

Lorex Raysharp

Lorex 4K WiFi Halow Security System User Manual

Model: Raysharp

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Lorex 4K WiFi Halow 6-Channel NVR Indoor/Outdoor Security System. This system offers advanced surveillance capabilities with 4K Ultra HD resolution, wire-free battery-powered cameras, and intelligent features designed to enhance your property's security.

Key features include:

- **4K Ultra HD Visual Excellence:** Experience superior video clarity and digital zoom.
- **Color Night Vision:** Capture detailed video in color under ambient lighting, or crisp black and white with Infrared Night Vision in complete darkness.
- **Wire-Free Security:** Battery-operated cameras provide flexible placement with up to 600 motion events per charge.
- **Smart Notifications:** Receive targeted alerts with Person Detection, without recurring monthly fees.
- **2-Way Talk:** Communicate with visitors directly through the Lorex Cirrus app.
- **Private Local Storage:** Recordings are stored on the included 1TB Hard Drive, ensuring privacy and no subscription fees.

2. WHAT'S IN THE BOX

Verify that all components are present before beginning installation:

- Lorex 4K NVR (Network Video Recorder)
- 4 x Battery-Powered Wireless Cameras
- 4 x Camera Batteries
- Mounting Kits for Cameras
- NVR Power Adapter

Image: The Lorex 4K NVR unit with four battery-powered wireless cameras, illustrating the complete system components.

3. SETUP

3.1 Initial NVR Setup

1. Connect the NVR to a power source using the provided power adapter.
2. Connect the NVR to your router via an Ethernet cable for initial network configuration.
3. Connect the NVR to a monitor using an HDMI cable (not included) to complete the on-screen setup wizard.

3.2 Camera Preparation and Installation

1. **Charge Batteries:** Fully charge all camera batteries using the provided USB cables and a compatible USB power adapter (not included) before first use.
2. **Insert Batteries:** Open the battery compartment on each camera and insert the charged battery pack. Ensure it clicks into place securely.

Image: A hand demonstrates inserting a battery pack into the base of a Lorex wireless security camera.

3. **Camera Placement:** Choose optimal locations for your cameras, considering coverage area, Wi-Fi signal strength, and potential obstructions. The cameras are weatherproof (IP65 rated) for outdoor use.
4. **Mounting:** Use the provided mounting kits to securely attach cameras to walls or other surfaces. Adjust the camera angle for desired viewing.

Image: A Lorex wireless camera is shown being mounted onto an exterior wall, illustrating the installation process.

3.3 App Installation and Pairing

1. Download the **Lorex Cirrus** app from your device's app store (Google Play Store or Apple App Store).
2. Follow the in-app instructions to create an account and add your NVR system.
3. The cameras should automatically pair with the NVR once powered on and within range of the NVR's Wi-Fi Halow connection.

Premium security – no cables required

Enjoy the versatility of battery-operated cameras, losing the cables but not the coverage. This system features 4 x Battery-Operated Cameras and a wired NVR, delivering a complete view of your whole property. See the finest details with superior 4K Resolution and Color Night Vision and never miss a thing with Person Detection. Keep your recordings private and enjoy ample storage with the built-in 1TB Hard Drive with no recurring monthly fees. This system is a perfect choice if you want top-quality security with easy DIY installation.

4. OPERATING YOUR SYSTEM

4.1 Live View and Recording

Access live camera feeds and recorded footage through the Lorex Cirrus app or directly from the NVR connected to a monitor. The system records in 4K Ultra HD, providing clear visuals.

Experience Sharper Video and Superior Digital Zoom Capabilities With 4K Ultra HD

Image: A split image demonstrates the difference between standard video and 4K Ultra HD, highlighting enhanced clarity and detail.

4.2 Night Vision Modes

Your cameras are equipped with two night vision modes:

- **Color Night Vision:** Provides full-color video in low-light conditions where some ambient light is present.
- **Infrared (IR) Night Vision:** Automatically activates in complete darkness, providing clear black and white video.

Night Time Clarity With Color Night Vision

Color Night Vision

LOREX[®]

Image: A split view shows a backyard scene captured with Infrared Night Vision (monochrome) and Color Night Vision (full color).

