CuteBee TC14

CuteBee DIY Miniature Japanese Garden House Kit Instruction Manual

Model: TC14

Brand: CuteBee

1. INTRODUCTION

Thank you for choosing the CuteBee DIY Miniature Japanese Garden House Kit. This kit allows you to construct a detailed miniature dollhouse featuring a traditional Japanese garden, complete with LED lighting. This manual provides comprehensive, step-by-step instructions to guide you through the assembly process. Please read all instructions carefully before beginning.

2. PRODUCT OVERVIEW

The CuteBee DIY Miniature Japanese Garden House Kit is designed for enthusiasts aged 14 and above. It features high-quality, precisely cut wooden components, along with realistic LED lights, miniature plants, and decorative items to create an immersive miniature scene.

3. SAFETY INFORMATION

- This kit contains small parts and is not suitable for children under 3 years old due to choking hazards.
- Recommended age for assembly is 14 years and older. Adult supervision is advised for younger users.
- Handle sharp tools (scissors, tweezers) with care during assembly.
- Keep glues and paints away from eyes and mouth. Use in a well-ventilated area.
- Batteries are not included. Ensure correct battery polarity when inserting. Do not mix old and new batteries.

4. PACKAGE CONTENTS

The kit includes all necessary materials for assembly, such as pre-cut wooden pieces, paper cutouts, fabric, and LED components. An English instruction manual with colored photos is also provided.

- Pre-cut wooden sheets for structural components and furniture.
- Printed paper sheets for decorations, wallpaper, and miniature books.
- Fabric pieces for curtains and upholstery.
- LED light components and wiring.
- Small accessories (e.g., miniature plants, decorative items).
- English instruction manual with colored illustrations.

Note: Glue, paint, batteries, and scissors are not included in the kit and must be purchased separately.

5. ASSEMBLY INSTRUCTIONS

Assembly typically takes 2-3 days, depending on individual pace and experience. Follow the numbered steps in the included English manual. The printed sheets are numbered to help you easily locate the correct parts.

5.1 Preparation

- Clear a well-lit, spacious workspace.
- Gather necessary tools: scissors, tweezers, ruler, craft knife, and appropriate glue (e.g., white craft glue, quick-drying adhesive).
- Familiarize yourself with the instruction manual and identify the different component sheets.

5.2 Step-by-Step Assembly

1. Carefully detach each wooden piece from its sheet. Use a craft knife for delicate parts if needed.
2. Match the numbered parts to the corresponding steps in the manual.
3. Apply glue sparingly to the designated tabs or edges as indicated in the manual's illustrations.
4. Press pieces firmly together and hold until the glue sets.
5. Attach paper cutouts for wallpaper, flooring, and miniature book covers as instructed.
6. Assemble miniature furniture and decorative elements according to the detailed diagrams.
7. Integrate the LED lighting system by following the wiring diagrams. Ensure all connections are secure.
8. Once all sections are assembled, carefully combine them to form the complete Japanese Garden House.

6. OPERATING INSTRUCTIONS (LED LIGHTS)

The kit includes LED lights to illuminate your miniature house. To operate the lights:

1. Insert the required batteries (not included) into the battery box, ensuring correct polarity.
2. Connect the LED wiring to the battery box as per the instructions in the manual.
3. Locate the switch on the battery box or designated area to turn the lights ON/OFF.

7. MAINTENANCE

- Keep the assembled miniature house in a dry environment to prevent damage to wooden and paper components.
- Avoid direct sunlight exposure to prevent fading of colors.

- Dust gently with a soft brush or cloth. Do not use water or cleaning solutions.
- If the LED lights dim or stop working, replace the batteries.

8. TROUBLESHOOTING

- **Missing or Damaged Parts:** If you find any missing or damaged parts upon opening the kit, please refer to the 'Contact Support' section below.
- **Parts Not Fitting:** Ensure you are using the correct parts for each step. Refer to the numbered diagrams in the manual. Apply gentle pressure; do not force parts, as this may cause breakage.
- **LED Lights Not Working:**
 - Check if batteries are inserted correctly and are not depleted.
 - Verify all wiring connections are secure and properly connected to the battery box.
 - Ensure the ON/OFF switch is in the 'ON' position.

9. SPECIFICATIONS

Feature	Detail
Model Number	TC14
Main Material	Wood
Product Dimensions	18.03 x 10.41 x 23.11 cm
Product Weight	360 g
Battery Usage	Yes
Batteries Included	No
Manufacturer Recommended Age	14 years and older

10. WARRANTY AND SUPPORT

CuteBee is committed to providing high-quality products and customer satisfaction. If you encounter any issues with your kit, such as missing or damaged parts, please contact our customer support team.

Contact Support:

To report missing or damaged parts, or for any other inquiries, please follow these steps:

1. Access your order history on the platform where you made the purchase.

2. Locate your CuteBee DIY Miniature Japanese Garden House Kit order.
3. Click on the 'Ask this seller a question' button or similar contact option for CuteBee.
4. Provide details of the issue, including any specific part numbers if applicable.

Our team will assist you promptly with replacements or solutions. Your understanding is appreciated.
