WINGBO WBCF-CM02-GD

WINGBO 20" Caged Ceiling Fan with Lights and Remote

Brand: WINGBO | Model: WBCF-CM02-GD

Product Overview

The WINGBO 20" Caged Ceiling Fan is designed to provide both illumination and air circulation for various indoor spaces. It features a gold double-layer round iron mesh lampshade, blending industrial and retro aesthetics. This model includes a reversible motor, three-speed settings, and is controlled via a remote.

Overall view of the WINGBO 20" Caged Ceiling Fan in gold finish.

Key features include:

- **Caged Design:** Gold double layer round iron mesh lampshade, suitable for industrial style indoor spaces.
- **3-Speed Reversible Motor:** Offers three fan speeds and reversible functionality for year-round comfort. The whisper wind motor ensures quiet performance.
- **Remote Control:** Fan and light functions can be controlled independently. Includes a timer function (1/2/4 hours).
- **Bulb Requirements:** Requires 4 E12 bulbs (not included), maximum 40 watts each. Compatible with incandescent, fluorescent, LED, and halogen bulbs.
- **Easy Installation:** Can be used as both a lighting fixture and a ceiling fan. Comes with two downrods

(5/12 inch) for different ceiling heights. Supports sloped ceiling mounting up to 30 degrees.

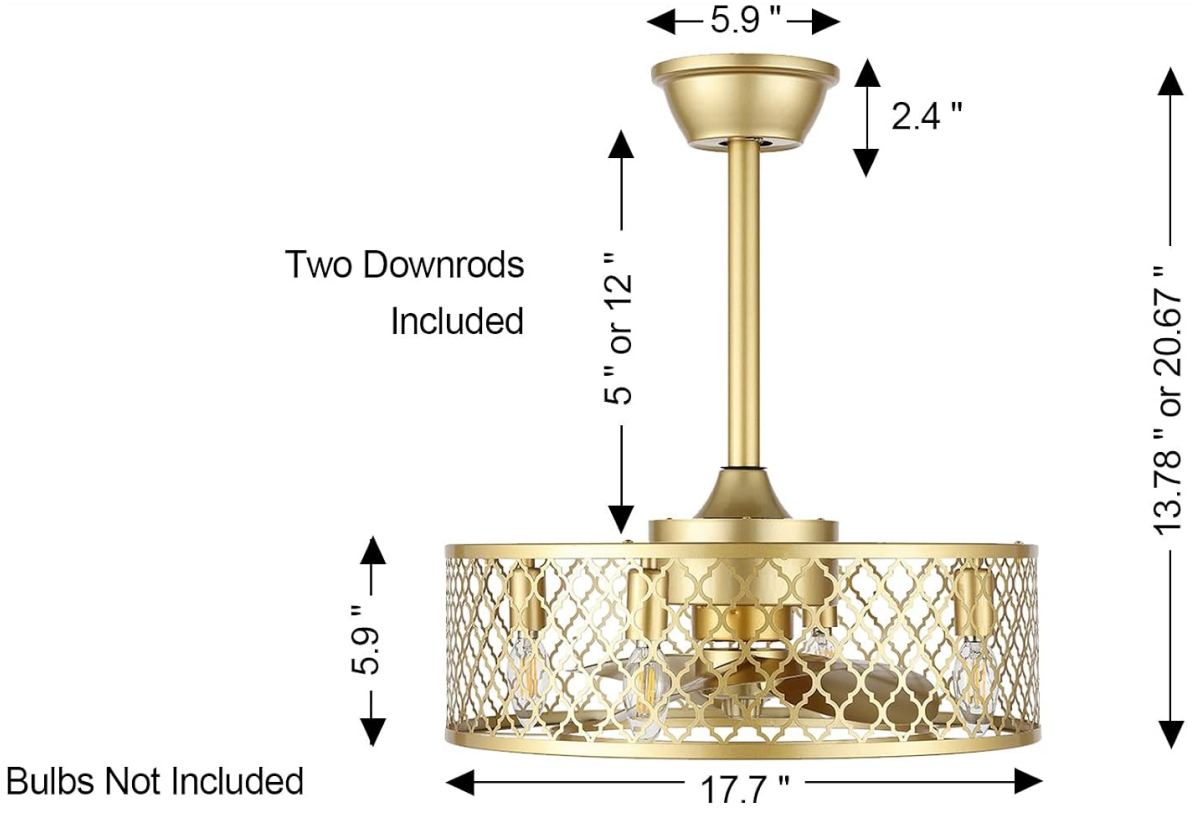

Illustration of the fan's functions: reverse motor, remote control, 3 speeds, and timer settings.

