

BILITOK TOK-989

BILITOK Zero Gravity Full Body Massage Chair Recliner Instruction Manual

Model: TOK-989 | Brand: BILITOK

INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use of your BILITOK Zero Gravity Full Body Massage Chair Recliner. Designed for ultimate relaxation, this chair features heat therapy, Bluetooth audio, air compression massage, and foot rollers, all controlled via an intuitive touch screen.

IMPORTANT SAFETY INFORMATION

WARNING:

This massage chair is intended for users weighing less than 300 pounds (136 kg) and no taller than 6.1 feet (185 cm). Exceeding these limits may result in injury or damage to the product.

SETUP AND ASSEMBLY

Your BILITOK massage chair is delivered in two boxes for easier handling. The internal structure is designed for straightforward assembly. While the process is simple, it is recommended to have assistance due to the chair's weight and size.

Minimum Doorway Size: Ensure your doorway is at least 35 inches (89 cm) wide for transport.

Figure 1: Chair dimensions and recommended doorway size for assembly.

Refer to the included assembly guide for detailed step-by-step instructions. Connect all cables securely and ensure the chair is placed on a stable, level surface.

OPERATING INSTRUCTIONS

The massage chair features a smart touchscreen control panel for easy operation. Familiarize yourself with the various functions to customize your massage experience.

2-IN-1 PHONE HOLDER

- Release hands to enjoy massage
- Large screen touch control

360° rotation

Stable and durable

Wireless bluetooth

Figure 2: Smart Touchscreen Control Panel.

Zero Gravity Function

Experience a weightless sensation by activating the Zero Gravity function. This position elevates your feet above your heart, reducing spinal pressure and improving circulation.

ZERO GRAVITY DESIGN

It will remain hovering after the massage

Figure 3: Zero Gravity Recline Positions.

Video: Demonstrates the Zero Gravity function of the massage chair, showing a user reclining into the weightless position and controlling it via the touchscreen.

Full Body Massage

The chair offers a comprehensive massage experience with 8 fixed rollers and multiple airbags.

- **Rollers:** Target neck, back, and waist. Choose from 5 preset automatic modes.
- **Air Compression Massage:** Airbags in shoulders, arms, and legs provide full-body compression.
- **Heat Therapy:** Built-in heating in the waist and leg areas activates in 3 minutes to promote blood circulation and relieve muscle soreness.

FULL BODY AIRBAGS

Effectively relieve fatigue and meet various needs.

FOOT ROLLER MASSAGE

Airbags squeezing and rollers scraping

Leg Retraction

5inch

Figure 5: 8 Massage Rollers for Customized Massage.

Foot Roller Massage

The retractable footrest includes a foot roller massage function for deep, soothing foot relief. It can extend up to 5 inches to accommodate different user heights.

8 MASSAGE ROLLERS

Providing a massage customized just for you and release full body fatigue

Figure 6: Foot Roller Massage and Leg Retraction.

Bluetooth Audio Player

Enhance your relaxation by connecting your device via Bluetooth to the chair's built-in audio player. Enjoy your favorite music during your massage session.

EASY SMART CONTROL

- Suitable for different operating environments
- Easy-care and high-end leather

Figure 7: 2-in-1 Phone Holder and Bluetooth Connectivity.

MAINTENANCE

To ensure the longevity and optimal performance of your massage chair, regular maintenance is recommended.

- **Cleaning:** Wipe clean with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.

- **Removable Parts:** The majority of the chair's covers are removable for easier cleaning.
- **Storage:** When not in use for extended periods, store the chair in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

If you encounter any issues with your massage chair, please refer to the following common solutions before contacting support.

Problem	Possible Cause / Solution
Chair not powering on	Ensure the power cord is securely plugged into a working outlet. Check the on/off switch located near the power input.
Massage rollers not moving (specific area)	Verify that the specific massage mode is selected on the touchscreen. If only one roller is not working, it may indicate a mechanical issue requiring service.
Airbags not inflating/deflating	Check air pressure settings on the control panel. Ensure no obstructions are blocking the airbags.
Zero Gravity function not engaging	Ensure the chair is not obstructed from reclining. Press the "Zero-G" button firmly on the control panel.

For persistent issues, please contact BILITOK customer support.

PRODUCT SPECIFICATIONS
