5. OPERATING INSTRUCTIONS

Adjusting the Headboard Height:

The upholstered headboard of your Allewie bed frame is adjustable to accommodate various mattress thicknesses and personal preferences. It offers three height levels:

- **Level 1:** 32.3 inches
- **Level 2:** 34.3 inches
- **Level 3:** 36.3 inches

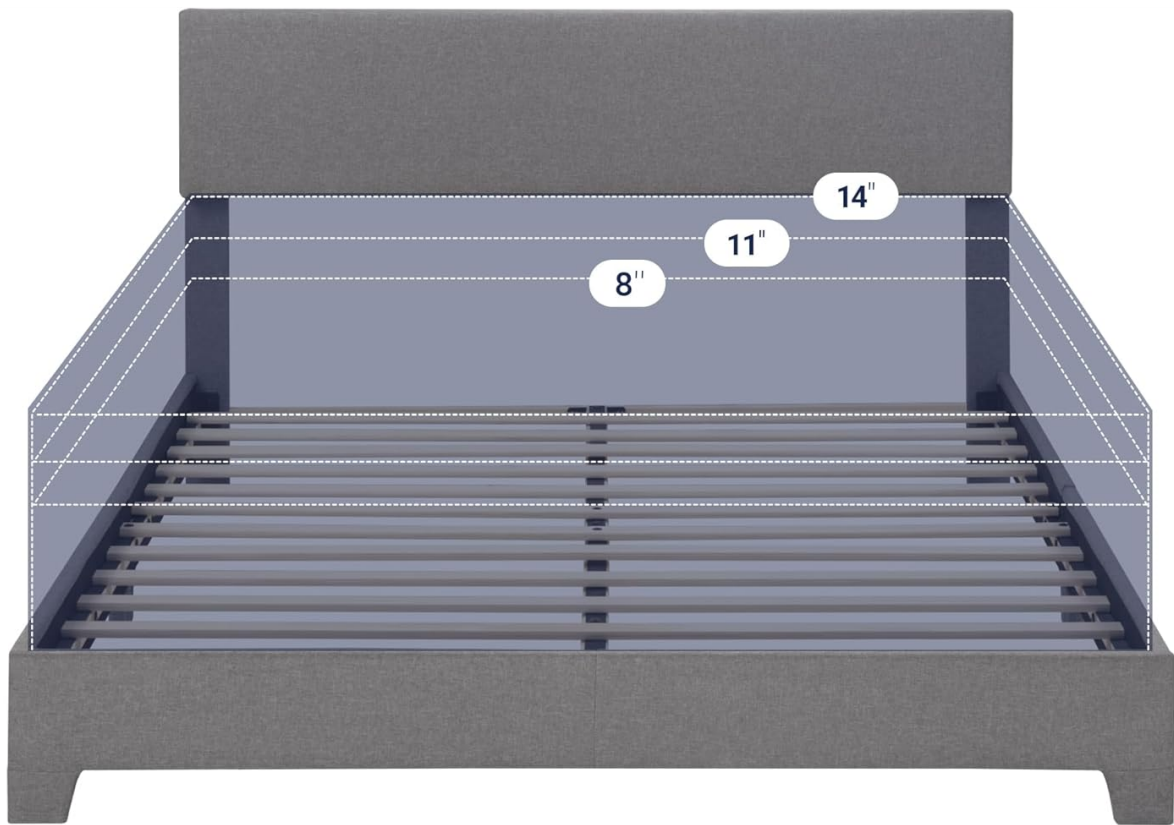

To adjust the headboard height, loosen the bolts connecting the headboard to the frame, slide the headboard to your desired height, and then securely re-tighten the bolts. This feature allows the bed frame to comfortably accommodate mattresses between 8 and 14 inches thick.

Structural Care:

- Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain the frame's stability and prevent squeaking.
- The bed legs are equipped with rubber pads to prevent scratching your floor. Ensure these pads are intact

and in place.