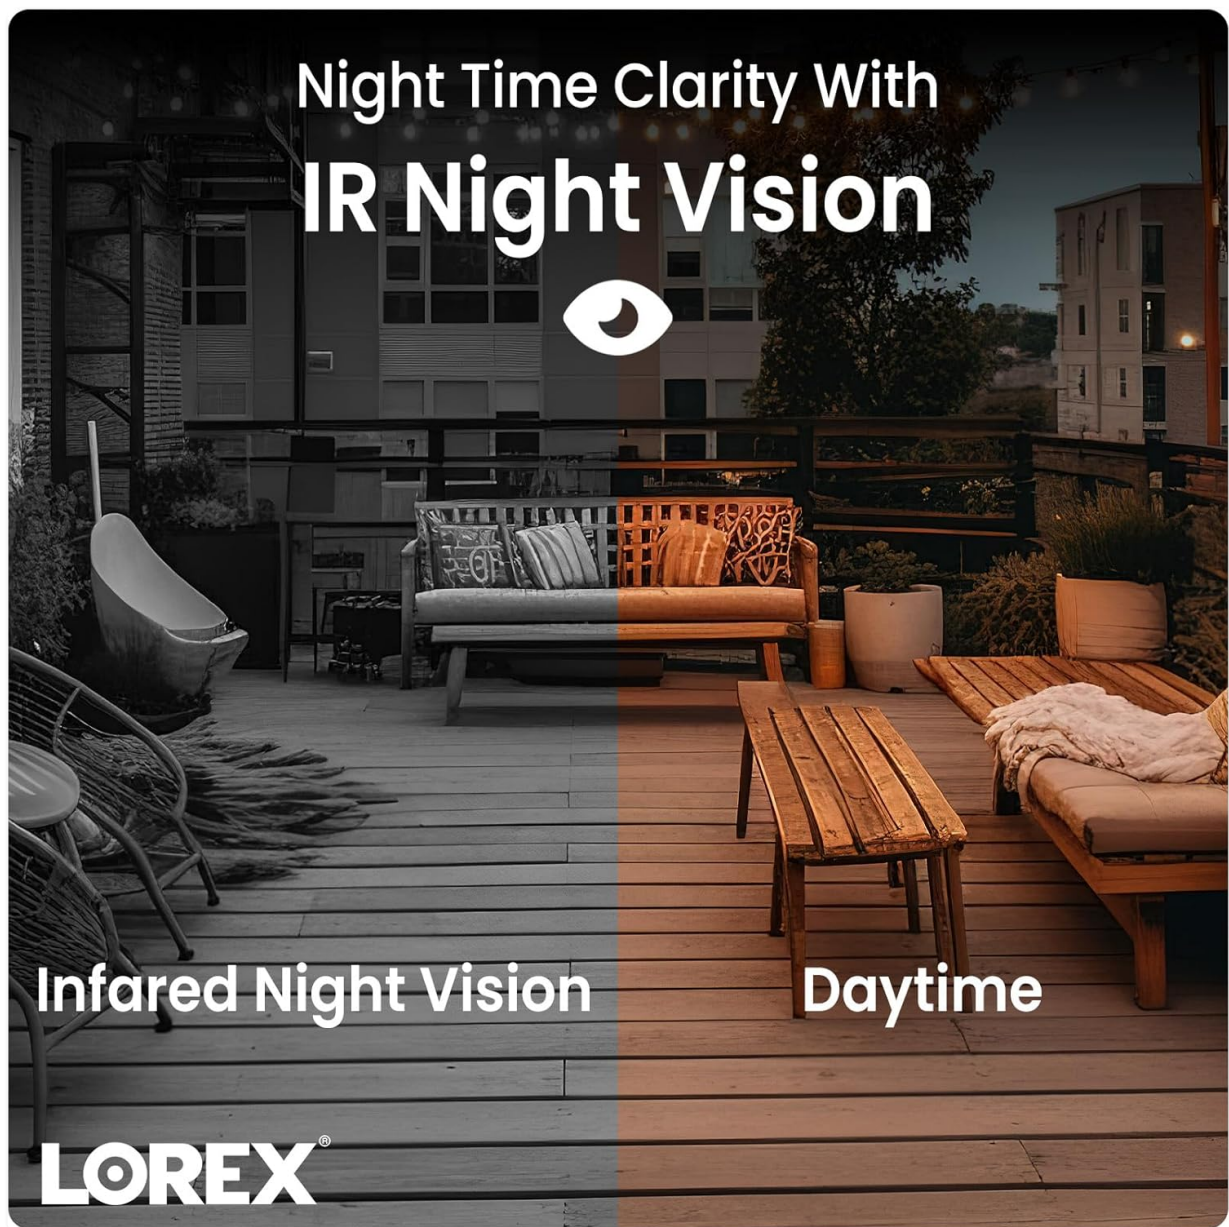

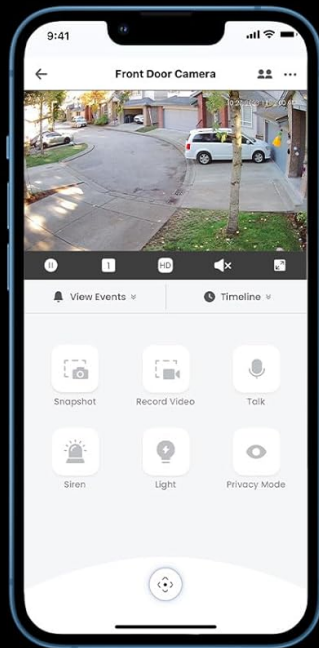

Image: A split view illustrates the difference between Infrared Night Vision (monochrome) and daytime video capture on an outdoor patio.

