

## Geniteen G-0034

# Geniteen Louvre Micro Building Blocks Set (Model G-0034) Instruction Manual

Comprehensive guide for assembly, care, and troubleshooting.

## 1. INTRODUCTION AND PRODUCT OVERVIEW

This instruction manual provides detailed guidance for assembling and maintaining your Geniteen Louvre Micro Building Blocks Set, Model G-0034. This set allows you to construct a detailed replica of the world-renowned Louvre Museum, comprising 3377 micro building blocks.

The assembly process is designed to enhance coordination, patience, and cognitive skills. It is also an engaging activity for families to complete together, fostering communication and shared accomplishment.

## 2. SAFETY INFORMATION

This product contains small parts and is intended for individuals aged **15 years and up**. Due to the small

size of the building blocks, there is a potential choking hazard for young children. Please keep all components out of reach of children under 3 years of age.

Ensure all parts are handled carefully during assembly to prevent accidental ingestion or injury.

### 3. PACKAGE CONTENTS

---

Upon opening the package, please verify that all components are present. The box should contain:

- 3377 Micro Building Blocks (various shapes and colors)
- Instruction Manual (this document)
- Separation Tool (typically found in one of the numbered bags)

## Premium Gift Box

## 4. ASSEMBLY INSTRUCTIONS

Assembly of the Geniteen Louvre Micro Building Blocks Set requires careful attention to detail due to the small size of the components. Follow the steps outlined in the included instruction booklet for a successful build.

### 4.1 Preparation

1. **Clear Workspace:** Ensure you have a clean, well-lit, and stable surface to work on.
2. **Sort Components:** The building blocks are typically divided into several numbered bags. It is recommended to sort the pieces by color and type before beginning assembly to streamline the process.
3. **Review Instructions:** Familiarize yourself with the instruction booklet provided. Pay close attention to the visual diagrams and step-by-step guidance.
4. **Tools:** While not included, a pair of fine-tipped tweezers can be helpful for manipulating the small micro blocks. The included separation tool can assist in correcting errors.

### 4.2 Assembly Process

- **Follow Step-by-Step:** Proceed through the instruction booklet sequentially. Each step builds upon

the previous one.

- **Firm Connections:** Apply firm, even pressure when connecting blocks. Some micro blocks may require more force to snap into place securely.
- **Attention to Detail:** The intricate design of the Louvre model requires precise placement of each block. Double-check each step before proceeding.
- **Breaks:** If you experience frustration, take a break and return to the assembly later. This can help maintain focus and prevent errors.

## 5. USAGE AND DISPLAY

Once assembled, your Geniteen Louvre Micro Building Blocks Set is designed for display. Place the finished model on a stable surface such as a desk, bookshelf, or display cabinet. The intricate details make it a suitable decorative piece and a conversation starter.

Avoid placing the model in direct sunlight or in areas with extreme temperature fluctuations to preserve the integrity of the plastic blocks.

## 6. MAINTENANCE AND CARE

To keep your Louvre model in optimal condition, follow these simple maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft-bristled brush. For more thorough cleaning, a slightly damp cloth can be used, but avoid excessive moisture.
- **Avoid Chemicals:** Do not use harsh chemical cleaners, abrasive materials, or solvents, as these can damage the plastic blocks.
- **Storage:** If disassembling for storage, keep all blocks in a sealed container to prevent loss and protect them from dust and damage.

## 7. TROUBLESHOOTING

### 7.1 Missing Pieces

If you discover any missing pieces during assembly, please contact Geniteen customer support. We are committed to ensuring your satisfaction and will arrange to resend the necessary components to you.

Figure 7: Information regarding support for missing components.

### 7.2 Difficulty Connecting Blocks

- **Apply Pressure:** Some micro blocks require firm pressure to connect properly. Ensure they are fully seated.

- **Check Alignment:** Verify that the blocks are correctly aligned before attempting to connect them.
- **Use Tools:** If a connection is particularly tight, a separation tool or tweezers can assist in aligning or pressing blocks together.

### 7.3 Unstable Sections

- **Re-evaluate Steps:** Review the instruction booklet to ensure all previous steps were completed correctly.
- **Base Stability:** For enhanced stability, particularly on lower levels or complex sections, some builders opt to use a small amount of plastic model glue to secure critical connections. This is an optional step and should be performed with caution.

## 8. PRODUCT SPECIFICATIONS

<b>Model Number</b>	G-0034
<b>Brand</b>	Geniteen
<b>Number of Pieces</b>	3377
<b>Recommended Age</b>	15 years and up
<b>Assembled Dimensions (Approx.)</b>	9.5 inches (Length) x 5 inches (Height)
<b>Package Dimensions</b>	11.93 x 8.5 x 2.13 inches
<b>Item Weight</b>	1.68 pounds
<b>Material</b>	Durable Plastic
