## Smart Watch M26 Plus

# Smart M26 Plus Smart Watch User Manual

Model: M26 Plus

## 1. INTRODUCTION

---

This manual provides essential instructions for setting up, operating, and maintaining your Smart M26 Plus Smart Watch. Please read this guide thoroughly to ensure proper use and to maximize the device's features. Keep this manual for future reference.

## 2. PRODUCT OVERVIEW

---

The Smart M26 Plus is a versatile smartwatch designed for daily use, offering a range of features to support your health, communication, and lifestyle. Key features include:

- 1.77-inch IPS Curved Touch Screen (320x385 resolution)
- Wireless Charging capability
- Bluetooth V4.2 & V3.0 for calls and connectivity
- Heart Rate, Blood Pressure, and Blood Oxygen Monitoring
- Multiple Sports Modes
- IP67 Water Resistance
- Message Notifications and Alarm Reminders
- Customizable Watch Faces and 4 Menu UI Types
- Password Lock Function
- Compatible with iOS 9.0+ and Android 5.0+

## 3. SETUP

---

### 3.1 Charging the Device

Before first use, fully charge your Smart M26 Plus Smart Watch. The device supports wireless charging.

1. Place the back of the smartwatch onto the wireless charging pad.
2. Ensure the charging pad is connected to a power source.
3. The watch display will indicate charging status. A full charge typically takes approximately 2 hours.

Figure 3.1: The M26 Plus Smart Watch being charged wirelessly.

### 3.2 Powering On/Off

- **To Power On:** Press and hold the side key until the screen lights up.
- **To Power Off:** Press and hold the side key, then select the 'Power Off' option on the screen.

### 3.3 App Installation and Pairing

The Smart M26 Plus Smart Watch uses the 'Wearfit Pro' application for full functionality and data synchronization.

1. **Download the App:** Scan the QR code in the watch manual or search for 'Wearfit Pro' in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
2. **Install and Open:** Install the app and open it on your smartphone.
3. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
4. **Pair the Device:** In the Wearfit Pro app, navigate to the device section and search for your M26 Plus Smart Watch. Select it to pair. Follow any on-screen prompts for confirmation.

# Wearfit Pro

Equipped with the new APP Wearfit Pro, a super-smart APP that integrates sports fitness, equipment management, social networking, tools, health data analysis, data storage, and health management.