4.3 Smart Notifications and Person Detection

The system utilizes Person Detection to minimize false alerts. You will receive notifications on your mobile device only when a person is detected, ensuring you are informed of relevant activity.

LOREX[®]

Active Deterrence

Motion-activated LED warning lights & a remotely activated siren

Image: A smartphone screen shows the Lorex app interface with a camera view and notification icons, indicating smart alerts.

4.4 2-Way Talk

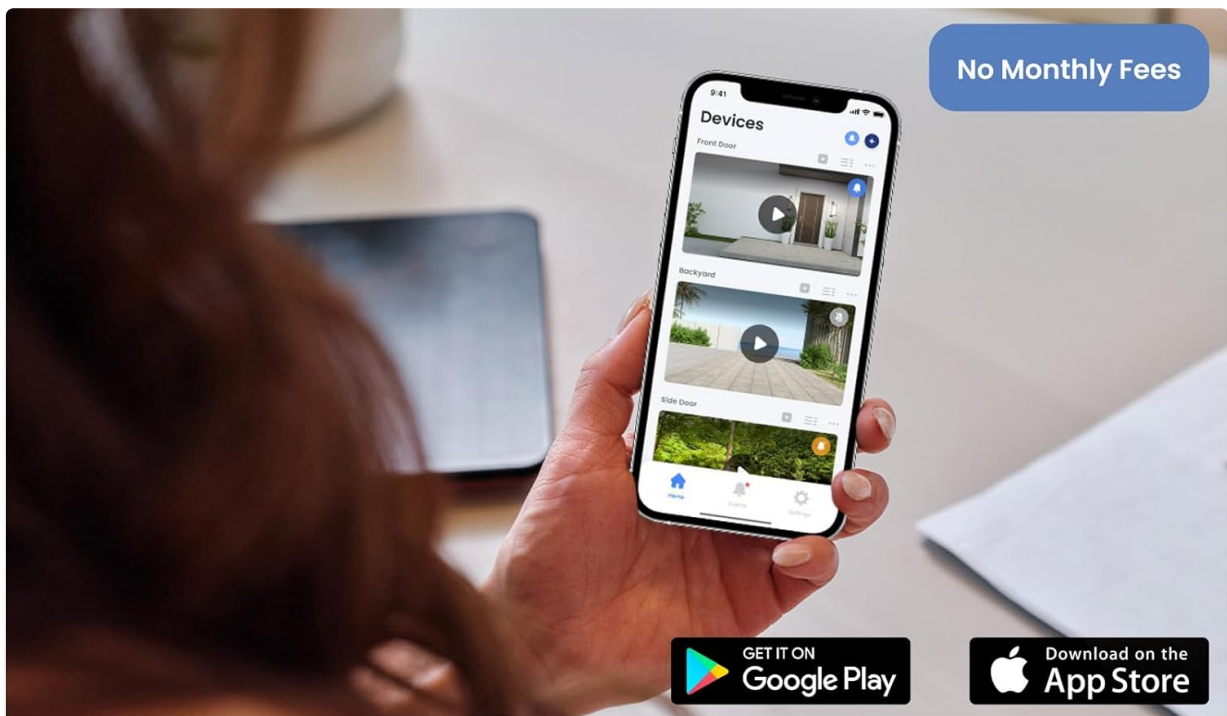

Use the Lorex Cirrus app to engage in two-way conversations through your camera. This feature allows you to speak to and hear individuals near the camera, such as delivery personnel or visitors.

Image: A delivery driver is shown at a door, with speech bubbles indicating a two-way conversation facilitated by the camera's 2-Way Talk feature.

4.5 Active Deterrence

The cameras feature motion-activated LED warning lights and a remotely activated siren. These can be used to deter unwanted visitors or draw attention to an event.

Remote viewing from your mobile with Lorex Home™

This versatile app allows you to remotely access your Lorex cameras so you can easily view live videos, customize your system settings, playback recorded motion events and more.

Image: A Lorex camera is shown with its LED warning light activated, accompanied by icons representing motion-activated lights and a siren for active deterrence.

5. MAINTENANCE

5.1 Battery Management

The wireless cameras are powered by rechargeable batteries. Battery life varies based on usage, temperature, and recording frequency. It is recommended to periodically check battery levels via the Lorex Cirrus app and recharge as needed. To recharge, remove the battery pack and connect it to a USB power source.

