SANODESK E2L

SANODESK E2L 63-Inch L-Shaped Electric Height Adjustable Standing Desk Instruction Manual

Model: E2L

1. SAFETY INFORMATION

Please read all safety instructions carefully before assembly and use.

- **Electrical Safety:** Ensure the power supply is disconnected before performing any maintenance or adjustments. Do not expose the control box or motor to moisture.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 177 lbs (80 kg) to maintain stability and prevent damage.
- **Obstacle Clearance:** Always keep the desk area clear of obstacles to prevent the anti-collision system from activating unexpectedly or causing damage.
- **Assembly:** Assembly requires two people. Follow all assembly instructions carefully to ensure proper installation and stability.
- **Placement:** Keep the desk away from heat sources. Do not place heavy objects on the desk's edges to prevent tipping.

2. PRODUCT OVERVIEW

The SANODESK E2L is a 63-inch L-shaped electric height-adjustable standing desk designed for versatility and ergonomic comfort. It features a powerful dual motor system for smooth height transitions and a robust steel frame for stability.

Key Features:

- **Powerful Dual Motor:** Provides a height range of 28.9 inches to 48.2 inches with precise telescopic height adjustment.
- **L-Shape with Reversible Panel:** Includes a spacious main desk and return desk, accommodating various

monitor and laptop setups. The L-shape can be configured for left or right orientation.

- **Strong Support:** All-steel frame and sturdy particle board tabletops support up to 177 lbs (80 kg) with maximum stability.
- **Advanced Keypad:** Easy-to-use push-button controller with memory presets and a sit/stand reminder function.

Product Dimensions:

3. SETUP AND ASSEMBLY

The SANODESK E2L desk is designed for straightforward assembly. It is highly recommended to have two people for the assembly process. The frame and top may be shipped in separate boxes.

Required Tools:

- A drill may be recommended for certain steps, though all necessary assembly tools are included.

Assembly Steps Overview:

1. Unpack all components and verify against the parts list in your included manual.
2. Assemble the desk frame components, ensuring proper alignment for your desired L-shape orientation (left or right return).
3. Attach the desk feet to the assembled frame.
4. Install the support plate and other structural elements.

5. Mount the handset (control panel) and control box to the underside of the desktop.
6. Carefully place and secure the desktop panels onto the frame, ensuring all connections are tight.
7. Connect all electrical cables from the motors and handset to the control box.

4. OPERATING INSTRUCTIONS

The desk is operated via an intuitive control panel located on the underside of the desktop.

Control Panel Functions:

ADVANCED KEYPAD WITH USB CHARGER

Image: Close-up of the SANODESK control panel, showing buttons for Up/Down movement, Height Memory Presets (1, 2, 3), Sit/Stand Reminder (M), and a USB charger port.

- **Up/Down Arrows (▲ / ▼):** Press and hold to adjust the desk height manually. Release to stop at the desired height.
- **Memory Presets (1, 2, 3):** To save a height, adjust the desk to your desired position, then press the 'M' button followed by the desired number (1, 2, or 3). To recall a saved height, simply press the corresponding number button.
- **Sit/Stand Reminder (M button):** The 'M' button can also be used to set a reminder to switch between sitting and standing positions. Refer to the detailed manual for specific programming instructions.
- **USB Charger:** A convenient USB port is integrated into the control panel for charging devices.

Operation Demonstration:

Video: A short demonstration of the SANODESK L-Shaped Electric Standing Desk smoothly adjusting its height using the control panel presets.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your SANODESK E2L.

- **Cleaning:** Wipe the desktop and frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cable Management:** Periodically check and organize cables to prevent tangling or damage, especially during height adjustments.
- **Fastener Checks:** Ensure all screws and fasteners remain tight. Re-tighten if necessary to maintain desk stability.
- **Motor Inspection:** Listen for any unusual noises during operation. If abnormal sounds occur, discontinue use and consult the troubleshooting section or customer support.

6. TROUBLESHOOTING

If you encounter issues with your SANODESK E2L, refer to the following common solutions:

- **Desk Not Moving:**
 - Check all power connections to ensure they are securely plugged in.
 - Verify the power outlet is functional.
 - Perform a reset: Unplug the desk for 10 seconds, then plug it back in. Press and hold the down arrow button until the desk reaches its lowest point and slightly rebounds.
- **Anti-Collision System Triggered:**
 - The desk will stop and slightly reverse if it detects an obstacle during adjustment.
 - Remove any obstructions and try adjusting the height again.
 - If it triggers frequently without visible obstacles, ensure the desk is not overloaded or that cables are not interfering with the mechanism.
- **Uneven Height Adjustment:**
 - Ensure the desk is on a level surface.
 - Check that all leg components are securely fastened.
 - Perform a reset as described above.
- **Unusual Noises:**
 - Minor motor sounds are normal during adjustment.
 - If loud grinding or clicking noises occur, stop using the desk and contact customer support.

LARGE ADJUSTABLE RANGE

Perfect size for your home office
