DAHONPA F-16

DAHONPA F-16 Fighting Falcon Building Bricks Set Instruction Manual

Model: F-16 | Brand: DAHONPA

INTRODUCTION

This instruction manual provides guidance for assembling and understanding the DAHONPA F-16 Fighting Falcon Building Bricks Set. This set allows you to construct a detailed model of the F-16 fighter jet using 520 high-quality ABS plastic pieces. Please read through these instructions carefully before beginning assembly.

SETUP AND ASSEMBLY

Follow these general steps to assemble your DAHONPA F-16 Fighting Falcon model. Refer to the included printed instructions for detailed, step-by-step guidance.

- 1. Unpack Components:** Carefully open the packaging and lay out all the building brick bags. Verify that all 520 pieces are present according to the parts list in your printed manual.
- 2. Sort Pieces:** For easier assembly, sort the bricks by color, size, or type. This will help in quickly locating the required pieces for each step.
- 3. Follow Instructions:** Begin assembly by following the numbered steps in the provided instruction booklet. Pay close attention to the diagrams and ensure each piece is securely connected.
- 4. Assemble Main Fuselage:** Start with the core structure of the aircraft, building outwards.
- 5. Attach Wings and Tail:** Securely connect the wings and tail sections to the main fuselage.
- 6. Install Cockpit and Landing Gear:** Integrate the transparent cockpit canopy and the functional landing gear. The landing gear is designed for stability and the front wheel can turn for ground maneuverability.
- 7. Add Weapon Systems and Details:** Attach the missiles and other detailed components to complete the model. These accessories are designed to be detachable and reloaded.

OPERATING THE MODEL

Once assembled, your F-16 model offers several interactive features:

- **Landing Gear:** The model features sturdy landing gear with wheels that can roll forward. The front wheel is designed to turn, allowing for simulated ground movement.
- **Cockpit Canopy:** The transparent cockpit canopy can be opened to view the detailed interior.
- **Weapon Systems:** The missiles attached to the wings are detachable and can be reloaded, adding to the play experience.
- **Twin Vertical Fin:** The outer wings of the twin vertical fin can be folded.

MAINTENANCE

To ensure the longevity and appearance of your DAHONPA F-16 model, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the model with care, especially when moving or adjusting parts, to prevent accidental detachment of bricks.

TROUBLESHOOTING

If you encounter any issues during assembly or with the completed model, refer to the following common solutions:

- **Missing Pieces:** If you find any missing pieces in your set, please contact the seller directly. Provide details of the missing components, and the seller will arrange for replacement parts to be shipped to you.
- **Loose Connections:** Ensure all bricks are firmly pressed together. If a section feels loose, re-examine the corresponding steps in the instruction manual to confirm correct placement.
- **Parts Not Fitting:** Double-check that you are using the correct pieces for each step. Sometimes similar-looking bricks can be confused.

SPECIFICATIONS

Brand	DAHONPA
Model Number	F-16
Number of Pieces	520
Material	Original ABS material, durable plastic kits
Assembled Dimensions (Approx.)	38cm (14.96in) length x 28cm (11in) width x 11.79cm (4.64in) height
Item Weight	1.25 pounds
Recommended Age	8 years and up

PRODUCT SIZE

SIZE: 38cm/14.96in*28cm/11in*11.79cm/4.64in

PCS: 521

AGE: 8+
