1. INTRODUCTION

The Ninja Foodi NeverStick PossiblePan is a versatile 4-quart cookware solution designed to replace multiple kitchen tools. This premium set includes the pan, an integrated stainless steel steamer/strainer basket, an 11-inch glass lid, and an integrated detachable spatula. It features NeverStick Technology for durable nonstick performance and is oven safe up to 500°F.

2. SETUP

2.1 Unpacking and Initial Cleaning

Before first use, wash all components of the PossiblePan set with warm, soapy water. Rinse thoroughly and dry completely. This removes any manufacturing residues.

2.2 Components Overview

The Ninja Foodi NeverStick PossiblePan set includes:

- 4-Quart PossiblePan

- Integrated Stainless Steel Steamer/Strainer Basket
- 11-Inch Glass Lid
- Integrated Detachable Spatula
- User/Recipe Guides

3.2 Stovetop to Oven Use

The PossiblePan is compatible with all cooktops, including gas, electric, glass ceramic, and induction. Its durable forged metal design ensures fast and even heating. It is oven safe up to 500°F, allowing for seamless transitions from stovetop searing to oven baking or roasting without changing pans.

Premium

All range capable

Compatible with gas, electric, glass ceramic,
and induction stoves.

Figure 3: The PossiblePan is shown on a stovetop, demonstrating its compatibility with various heat sources for cooking.

Premium

Oven safe to 500°F

Bake or finish dishes in the oven without switching pans.

Figure 4: The PossiblePan is placed inside an oven, highlighting its oven-safe capability up to 500°F for baking and roasting.

3.3 Steaming and Straining

Utilize the integrated stainless-steel basket for steaming vegetables, dumplings, or other foods. The basket features an ergonomic handle for easy lifting. The pan's convenient pour spouts allow the basket to function as a strainer for pasta or other boiled items.

Premium

Steamer & strainer basket

Easily steam veggies or dumplings and strain pasta.

Figure 5: The PossiblePan is shown with its integrated stainless steel steamer and strainer basket, illustrating its dual functionality for steaming and draining.

3.4 Integrated Spatula

The set includes an integrated detachable spatula that conveniently stores on the lid. Its design matches the curvature of the pan, allowing for easy access to food along the edges and facilitating perfect serving directly from the pan.

Premium

Integrated utensil

Stores in the lid for easy serving.

Figure 6: The integrated utensil is shown stored on the lid of the PossiblePan, highlighting its convenient design for easy access during cooking and serving.

3.5 NeverStick Technology

The pan features Ninja's exclusive NeverStick Technology, a nonstick coating that prevents food from sticking, chipping, or flaking. This technology ensures reliable food release and simplifies cleanup. The durable forged metal construction distributes and retains heat effectively for consistent cooking results.

Premium

The difference is in the degrees

[MAX MANUFACTURING TEMP]

3 YEARS OF USE*

30,000°F
Won't stick,
chip, or flake

VS

900°F
Can rapidly
lose nonstick

*Ninja Foodi Neverstick after 3 years of simulated use vs a traditional pan after 3 years of home use.

3.6 Table-Worthy Design

The pan's aesthetic design allows for convenient serving directly from the pan to the table, reducing the need for additional serving dishes.

Premium

Table-worthy design

Conveniently serve directly from the pan
to save time and dishes.

Figure 9: The PossiblePan is shown on a dining table, emphasizing its design suitability for direct serving.

4. MAINTENANCE

4.1 Cleaning

The NeverStick interior allows for quick and easy cleanup, as messes wipe away effortlessly. All components of the PossiblePan set are dishwasher safe for convenient cleaning. For best results and to prolong the life of the nonstick coating, hand washing with mild soap and a non-abrasive sponge is recommended.

Premium

Dishwasher safe

NeverStick® interior easily wipes clean and is dishwasher safe to make cleaning a breeze.

Figure 10: The PossiblePan and its lid are shown inside a dishwasher, confirming its dishwasher-safe feature for easy cleaning.

4.2 Storage

Store the pan and its accessories carefully to prevent scratching the nonstick surface. Consider using pan protectors if stacking multiple cookware items.
