartphone.
2. Select your connected Two-Meal Feeder.
3. Navigate to the scheduling or timer settings.
4. Set the desired opening times for each of the two food trays. The app allows precise time settings.
5. Confirm your settings. The feeder will automatically open the designated tray at the scheduled time.

4.3 Setting Meal Times (Manual Control)

You can also set basic timers directly on the feeder's control panel:

- Use the buttons on the feeder to set the delay for each tray to open. The display will show a countdown.
- The manual timer typically offers preset delays (e.g., 15 minutes, 30 minutes) or allows setting within a 24-hour window.

5. MAINTENANCE

5.1 Cleaning Food Trays

The food trays are removable for easy cleaning:

1. Open the feeder lid and remove the food trays.
2. Wash the trays with mild soap and water. Rinse thoroughly.
3. Ensure the trays are completely dry before placing them back into the feeder.

5.2 Cleaning the Main Unit

- Wipe the exterior of the main unit with a soft, damp cloth.
- Do not immerse the main unit in water or use abrasive cleaners.

5.3 Ice Pack Maintenance

- Regularly refreeze the ice packs to ensure optimal food freshness, especially when dispensing wet food.
- Replace ice packs if they become damaged or lose their cooling effectiveness.

6. TROUBLESHOOTING

• Feeder Not Opening:

- Check battery level and replace if necessary.
- Ensure no obstructions are preventing the lid from opening.
- Verify that the timer settings in the app or on the panel are correct.

• App Connectivity Issues:

- Ensure Bluetooth is enabled on your smartphone.
- Make sure the feeder is within Bluetooth range.
- Restart the app and/or the feeder.
- Try re-pairing the device through the app settings.

- **Food Not Staying Fresh:**

- Ensure ice packs are fully frozen before insertion.
- Check that the ice packs are correctly positioned beneath the food trays.
- Consider ambient room temperature; in very warm environments, freshness duration may be reduced.

- **Unintended Opening:**

- Ensure pets cannot accidentally press the manual open button.
- Verify app settings for any unintended schedules.
