

## realme DIZO Smartwatch

# DIZO Smartwatch User Manual

Model: DIZO Smartwatch

## INTRODUCTION

---

This manual provides essential information for setting up, operating, and maintaining your DIZO Smartwatch. Please read it carefully to ensure proper use and to maximize the device's features.

## 1. SETUP

### 1.1 Charging the Device

Before first use, fully charge your DIZO Smartwatch. Connect the magnetic charging base to the charging pins on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge typically takes less than 2 hours.

# 12-Day Ultral Long Usage Time

315mAh Large Battery Stores Enough Power to Enjoy Outdoor Sports

## 1.2 Powering On/Off

To power on, press and hold the side button until the screen lights up. To power off, navigate to the settings menu on the watch, select 'Power Off', and confirm.

## 1.3 Pairing with the realmeLink App

1. Download the **realmeLink** app from your smartphone's app store (available for Android and iOS).
2. Open the app and create an account or log in.
3. Ensure Bluetooth is enabled on your smartphone.
4. In the realmeLink app, tap 'Add Device' and select the DIZO Smartwatch from the list of nearby devices.
5. Follow the on-screen prompts on both your watch and smartphone to complete the pairing process.

## 2. OPERATING INSTRUCTIONS

---

### 2.1 Basic Navigation

The DIZO Smartwatch features a 1.4-inch full touch screen. Swipe left, right, up, or down to navigate through menus and features. Tap to select an option. The side button typically acts as a back button or to return to the home screen.

### 2.2 Health Monitoring

The smartwatch offers comprehensive health tracking features:

- **Heart Rate Monitoring:** The watch automatically monitors your heart rate in real-time. View your current heart rate and historical data on the watch or in the realmeLink app.
- **Blood Oxygen (SpO2) Monitoring:** Measure your blood oxygen levels directly from the watch. Ensure the watch is worn snugly on your wrist for accurate readings.
- **Sleep Tracking:** The watch tracks your sleep patterns, including deep sleep, light sleep, and wake times. Review your sleep quality analysis in the app.
- **Breathing Function:** Utilize the guided breathing exercises for relaxation and stress reduction.

## 2.3 Activity Tracking and Sports Modes

The smartwatch tracks your daily activity and supports 90 different sports modes:

- **Daily Activity:** Records steps, calories burned, and distance covered throughout the day.
- **90 Sports Modes:** Select from a wide range of activities such as running, cycling, badminton, basketball, strength training, yoga, and more. The watch records specific data for each mode, helping you monitor your performance.

## 2.4 Smart Features

When connected to the realmeLink app, your smartwatch provides additional functionalities:

- **Notifications:** Receive alerts for incoming calls, messages, and app notifications directly on your wrist.
- **Weather Forecast:** Get real-time weather updates.
- **Music Control:** Control music playback on your smartphone.
- **Remote Camera:** Use your watch as a remote shutter for your smartphone camera.
- **Alarm & Stopwatch:** Set alarms and use the stopwatch function.
- **Smart Home Reminders:** Integrate with compatible smart home devices for reminders.

## 2.5 Watch Face Customization

Personalize your smartwatch by choosing from a variety of watch faces. You can select pre-installed faces or download more through the realmeLink app.

First Brand in realme TechLife Ecosystem

## 3. MAINTENANCE

### 3.1 Water Resistance (IP68)

The DIZO Smartwatch is IP68 water-resistant, meaning it is splash-proof and sweat-proof. It can withstand incidental exposure to water, such as hand washing or light rain. **It is not suitable for swimming, showering, or diving.** Avoid exposing the watch to hot water or steam.

# IP68 Water Resistant

Safe to Wear When Washing Hands.

## 3.2 Cleaning

Regularly clean your smartwatch and strap to prevent skin irritation and maintain device functionality. Use a soft, damp cloth to wipe the screen and strap. Avoid using harsh chemicals or abrasive materials.

## 3.3 Battery Care

To prolong battery life, avoid extreme temperatures. Charge the device using the provided magnetic charger. Do not attempt to replace the battery yourself.

## 4. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 10 minutes.
- **Cannot pair with smartphone:**

- Ensure Bluetooth is enabled on your smartphone.
  - Make sure the watch is within range of your smartphone.
  - Restart both the watch and your smartphone.
  - Check if the realmeLink app is updated to the latest version.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch.
  - **Notifications not received:**
    - Verify that notifications are enabled in both the watch settings and the realmeLink app.
    - Check your smartphone's notification settings to ensure the realmeLink app has permission to send notifications.
    - Ensure the watch is connected to your smartphone via Bluetooth.
