## YHAYHO HT-990T2

# YHAYHO HT-990T2 Rotary Electric Head Shaver User Manual

Model: HT-990T2

## INTRODUCTION

---

This manual provides instructions for the safe and effective use of your YHAYHO HT-990T2 Rotary Electric Head Shaver. Please read all instructions carefully before using the product and retain this manual for future reference.

The YHAYHO HT-990T2 is a multifunctional grooming kit designed for men, featuring a 6D floating rotary shaver head and various interchangeable attachments for comprehensive grooming needs.

## PRODUCT OVERVIEW

---

The YHAYHO HT-990T2 grooming kit includes the main shaver unit and several attachments to cater to different grooming requirements.

Figure 1: YHAYHO HT-990T2 Rotary Electric Head Shaver and included accessories.

## Components:

- **Electric Shaver Main Unit:** Features a 6D floating rotary head for close shaving.
- **Replacement Shaving Heads (x2):** Additional rotary shaver heads for extended use.
- **Precision Trimmer:** For detailing and shaping.
- **Nose and Ear Trimmer:** For removing unwanted hair.
- **Limit Combs (3/5/7mm):** For use with the precision trimmer to achieve desired hair lengths.
- **Soft Facial Sponge:** For facial cleansing or applying shaving cream.
- **Facial Cleansing Brush:** For deep facial cleaning.
- **USB Charging Cable:** For recharging the device.

**5 in 1** Upgrade → **7 in 1**

Two replacement heads are easy to replace at any time, keeping the blades sharp for a comfortable shave.

## SAFETY INFORMATION

### **WARNING: To reduce the risk of burns, electrocution, fire, or injury to persons:**

- Do not submerge the charging cable or adapter in water.
- Keep the device out of reach of children.
- Unplug the shaver before cleaning with running water.
- Do not use the shaver if it is damaged or malfunctioning.
- Do not disassemble the device. Contact customer support for repairs.
- Use only the provided USB charging cable.
- Avoid using the shaver on irritated skin, open wounds, or infections.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

## SETUP

## 1. Initial Charging:

Before first use, fully charge the shaver. Connect the USB charging cable to the shaver's charging port and to a compatible USB power source (e.g., computer, power bank, car charger, or wall adapter). The LED display will indicate charging status. A full charge takes approximately 2 hours.

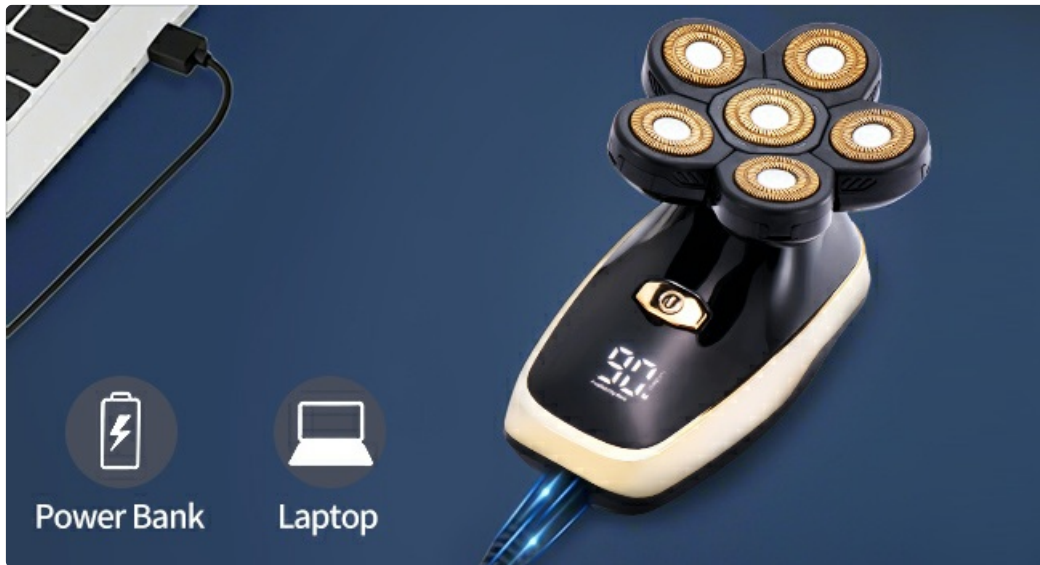

Figure 4: Charging the shaver via USB.

## 2. Attaching/Changing Heads:

To attach or change a grooming head, align the desired attachment with the main unit and gently twist or push until it clicks securely into place. To remove, twist or pull the attachment off the main unit.

## OPERATING INSTRUCTIONS

### 1. Power On/Off:

Press the power button once to turn the shaver on. Press it again to turn it off.

### 2. Travel Lock Function:

To activate the travel lock, press and hold the power button for 3 seconds. The lock icon will appear on the LED display. To deactivate, press and hold the power button for 3 seconds again.

### 3. Shaving (Rotary Head):

- **Dry Shave:** Ensure your skin is clean and dry. Move the shaver in small, circular motions over the area to be shaved.
- **Wet Shave:** Apply shaving foam or gel to your skin. Move the shaver in small, circular motions. The waterproof design allows for use in the shower.

Figure 6: The shaver supports both wet and dry shaving.

#### 4. Using Other Attachments:

- **Precision Trimmer:** Use for sideburns, beard lines, or other detailing. Attach the desired limit comb (3/5/7mm) for specific lengths.
- **Nose and Ear Trimmer:** Gently insert the trimmer into the nostril or ear canal and move it in a circular motion to trim unwanted hair.
- **Facial Cleansing Brush/Sponge:** Attach the brush or sponge head. Apply your preferred cleanser or soap and gently move the device over your face in circular motions.

Figure 7: Demonstrating the use of multiple attachments.

## MAINTENANCE

---

### 1. Cleaning the Shaver Head:

Regular cleaning ensures optimal performance and hygiene. The LED display will show a cleaning reminder when necessary.

1. Turn off the shaver.
2. Detach the rotary shaver head from the main unit.
3. Open the individual blades by gently prying them open (refer to Figure 8).
4. Rinse the shaver head and individual blades under running water to remove hair clippings and debris.
5. Allow all parts to air dry completely before reassembling.

## WHOLE BODY WATERPROOF

### How to clean the blade

Figure 8: Steps for cleaning the waterproof shaver head.

### 2. Cleaning Other Attachments:

Rinse the precision trimmer, nose/ear trimmer, facial sponge, and cleansing brush heads under running water after each use. Ensure they are dry before storing.

### 3. Blade Replacement:

The shaver comes with two replacement shaving heads. Replace the shaver head every 6-12 months, or sooner if you notice reduced performance or discomfort. To replace, simply remove the old head and snap on a new one.

## TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|---------|----------------|----------|
|---------|----------------|----------|