5.2 Cleaning

To ensure optimal performance, periodically clean the camera lenses and housing with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the camera.

5.3 Weather Resistance

The cameras are rated IP65 weatherproof, meaning they are protected against dust and low-pressure water jets. While designed for outdoor use, avoid submerging the cameras in water or exposing them to extreme weather conditions beyond their rating.

Speak with Ease

Hear and speak directly to visitors through the camera using the Lorex Cirrus app with 2-Way Talk.

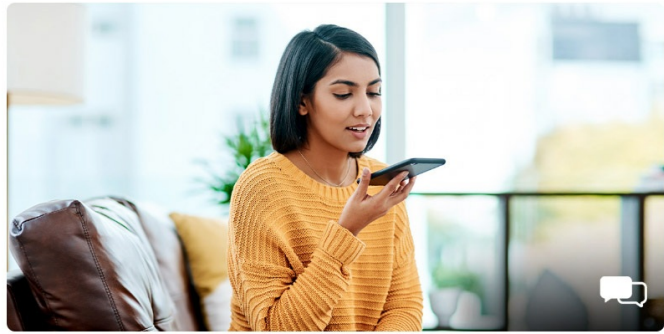

Image: A Lorex camera is shown outdoors with water droplets, accompanied by an IP66 weatherproof icon, indicating its resistance to elements.

6. TROUBLESHOOTING

6.1 No Video/Offline Cameras

- **Check Power:** Ensure the NVR is powered on and cameras have charged batteries.
- **Wi-Fi Connection:** Verify that the NVR is connected to your network and cameras are within range of the NVR's Halow Wi-Fi signal. Obstructions can affect signal strength.
- **Reboot:** Try restarting the NVR and cameras.
- **Re-pair Cameras:** If a camera consistently loses connection, try re-pairing it with the NVR through the app settings.

6.2 Short Battery Life

- **Motion Events:** Frequent motion detection and recording will consume battery faster. Adjust motion sensitivity and recording zones in the app.
- **Live View Usage:** Excessive use of live view drains battery quickly.
- **Temperature:** Cold temperatures can reduce battery performance.
- **Charging:** Ensure batteries are fully charged using a reliable power source.

6.3 Excessive/Irrelevant Notifications

- **Person Detection:** Ensure Person Detection is enabled and configured correctly in the app.
- **Motion Zones:** Adjust motion detection zones to exclude areas with frequent, irrelevant movement (e.g., public sidewalks, trees swaying).
- **Sensitivity:** Lower the motion sensitivity setting in the app.

6.4 App Issues

- **Update App:** Ensure your Lorex Cirrus app is updated to the latest version.
- **Internet Connection:** Verify your mobile device has a stable internet connection.
- **Reinstall App:** If issues persist, try uninstalling and reinstalling the app.

7. SPECIFICATIONS

Feature	Detail
Model Name	L85591-8AA4B-E
Item Model Number	Raysharp
Indoor/Outdoor Usage	Outdoor
Connectivity Protocol	Wi-Fi
Wireless Communication Technology	Wi-Fi
Video Capture Resolution	4K (Recording at 2K)
Number of Channels	6-Channel NVR (4 cameras included)
Power Source	Corded Electric (NVR), Battery (Cameras)
Batteries Required	Yes, 4 Lithium Ion batteries (included)
Low Light Technology	Night Color
Alert Type	Motion Only (with Person Detection)
International Protection Rating	IP65
Item Dimensions (L x W x H)	6.7 x 2.5 x 8.6 inches
Item Weight	11.18 pounds
Manufacturer	Lorex

8. WARRANTY AND SUPPORT

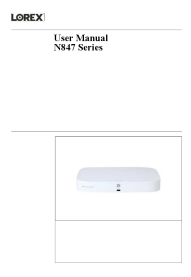

For warranty information, technical support, and additional resources, please visit the official Lorex website or contact Lorex customer service. You can also find support and product information on the [Lorex Store on Amazon](#).

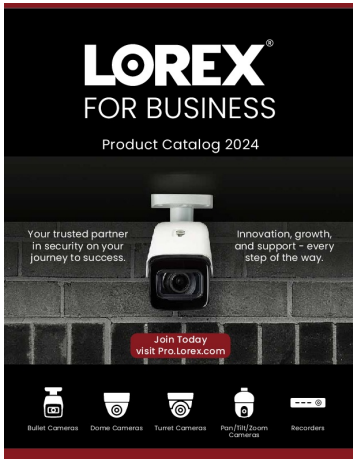

Keep your proof of purchase for warranty claims.