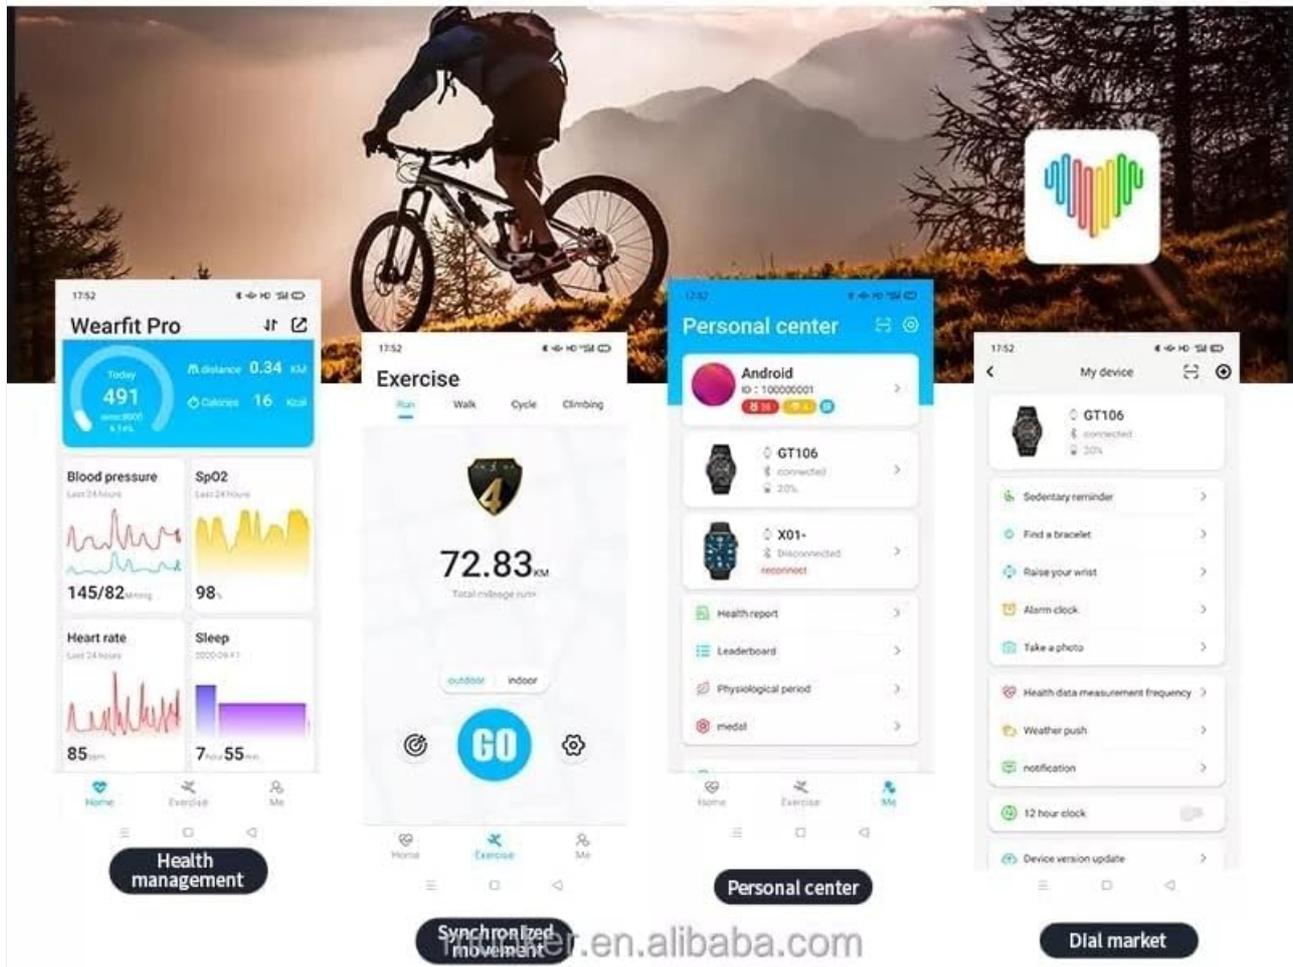

Figure 3.2: The Wearfit Pro application interface on a smartphone.

## 4. OPERATING INSTRUCTIONS

### 4.1 Basic Navigation

- **Touch Screen:** Swipe left, right, up, or down to navigate through menus and features. Tap to select.
- **Side Key:** Press to return to the home screen or wake the device. Long press for power options.

### 4.2 Customizing Watch Faces

You can change the watch face directly on the device or through the Wearfit Pro app.

- **On Watch:** Long press the home screen, then swipe left/right to browse available watch faces. Tap to select.
- **Via App:** Open the Wearfit Pro app, go to 'Dial Market' or 'Watch Face' settings to explore and apply more options.

### 4.3 Bluetooth Calls

Once paired via Bluetooth, you can make and receive calls directly from your smartwatch.

- **Making Calls:** Access the dialer on your watch, enter the number, and tap to call.
- **Receiving Calls:** When a call comes in, the watch will display the caller ID. Tap to answer or reject.

## 4.4 Notifications

Enable app notifications in the Wearfit Pro app to receive alerts for messages, social media, and other applications directly on your watch.

## 4.5 Health Monitoring

The M26 Plus Smart Watch includes sensors for monitoring various health metrics.

- **Heart Rate:** Access the heart rate monitor feature on the watch to measure your current heart rate.
- **Blood Pressure/Oxygen:** Similar to heart rate, these functions can be accessed from the watch menu.
- **Sleep Monitoring:** Wear the watch while sleeping to track your sleep patterns. Data is synchronized with the Wearfit Pro app.

*Note: Health monitoring data is for reference only and should not be used for medical diagnosis or treatment.*

## 4.6 Sports Modes and GPS Tracking

The watch supports multiple sports modes to track your activities. When connected to your phone, it can utilize the phone's GPS for precise trajectory tracking.

