NexiGo Air T2

NexiGo Air T2 Ultra-Thin Wireless Earbuds User Manual

Model: Air T2 | Brand: NexiGo

1. SETUP AND FIRST USE

Follow these steps for initial setup and pairing of your NexiGo Air T2 earbuds.

Initial Charging and Preparation

Before first time use, ensure the earbuds are fully charged. The charging case is made of aviation-grade aluminum alloy for durability and lightness.

- Take the earbuds out from the charging case.
- Peel off the insulating plastic adhered to the inner bottom side of both L/R earbuds. This allows the earbuds to charge.
- Replace the earbuds into the charging case and close the cover. This action resets the earbuds and prepares them for pairing.

Pairing Instructions

The NexiGo Air T2 earbuds feature ultra-fast pairing thanks to Bluetooth 5.2 technology.

1. Open the charging case. The earbuds will automatically enter pairing mode when both earbud indicators flash blue.
2. Ensure that Bluetooth is enabled on your device (e.g., smartphone).
3. Select the Bluetooth device name "NexiGo Air T2" from your device's Bluetooth settings and tap "Pair" to connect.
4. The earphones will respond with a "Connected" voice prompt to indicate successful pairing.

Once paired, the earbuds will automatically sync and pair with your device whenever the case is opened.

Charging the Earbuds and Case

The charging case is not Qi wireless compatible. Use the provided USB-C cable for charging.

- Connect the included Type-C Charging Cable to the USB-C port on the case.
- The earbuds can last up to seven hours on a single charge. With the charging case, total playtime extends up to 28 hours.

Extraordinarily Long-Lasting Battery

28 Hour Total Playtime

7 Hour Use Time w/ Single Charge at 50% Volume

2. OPERATING THE EARBUDS

The NEXIGO Air T2 earbuds offer intuitive tap controls for various functions.

Touch Controls

Easy tap controls allow you to adjust almost every command with a few simple taps. The earbuds feature a wide tap area for convenience.

- **Double Tap (Either Earbud):** Play/Pause Music, Answer/Hang Up Phone Calls.
- **Triple Tap (Left Earbud):** Previous Track, Decline Phone Calls.
- **Triple Tap (Right Earbud):** Next Track, Decline Phone Calls.
- **Quad Tap (Either Earbud):** Activate Voice Assistant (Siri).

IPX5 Waterproof

Protects the earbuds from water and sweat, allows you to enjoy your music even in the rain or during a hard workout.

3. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your earbuds.

Cleaning

Due to the open-air design of the charging case, it may collect dust and debris. Regularly clean the case and earbuds to prevent accumulation.

- Use a soft, dry, lint-free cloth to wipe down the earbuds and the charging case.
- Avoid using abrasive materials or harsh chemicals.
- Ensure charging contacts on both earbuds and case are clean and dry.

Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged.

- Keep the case closed to prevent dust and debris from entering.
- Store in a cool, dry place away from extreme temperatures.

4. TROUBLESHOOTING

If you encounter issues with your earbuds, try the following troubleshooting steps.

Common Issues and Solutions

- **Earbuds not pairing:** Ensure the insulating plastic is removed from both earbuds. Place them back in the case, close, then reopen to re-enter pairing mode. Check your device's Bluetooth settings to ensure it's enabled and