Setup and Installation

Before beginning installation, ensure the power supply to the installation area is turned off at the circuit breaker. It is recommended to have a qualified electrician perform the installation.

Components Included:

- Ceiling Fan Unit (with integrated motor and light sockets)
- Remote Control
- Two Downrods (5-inch and 12-inch)
- Mounting Hardware

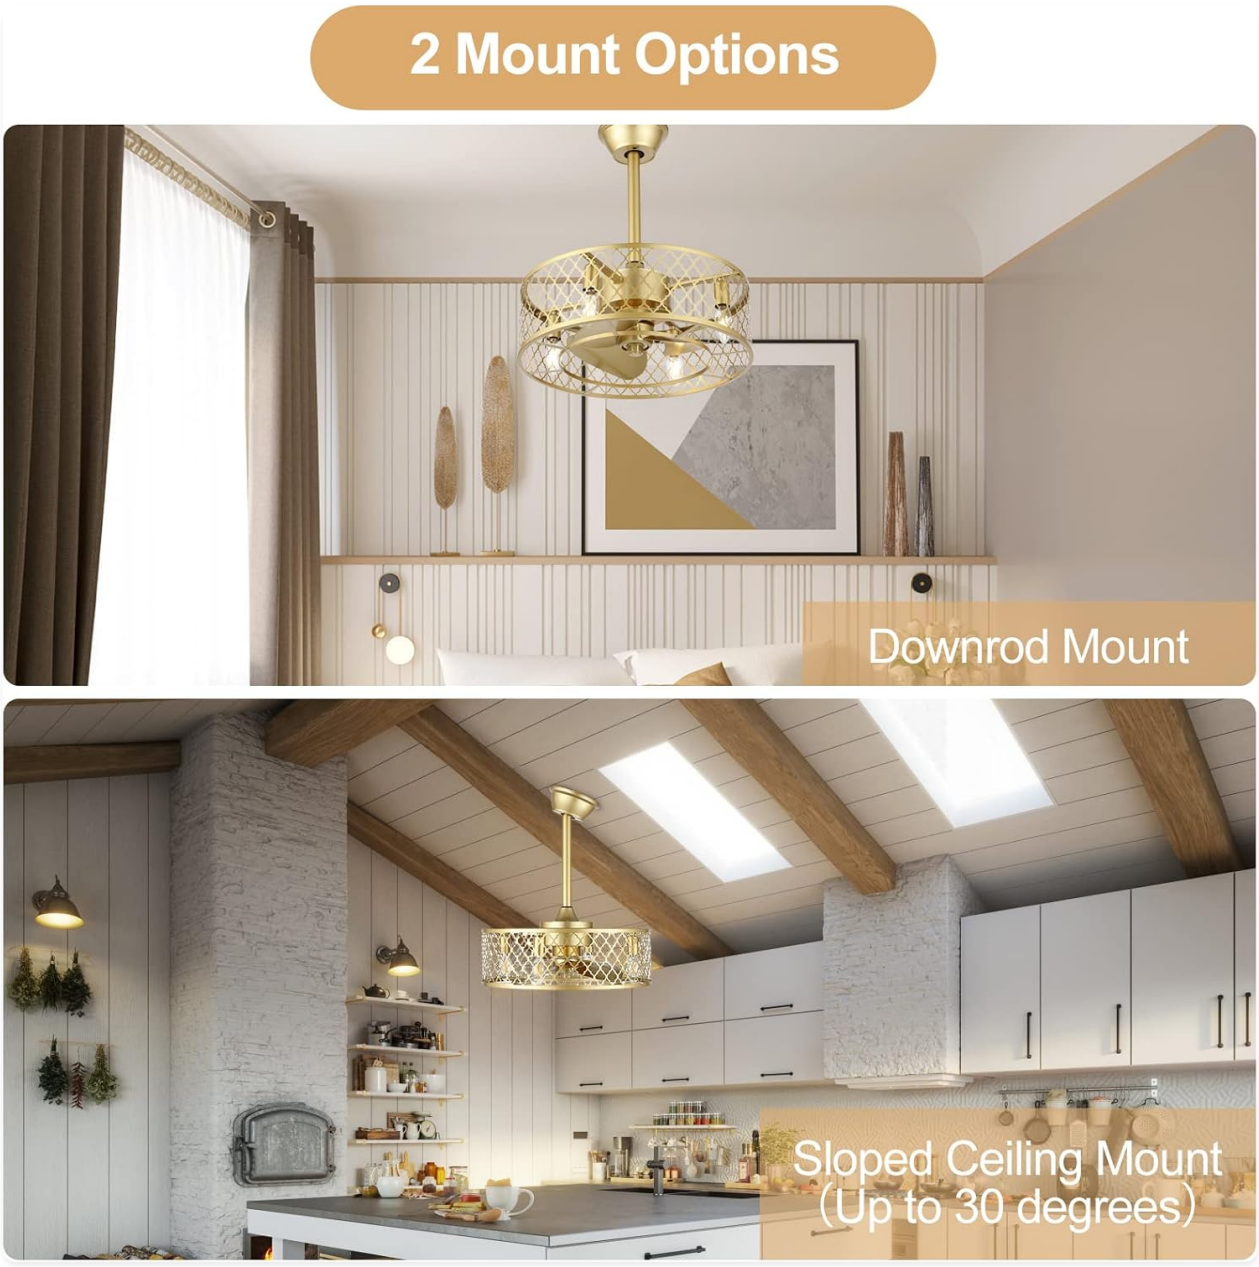

Product information

Size	17.7in	Fan Speed	3 Speed
Light Base	E26 x 4	Switch Type	Remote Control
Input Voltage	110V AC	Motor Type	Reversible
Wattage	35W	Material	Metal Iron + ABS

Product dimensions and downrod options for installation.

Mounting Options:

The fan supports both standard downrod mount and sloped ceiling mount (up to 30 degrees). Select the appropriate downrod (5-inch or 12-inch) based on your ceiling height and desired fan clearance.

Visual representation of downrod and sloped ceiling mounting options.

Bulb Installation:

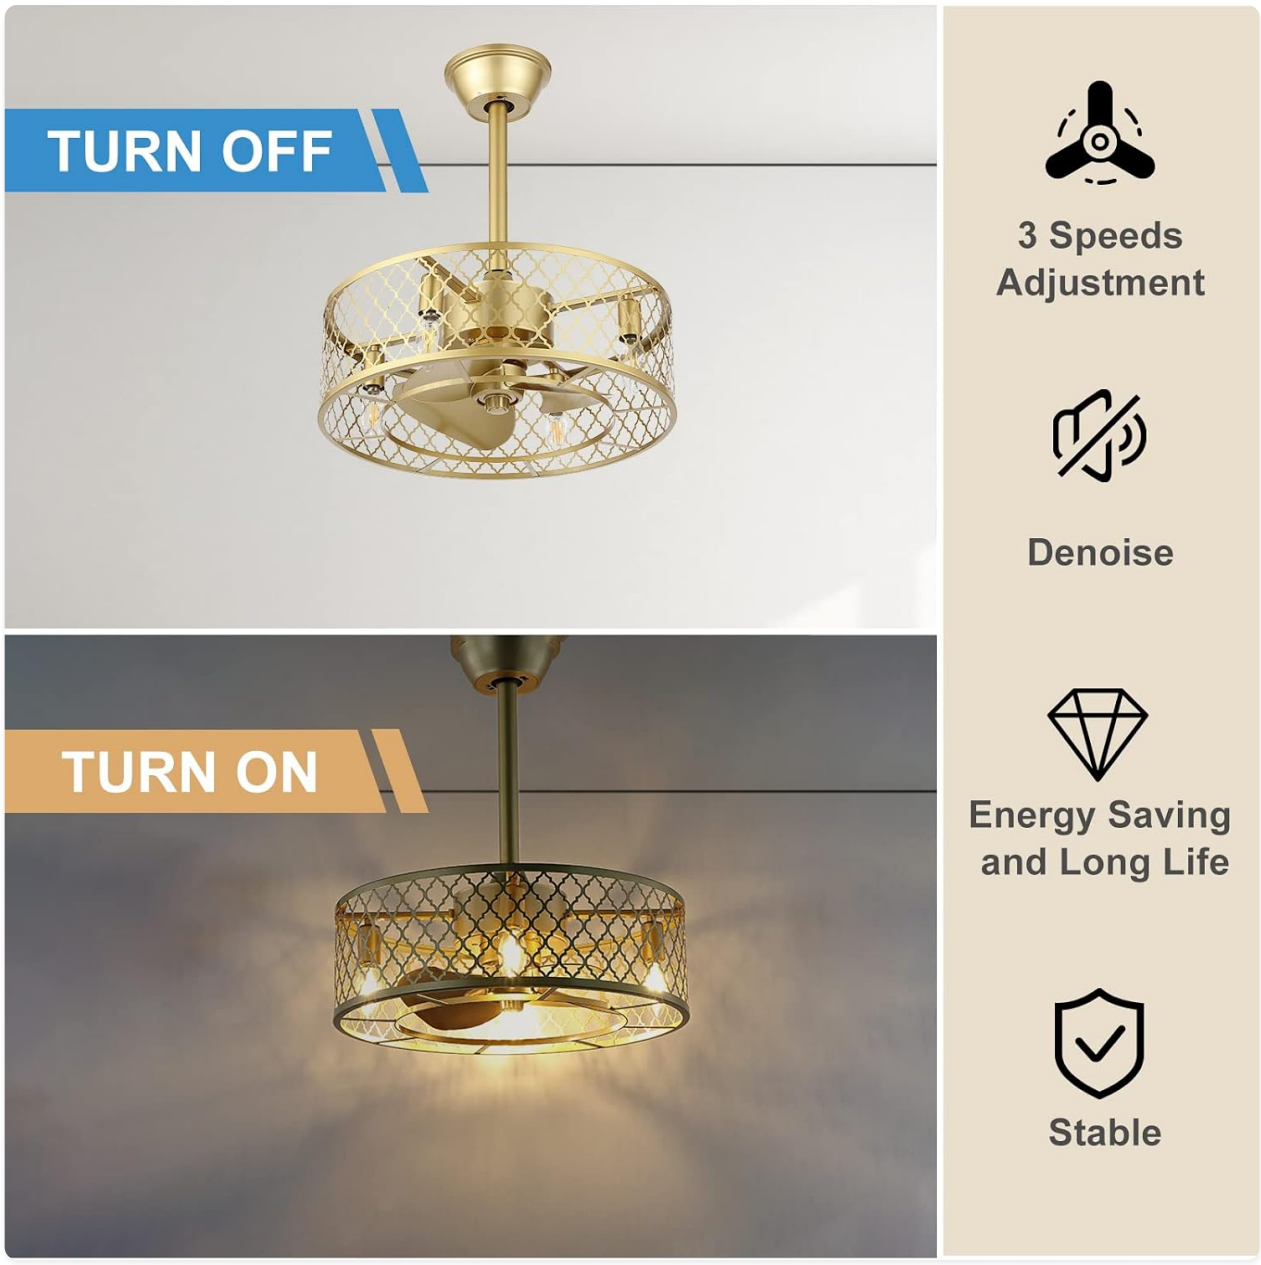

Install four E12 base bulbs (not included) into the light sockets. Ensure bulbs do not exceed the maximum wattage of 40 watts per bulb.

Operating Instructions

The WINGBO ceiling fan is operated using the included remote control. Ensure the remote has working batteries installed.

Remote Control Functions:

- **Light On/Off:** Press the light button to turn the lights on or off.
- **Fan Speed Control:** Cycle through three fan speeds (low, medium, high) using the fan speed buttons.
- **Timer Function:** Set the fan to automatically turn off after 1, 2, or 4 hours.
- **Reversible Motor:** Use the reverse button to change the direction of the fan blades. This allows for updraft mode in winter to circulate warm air and downdraft mode in summer for cooling.

Maintenance

Regular maintenance helps ensure the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Dust the fan blades and metal cage regularly with a soft, dry cloth. For more stubborn dirt, a slightly damp cloth can be used, followed by drying immediately. Do not use abrasive cleaners or solvents.
- **Bulb Replacement:** Ensure power is off before replacing bulbs. Allow old bulbs to cool before removal.
- **Tighten Fasteners:** Periodically check and tighten all screws and fasteners on the fan and mounting hardware to prevent wobbling or noise.

Troubleshooting

If you encounter issues with your WINGBO ceiling fan, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Fan does not operate / Lights do not turn on	No power supply; Remote control batteries are dead; Loose wiring connection.	Check circuit breaker and wall switch. Replace remote batteries. Verify all wiring connections are secure.
Fan makes unusual noise	Loose screws on fan housing or blades; Fan blades are unbalanced.	Tighten all screws. Ensure fan blades are securely attached and balanced.
Remote control not responding	Remote batteries are dead; Remote not paired correctly; Obstruction between remote and receiver.	Replace remote batteries. Refer to pairing instructions (if applicable, typically automatic). Ensure clear line of sight.
Fan wobbles	Loose mounting bracket; Unbalanced blades; Downrod not secured.	Ensure mounting bracket is securely fastened to the ceiling. Check and tighten all blade screws. Verify downrod is properly installed and secured.

If the issue persists after attempting these steps, please contact WINGBO customer support for further assistance.

Specifications

Feature	Detail
Brand	WINGBO
Model Name	CM02