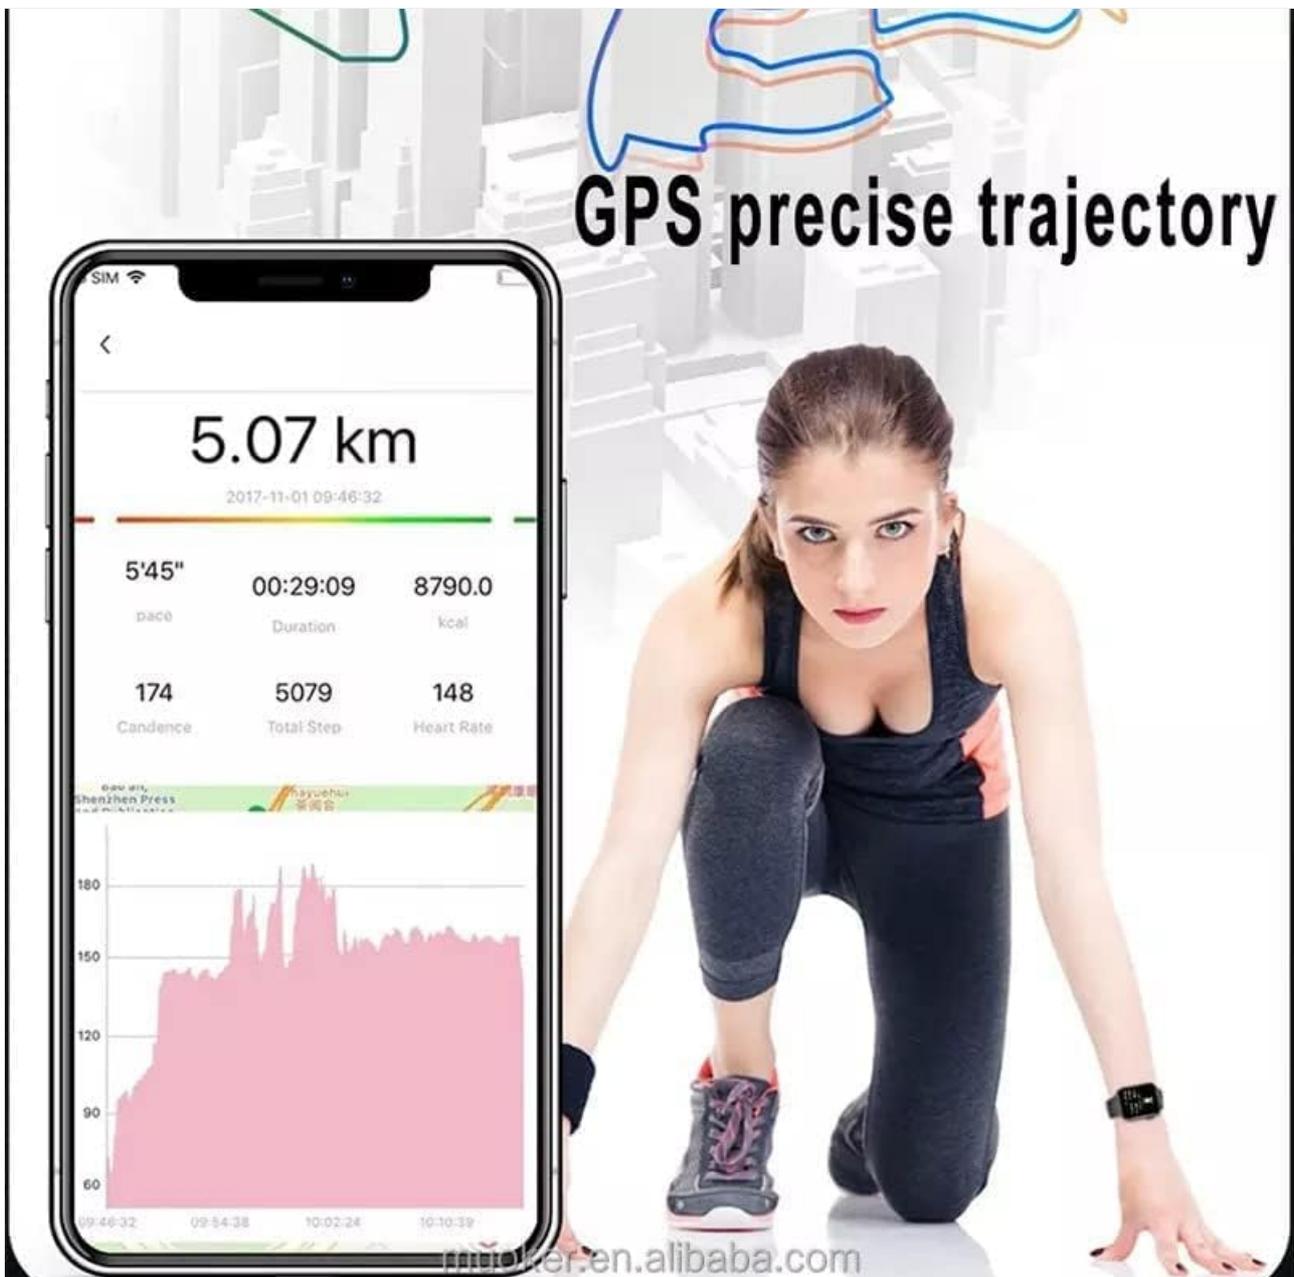

Figure 4.1: Example of GPS tracking data displayed on the watch.

# GPS precise trajectory

The GPS positioning function of the mobile phone will automatically record your movement track, during which it will record your mileage, duration, speed, consumption, etc.

