ASSEMBLY AND SETUP

The Madesa Agata 01 kitchen cabinet requires assembly. Please follow the included assembly manual for detailed, step-by-step instructions. All necessary hardware is provided.

- 1. Unpack Components:** Carefully unpack all parts and verify against the parts list in the assembly manual. Ensure no components are missing or damaged.
- 2. Prepare Workspace:** Choose a clean, flat, and spacious area for assembly. Lay down a blanket or cardboard to protect the furniture pieces and your floor.
- 3. Follow Manual Instructions:** Adhere strictly to the sequence and instructions provided in the dedicated assembly manual. Pay close attention to diagrams and hardware usage.
- 4. Install Adjustable Feet:** Attach the adjustable feet to the base cabinets as instructed. These allow for leveling the cabinet on uneven floors.
- 5. Mount Cabinets:** Securely mount upper cabinets to the wall and position lower cabinets. Ensure all connections are tight and stable.
- 6. Install Doors and Drawers:** Attach doors with soft-close dampers and install drawers with telescopic

slides. Adjust hinges for proper alignment.

OPERATING INSTRUCTIONS

The Madesa Agata 01 kitchen cabinet is designed for intuitive use. Here are some general operating guidelines:

- **Doors:** Gently open and close cabinet doors. The integrated soft-close dampers ensure a quiet and smooth closing action, preventing slamming.
- **Drawers:** Pull drawers open using the aluminum handles. The full-extension telescopic slides allow the drawers to extend completely, providing full access to contents. Push gently to close.
- **Tilt-Up Doors:** For cabinets with tilt-up doors, use the handle to pull the door upwards. The gas piston mechanism will assist in holding the door open. To close, gently pull the door down until it latches.
- **Adjustable Feet:** If the cabinet appears uneven, the adjustable feet can be rotated to raise or lower specific corners. This should be done during initial setup.

MAINTENANCE

Proper care and maintenance will extend the life and preserve the appearance of your Madesa Agata 01 kitchen cabinet:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn stains, use a mild, non-abrasive cleaner specifically designed for furniture. Avoid harsh chemicals, abrasive pads, or solvents, as these can damage the polyester finish.
- **Spills:** Immediately wipe up any spills, especially liquids, to prevent moisture absorption and potential damage to the engineered wood.
- **Heat and Moisture:** Avoid placing hot items directly on surfaces without protection. Protect the cabinet from excessive moisture and steam, especially around sinks and cooking areas.
- **Hardware:** Periodically check all screws, hinges, and slides to ensure they are tight. Tighten any loose hardware to maintain stability and functionality.
- **Sunlight:** Prolonged exposure to direct sunlight can cause fading. Consider using blinds or curtains to protect the cabinet from intense UV rays.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

| Problem | Possible Cause | Solution |
|---------|----------------|----------|
|---------|----------------|----------|

| Problem | Possible Cause | Solution |
|--|---|---|
| Cabinet doors are misaligned or do not close properly. | Loose hinges or improper hinge adjustment. | Tighten hinge screws. Adjust hinge screws to align the door. Refer to the assembly manual for specific hinge adjustment instructions. |
| Drawers are difficult to open or close. | Debris in slides, loose slide screws, or overloaded drawer. | Clean the telescopic slides. Tighten screws securing the slides to the cabinet and drawer. Reduce the weight in the drawer. |
| Cabinet feels wobbly or unstable. | Uneven floor or loose assembly connections. | Adjust the cabinet's feet to level it on the floor. Ensure all assembly screws are tightened securely. |
| Surface scratches or minor damage. | Accidental impact or abrasive cleaning. | For minor scratches, use a furniture repair pen or touch-up kit matching the cabinet's finish. Avoid abrasive cleaning methods. |
