**Artis ERGO7**

# Artis Elite Oval 7 Brush User Manual

Model: ERGO7 | Brand: Artis

## INTRODUCTION

The Artis Elite Oval 7 Brush is designed for precise and effortless application of various cosmetic formulas. Crafted with Artis CosmeFibre®, this brush is engineered to provide a smooth, airbrushed finish for foundation, SPF, skincare, and other liquid, cream, or powder products.

## SETUP

---

The Artis Elite Oval 7 Brush is ready for immediate use upon unboxing. No assembly is required. For optimal performance and hygiene, it is recommended to gently clean the brush before its first application.

### First Use Preparation:

1. **Unpack:** Carefully remove the brush from its packaging.
2. **Inspect:** Examine the brush for any visible imperfections.
3. **Initial Cleaning (Optional but Recommended):** For detailed cleaning instructions, refer to the "Maintenance" section. A gentle wash with a mild brush cleanser and lukewarm water can help remove any manufacturing residues.

## OPERATING INSTRUCTIONS

---

The Artis Elite Oval 7 Brush is versatile and designed for seamless application across various makeup and skincare products. Its ergonomic design and dense CosmeFibre® bristles ensure an even, streak-

free finish.

## General Application Techniques:

- **Product Loading:** Apply a small amount of your chosen product (liquid, cream, or powder) directly onto the brush head or onto the back of your hand.
- **Application Motion:** Use gentle, gliding, or circular motions to blend the product onto the skin. Avoid pressing too hard, as the brush's density allows for light pressure to achieve full coverage.
- **Layering:** For increased coverage, apply additional layers of product using the same gentle blending technique.

## Specific Uses:

- **Foundation & SPF:** Dispense product onto the brush or skin. Glide the brush across the face in broad, even strokes, then use small circular motions to buff and blend for an airbrushed finish.
- **Concealer:** Apply concealer to targeted areas. Use the tip or edge of the Oval 7 brush to gently tap and blend the product into the skin until seamless.
- **Blush & Bronzer:** Pick up powder or cream blush/bronzer. Apply to the apples of the cheeks or areas for contouring using soft, sweeping motions. Blend outwards for a natural look.
- **Skincare:** The brush can also be used to apply serums, moisturizers, or primers for an even distribution without absorbing excess product.

## MAINTENANCE AND CARE

---

Proper care and cleaning will extend the life of your Artis Elite Oval 7 Brush and ensure hygienic application.

### Daily Care:

- After each use, gently wipe the brush head on a clean tissue or microfiber cloth to remove excess product.

### Deep Cleaning (Weekly or as needed):

1. **Wet the Fibers:** Hold the brush head downwards under lukewarm running water. Avoid getting water into the ferrule (the metal part connecting the handle to the bristles) to prevent glue degradation.
2. **Apply Cleanser:** Dispense a small amount of a mild brush cleanser or gentle soap (e.g., baby shampoo) onto your palm or a cleaning mat.
3. **Lather and Rinse:** Gently swirl the brush fibers in the cleanser, working up a lather. Rinse thoroughly under lukewarm running water, ensuring all soap residue is removed. Continue until the water runs clear.

4. **Reshape and Dry:** Gently squeeze out excess water from the bristles. Reshape the brush head to its original form. Lay the brush flat on a clean towel or hang it upside down (if using a brush drying rack) to air dry completely. Avoid drying upright, as water can seep into the ferrule.

**Storage:** Store your brush in a clean, dry place, away from direct sunlight or excessive humidity, to maintain its integrity.

## TROUBLESHOOTING

Most issues with makeup brushes can be resolved with proper cleaning and handling. Here are some common concerns:

- **Streaky Application:**
  - Ensure the brush is clean and free of old product buildup.
  - Use less product or blend more thoroughly.
  - Apply product in light, even layers.
- **Product Not Blending Well:**

- The brush may need a deep clean.
- Ensure the product consistency is suitable for brush application.
- Use gentle, circular buffing motions.

- **Bristle Shedding:**

- A minimal amount of shedding can occur with new brushes. If excessive, ensure you are not pulling or tugging too hard during cleaning or application.
- Avoid soaking the ferrule in water during cleaning.

## SPECIFICATIONS

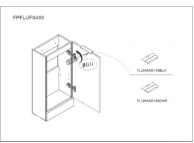

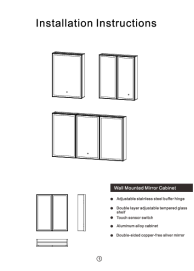

Brand	Artis
Model Number	ERGO7
Product Dimensions	1 x 1 x 7 inches
Item Weight	9.6 ounces
Bristle Material	Synthetic (CosmeFibre®)
Handle Material	Metal
Ferrule Material	Metal
Color	Rose Gold
UPC	850001066297

## WARRANTY AND SUPPORT
