Vente-unique MACARI Electric Reclining 2-Seater Sofa User Manual

Model: MACARI (B09Y3FS29B)

PRODUCT OVERVIEW

The Vente-unique MACARI 2-seater electric reclining sofa is designed to provide optimal comfort and relaxation. Featuring an electric reclining mechanism and multi-position adjustable headrests, this sofa combines modern style with functional design. Its grey fabric finish and metal feet ensure it integrates seamlessly into various interior decors.

SETUP AND ASSEMBLY

This product requires assembly. Please follow the instructions carefully to ensure proper setup and safe operation. It is recommended to have at least two people for assembly due to the size and weight of the components.

Dimensions Overview:

Image: Diagram illustrating the key dimensions of the MACARI sofa: Length 165 cm, Height 94 cm, and Depth 102 cm.

- **Unpack all components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
- **Identify all parts:** Refer to the included assembly diagram to identify all components and hardware.
- **Attach the feet:** Securely attach the metal feet to the base of the sofa using the provided screws.
- **Connect the electrical components:** Follow the wiring diagram to connect the electric reclining mechanism. Ensure all connections are firm and secure.
- **Assemble the backrests and armrests:** Attach the backrests and armrests to the main frame as per the instructions.
- **Final check:** Before use, ensure all screws are tightened and the sofa is stable.

For detailed assembly steps, please refer to the specific assembly guide provided with your product. A safety warning document is available at: [Safety Warning PDF](#).

OPERATING INSTRUCTIONS

The MACARI sofa features an electric reclining function and adjustable headrests for personalized comfort.

Electric Reclining Mechanism:

- **Activation:** Locate the control buttons, typically on the side of the armrest.
- **Recline:** Press and hold the 'recline' button to extend the footrest and recline the backrest. Release the button when the desired position is reached. The maximum inclination degree is 136°.
- **Return to upright:** Press and hold the 'upright' button to retract the footrest and return the backrest to its original position.
- **Zero-Wall System:** This feature allows the sofa to recline without needing significant space behind it, making it

suitable for smaller rooms.

Adjustable Headrests:

- The sofa is equipped with two headrests that can be adjusted to 5 different positions.
- Gently push or pull the headrest to adjust its angle to your preferred comfort level.

MAINTENANCE AND CARE

Proper care and maintenance will extend the life and appearance of your MACARI sofa.

Fabric Care (100% Polyester):

Image: A detailed view of the sofa's grey polyester fabric, known for its durability and ease of maintenance.

- **Regular Cleaning:** Vacuum the sofa regularly using a soft brush attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild soap solution and a damp cloth. Test on an inconspicuous area first. Avoid harsh chemicals.
- **Polyester Properties:** Polyester is a durable and easy-to-maintain synthetic fiber. It is resistant to shrinking and stretching, and generally washable with water.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa away from direct sunlight or use curtains/blinds.

General Care:

- **Avoid Sharp Objects:** Keep sharp objects away from the fabric to prevent tears or snags.
- **Weight Limit:** Do not exceed the maximum supported load of 240 kg.
- **Electrical Components:** Ensure the power cord is not pinched or damaged. Disconnect from power before cleaning or moving the sofa.

TROUBLESHOOTING

If you encounter any issues with your MACARI sofa, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Electric recline not working	Power cord disconnected or damaged; circuit breaker tripped; motor malfunction.	Check if the power cord is securely plugged into a working outlet. Inspect the power cord for any visible damage. Check your household circuit breaker. If the issue persists, contact customer support.
Sofa makes unusual noises during recline	Loose components; mechanism needs lubrication.	Ensure all assembly screws are tight. Apply a silicone-based lubricant to moving parts of the mechanism (avoiding fabric). If the noise continues, contact customer support.
Headrests are difficult to adjust	Mechanism stiffness.	Apply gentle, even pressure when adjusting. If they remain stiff, contact customer support.

SPECIFICATIONS