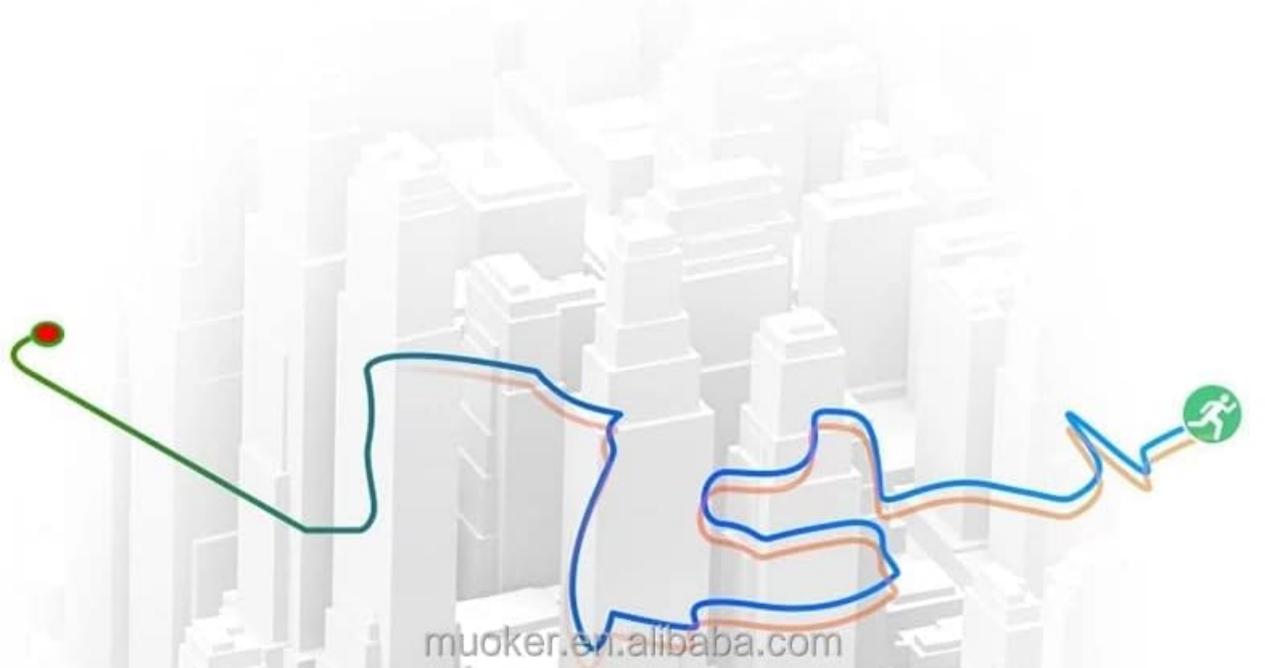

Figure 4.2: The GPS precise trajectory function records movement tracks, mileage, duration, speed, and consumption.

## 4.7 Other Features

- **Music Control:** Control music playback on your smartphone directly from the watch.
- **Weather:** View current weather conditions and forecasts.
- **Find Watch:** Use the app to locate your watch if it's within Bluetooth range.
- **Password Lock:** Set a password to protect your watch data.
- **Mini-games:** Access simple games for entertainment.

## 5. MAINTENANCE

---

### 5.1 Water Resistance (IP67)

The Smart M26 Plus Smart Watch is rated IP67 for water resistance, meaning it is protected against dust ingress and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily use, such as hand washing or light rain. However, it is not recommended for swimming, showering with hot water, or diving, as steam and high water pressure can damage the device.

### 5.2 Cleaning

Regularly clean your watch and strap to prevent skin irritation and maintain device performance.

- Wipe the screen and body with a soft, damp, lint-free cloth.

- For the silicone strap, you can use mild soap and water, then rinse thoroughly and dry completely.
- Avoid using harsh chemicals or abrasive materials.

### 5.3 Battery Care

- Avoid extreme temperatures, which can affect battery life.
- Charge the watch regularly, but avoid leaving it fully discharged for extended periods.
- Use only the provided wireless charger or a compatible wireless charging pad.

## 6. TROUBLESHOOTING

---

If you encounter issues with your Smart M26 Plus Smart Watch, refer to the following common solutions:

Issue	Possible Solution
Watch won't turn on	Ensure the watch is fully charged. Press and hold the side key for at least 10 seconds.
Unable to pair with phone	Make sure Bluetooth is enabled on your phone and the watch. Restart both devices. Ensure the Wearfit Pro app has necessary permissions.
Notifications not received	Check app notification settings in Wearfit Pro. Ensure your phone's notification access is granted to the app. Verify Bluetooth connection is stable.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch. Remember, data is for reference only.
Short battery life	Reduce screen brightness, limit frequent heart rate monitoring, and disable unnecessary notifications. Ensure background app usage is optimized on your phone.
