CUTEBEE TC14

CUTEBEE Japanese Garden House Miniature Dollhouse Kit Instruction Manual

Model: TC14

1. PRODUCT OVERVIEW

The CUTEBEE Japanese Garden House is a DIY miniature dollhouse kit designed for assembly. This kit provides all the necessary components to construct a detailed, illuminated miniature Japanese-style house with furniture and garden elements. Upon completion, the model serves as a decorative or collectible item.

2. IMPORTANT SAFETY INFORMATION

- **Recommended Age:** This kit is suitable for individuals aged 14 years and up.
- **Small Parts Warning:** Due to the presence of numerous small components, this product is **not suitable for children under 6 years old**. It poses a choking hazard.
- **Adult Supervision:** Adult supervision is recommended during the assembly process, especially when handling small parts and adhesives.
- **Adhesive and Batteries:** Ensure proper ventilation when using adhesives. Keep batteries out of reach of small children.

3. SETUP AND ASSEMBLY

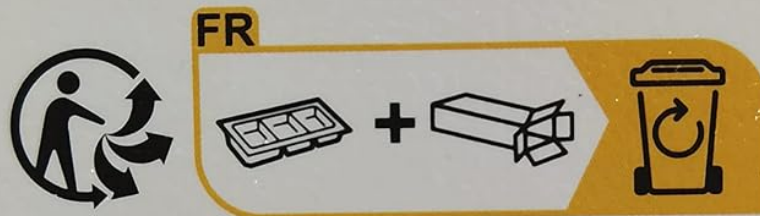

3.1 Unpacking and Preparation

1. Carefully open the product packaging and remove all components.
2. Verify all parts against the included parts list in your instruction manual to ensure completeness.
3. Prepare a clean, well-lit workspace.

3.2 Required Tools (Not Included)

The following items are essential for assembly and are **not included** in the kit:

- Silicone liquid glue (e.g., B-7000 adhesive)

- Two (2) AAA batteries for LED lighting
- Precision tools such as tweezers, small scissors, and a ruler are highly recommended for intricate work.

3.3 Assembly Process

1. Refer to the detailed, colored English instruction manual provided with your kit. Each step is illustrated to guide you through the process.
2. Components are precisely cut. Carefully detach them from their sheets. An X-Acto knife may be useful for clean cuts.
3. Apply glue sparingly as indicated in the instructions. Allow sufficient drying time for each section before proceeding.
4. Patience is crucial for successful assembly of the intricate miniature elements.
5. For visual assistance, search for "DIY dollhouse" on video platforms like YouTube for assembly tutorials.

4. OPERATING THE LED LIGHTING

The CUTBEE Japanese Garden House features integrated LED lighting to enhance its display. Follow these steps to operate the lights:

1. During assembly, ensure the LED wiring is correctly connected as per the instruction manual.
2. Insert two (2) fresh AAA batteries into the designated battery compartment. Observe correct polarity (+/-).
3. Locate the power switch (typically a small button or toggle) on the base or side of the dollhouse.
4. Press or toggle the switch to turn the LED lights on or off.

5. MAINTENANCE

- **Dust Protection:** The kit includes a dust-proof cover. Ensure it is properly installed over the finished model to protect it from dust and environmental elements.
- **Cleaning:** Gently clean the model using a soft, dry brush or a microfiber cloth. Avoid using water, cleaning sprays, or abrasive materials, as these can damage the delicate components and finishes.
- **Handling:** Always handle the assembled dollhouse with care, supporting its base to prevent stress on delicate parts.
- **Battery Replacement:** Replace AAA batteries when the LED lights dim or stop working. Remove batteries if the model will not be used for an extended period to prevent leakage.

6. TROUBLESHOOTING

- **Missing or Damaged Parts:** If you discover any missing or damaged parts upon opening the kit, please contact CUTEBEE customer support immediately for assistance.
- **Difficulty with Assembly:** The assembly process requires patience and attention to detail. If you encounter difficulties, re-read the instructions carefully, paying close attention to the diagrams. Online video tutorials (search "DIY dollhouse" on YouTube) can also provide helpful visual guidance.
- **LED Lights Not Functioning:**
 - Check if the AAA batteries are correctly inserted with the proper polarity.
 - Ensure the batteries are fresh and fully charged.
 - Verify all wiring connections are secure and intact as per the assembly instructions.
 - If the issue persists, contact customer support.
- **Loose Components After Assembly:** For any parts that become loose over time, use a small amount of appropriate adhesive (e.g., silicone liquid glue) to re-secure them.

7. SPECIFICATIONS

Feature	Detail
Brand	CUTEBEE
