2. WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- 1 x Bubble Machine
- 1 x Power Adapter Cable (Type-C)
- 2 x 50ml Bubble Concentrate
- 1 x User Manual

3. SAFETY INFORMATION

This product is intended for entertainment purposes. Please observe the following safety guidelines:

- Keep out of reach of children under 3 years old.
- Do not ingest bubble solution. In case of accidental ingestion, seek medical attention.
- Avoid direct contact of bubble solution with eyes. Rinse immediately with water if contact occurs.
- Use only recommended bubble solution. Other solutions may damage the machine or produce poor results.
- Ensure the machine is placed on a stable, level surface to prevent tipping and spillage.
- Do not operate the machine near open flames or heat sources.
- Supervise children during use.

4. PRODUCT FEATURES

- **Automatic Rotating Bubble Output:** Features 90° and 360° rotation modes, allowing bubbles to spread in multiple directions.
- **High Bubble Volume:** Generates over 4000+ bubbles per minute.
- **Rechargeable Battery:** Equipped with a large-capacity rechargeable battery for up to 5 hours of play. Charges via Type-C interface.
- **Durable and Safe Design:** Constructed from high-quality ABS material with superior toughness and rust protection. CPC Toy Safety Certified.
- **Easy to Use:** Simple two-button operation for power and rotation control.
- **Portable:** Lightweight design with an eye-catching orange handle for easy transport.
- **Visible Water Line:** Allows easy monitoring of bubble solution levels.

5. SETUP

1. **Charge the Device:** Connect the provided Type-C power adapter cable to the machine and a suitable power source (5V 2A). A full charge typically takes 3-5 hours.
2. **Prepare Bubble Solution:** The machine comes with 2 packs of 50ml bubble concentrate. Mix one 50ml concentrate with 450ml of water. Shake the solution thoroughly before use.
3. **Add Bubble Solution:** Open the water tank cover. Carefully pour the prepared bubble solution into the tank, ensuring not to exceed the visible water line to prevent overflow.

3 Add bubble concentrate

WARNING:
Liquid Inside. DO NOT Swallow.

! Note: do not fill up the water level so that there is room for backflow of the stubt.

4 Shake the machine, mix bubble concentrate and water thoroughly

6. OPERATING INSTRUCTIONS

1. **Power On/Off:** Locate the ON/OFF button on the machine. Press once to turn on the bubble machine. Press again to turn it off.
2. **Adjust Rotation:** The machine offers 90° and 360° rotation modes. Use the dedicated rotation button to switch between these modes or to keep the machine stationary.
3. **Enjoy:** Once powered on and the desired rotation is set, the machine will begin producing a continuous stream of bubbles.

7. MAINTENANCE

- **Cleaning:** After each use, empty any remaining bubble solution from the tank. Rinse the tank and bubble wands with clean water.
- **Drying:** Allow all parts to air dry completely before storing to prevent residue buildup and ensure longevity.
- **Storage:** Store the machine in a cool, dry place away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

- **No Bubbles:**
 - Ensure the battery is charged.
 - Check if the bubble solution level is sufficient.
 - Verify that the bubble solution is properly mixed (50ml concentrate to 450ml water). Undiluted or overly diluted solution may not produce bubbles effectively.

- Ensure the bubble wands are clean and free from blockages.

- **Machine Leaks:**

- Do not overfill the bubble solution tank beyond the indicated maximum line.
- Ensure the tank cover is securely closed.
- Avoid tilting or jostling the machine excessively during operation or transport.

- **Low Bubble Output:**

- Recharge the battery if it is low.
- Check the bubble solution concentration.
- Clean the bubble wands and fan area to ensure no obstructions.

9. SPECIFICATIONS

Attribute	Value
Model Number	Rbubble-05
Product Dimensions	8.3 x 5.2 x 9.3 inches
Item Weight	1.9 pounds
Recommended Age	36 months - 10 years
Battery Life	Up to 5 hours (rechargeable)
Charging Interface	Type-C (5V 2A)

3-5 Hours Fully Charged
