

Vanity Planet Raedia 2.0

Vanity Planet Raedia 2.0 Facial Cleansing Brush User Manual

Model: Raedia 2.0 (VP33418-0900)

INTRODUCTION

The Vanity Planet Raedia 2.0 is a dual-speed spin brush designed for cleansing and exfoliating both the face and body. This device includes four interchangeable brush heads to accommodate various skin types and cleansing needs. It features two-speed modes for customizable use and is water-resistant for convenient application.

SAFETY INFORMATION

- Do not share brush heads with other individuals.
- Do not submerge the device handle or the entire unit in water.
- Avoid using the device with harsh exfoliating cleansers or physical exfoliants containing jagged particles such as nuts, shells, or seeds.

2. **Attach a Brush Head:** Select the desired brush head and firmly press it onto the device's rotating spindle until it clicks into place.

OPERATING INSTRUCTIONS

1. **Wet Brush Head and Apply Cleanser:** Dampen the chosen brush head with water and apply your preferred facial or body cleanser directly to the brush head or to your skin.
2. **Select Speed Mode:** Press the power button to turn on the device. Press it again to cycle between the two available speed modes (gentle or invigorating) to match your skin's needs.
3. **Cleanse Skin:** Gently move the brush head in circular motions across the desired area of your face or body. The brush heads feature bi-directional rotation for a thorough clean. Avoid applying excessive pressure.

TROUBLESHOOTING

If you encounter issues with your Raedia 2.0 device, consider the following:

- **Device Not Turning On:** Ensure the device is fully charged. Connect it to the charging cord and allow sufficient time for charging.
- **Brush Head Not Spinning or Weak Rotation:** Check that the brush head is securely attached to the spindle. If the issue persists, ensure the device is fully charged. Avoid applying excessive pressure during use, as this can impede rotation.
- **Reduced Performance:** Replace brush heads every 2-3 months, or sooner if bristles appear worn or damaged, to maintain optimal cleansing performance.
