GEAMENT 10256N

GEAMENT LED Lighting Kit for Creator 10256 Taj Mahal Model

Model: 10256N | Brand: GEAMENT

INTRODUCTION

This instruction manual provides detailed guidance for installing and operating your GEAMENT LED lighting kit, specifically designed for the Creator 10256 Taj Mahal building model. This kit enhances the visual appeal of your model with integrated lighting. Please read all instructions carefully before beginning installation.

Important Note: This product includes only the LED lighting kit. The Creator 10256 Taj Mahal building model is NOT included and must be purchased separately.

Important: this item only includes lighting kit,

NOT MODEL SET

Wichtig: Dieser Artikel enthält nur Beleuchtungsset,

Nicht Modell-Set

Belangrijk: dit item omvat alleen verlichting kit,

Niet Bouwsteenmodel

¡Nota importante: este producto sólo contiene kits de iluminación,

Juego Modelo No Incluido

Important: cet article ne contient que des kits d'éclairage,

Pas de Jouets en Blocs

Importante: questo articolo include solo kit di illuminazione,

Non Modello Set

This image clarifies that only the lighting kit is included, not the building model.

SAFETY WARNINGS

- This product contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- Recommended age for installation and use is 15 years and older.
- Handle wires and LED components with care to avoid damage. Do not bend or crimp wires excessively.
- Ensure the power source (USB) is appropriate for the kit's voltage requirements.
- Do not expose the lighting kit to water or extreme temperatures.

PACKAGE CONTENTS

Upon opening the package, verify that all components are present and undamaged. The kit typically includes:

- Various LED light strings and individual LEDs
- Connecting cables and expansion boards
- USB power cable

- Battery box (for optional power, batteries not included)
- Small building blocks for integration
- Simple user manual with instructions to download detailed PDF installation guide

Please note: This product only contains the following items and installation instruction, not LEGO set!

This image displays the components included in the lighting kit.

SETUP INSTRUCTIONS

The installation process involves integrating the LED components into your completed Creator 10256 Taj Mahal model. It is recommended to complete the building model first before installing the lighting kit.

Each kit comes with a basic user manual. For detailed, step-by-step PDF installation instructions, please follow the guidance provided in the included manual to download the comprehensive guide. This guide will illustrate how to carefully disassemble specific sections of your model, integrate the lights, and reassemble them.

Installation Tips:

- Work in a well-lit area.
- Use small tools (tweezers, brick separator) if necessary.
- Be gentle when handling wires and connectors to prevent damage.

- Test connections periodically during installation to ensure lights are functioning.

Lighting Effect Examples:

Overall illuminated Taj Mahal model.

Close-up of an illuminated tower.

Illuminated base and arches.

Illuminated dome and surrounding structures.

OPERATING INSTRUCTIONS

Once the lighting kit is fully installed, connect the USB power cable to a compatible USB power source (e.g., a USB wall adapter, power bank, or computer USB port). Alternatively, if using the battery box, insert the required batteries (not included) and connect it to the lighting kit. The lights should illuminate immediately.

There are no complex controls for this lighting kit; it is designed for continuous illumination when powered. Disconnect the power source to turn off the lights.

MAINTENANCE

- **Cleaning:** To clean the illuminated model, gently dust with a soft, dry cloth. Avoid using liquids or abrasive cleaners directly on the LED components or wiring.
- **Wire Management:** Ensure all wires are neatly tucked away and not under tension. Periodically check for any exposed or damaged wiring.
- **Storage:** If storing the model, ensure it is placed in a stable environment away from direct sunlight, excessive heat, or moisture to protect the electrical components.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	No power supply. Loose connection. Damaged wire or LED.	Ensure USB power source is active or batteries are correctly installed in the battery box. Check all connections between LED components and expansion boards. Inspect wires for crimps or breaks. If a specific LED or section is faulty, it may need replacement.
Some lights are not working.	Faulty connection to a specific light. Damaged individual LED or wire segment.	Carefully re-check connections for the non-working lights. Inspect the specific light and its wire for visible damage. As noted by some users, a bent or crimped wire in a specific section (e.g., a tower) can cause issues.
Lights flicker or dim.	Unstable power supply. Loose connection.	Try a different USB power source or fresh batteries. Verify all connections are secure.

If troubleshooting steps do not resolve the issue, please refer to the Warranty and Support section for further assistance.

PRODUCT SPECIFICATIONS

Brand	GEAMENT
Model Number	10256N
Compatible Model	Creator 10256 Taj Mahal
Material	Plastic
Power Source Type	USB Rechargeable Battery (via USB cable)
Batteries Required	No (for USB power) / Yes (for battery box, not included)
Product Dimensions (L x W x H)	15 x 10 x 3 cm
Product Weight	110 Grams
Recommended Age	15 years and up

WARRANTY AND SUPPORT

This GEAMENT LED lighting kit comes with a 2-year guarantee, as indicated by customer feedback. In case of any manufacturing defects or issues not resolved by the troubleshooting steps, please contact GEAMENT customer support.

For support, refer to the contact information provided in the packaging or visit the official GEAMENT brand store online. When contacting support, please provide your product model number (10256N) and a detailed

description of the issue.
