Farberware 80140

Farberware Power Base Nonstick Cookware Set (12-Piece)

MODEL: 80140

Manufactured by Meyer Corporation

1. Introduction

This manual provides essential information for the safe and effective use of your new Farberware Power Base 12-Piece Aluminum Nonstick Cookware Set. This set is designed for durability and enhanced nonstick performance, featuring fast- and even-heating aluminum construction with a hard-anodized base and rim.

Included Components:

- 3-quart straining saucepan with lid
- 5-quart Dutch oven with lid
- 10-inch frying pan with lid
- 8.25-inch deep frying pan
- 6 Prestige nylon tools: slotted turner, slotted spoon, pasta fork, whisk, ladle

A complete view of the Farberware Power Base 12-Piece Nonstick Cookware Set, featuring various pots, pans, glass lids, and nylon tools, all in a matte black finish.

2. Setup

Before first use, wash all cookware pieces and lids thoroughly with warm, soapy water. Rinse and dry completely. This removes any manufacturing residues. The nonstick coating is PFOA Free, PFAS Free, Cadmium Free, Lead Free, PTFE Free, PFOS Free, APEO Free, and Nickel Free.

3. Operating Instructions

- Heat Settings:** Use low to medium heat for most cooking. High heat can damage the nonstick surface over time and is generally not necessary due to the efficient heat distribution of aluminum.
- Cooktop Compatibility:** This cookware set is compatible with Electric Coil Cooktops, Electric Smooth Top Cooktops, and Gas Cooktops.
- Utensil Use:** To protect the nonstick surface, always use plastic, nylon, or wooden utensils. Metal utensils may scratch and damage the coating. The included Prestige nylon tools are ideal for this purpose.

- **Lids:** The shatter-resistant glass lids allow you to monitor cooking progress without lifting the lid, preserving heat and moisture. The 3-quart straining saucepan features a convenient straining lid.
- **Oven Safety:** The pots and pans are oven safe up to 350°F (175°C), offering versatility for stovetop-to-oven recipes.
- **Tool Rest Knobs:** Innovative tool rest knobs on the lids are designed with an indentation to conveniently hold kitchen utensils while cooking, keeping your countertops clean.

A close-up of a nylon pasta fork resting securely in the integrated tool rest knob on a Farberware Power Base glass lid, highlighting a convenient design feature.

4. Maintenance

- **Cleaning:** This cookware set is **NOT** dishwasher safe. To preserve the nonstick coating and overall appearance, hand wash all pieces with warm, soapy water and a non-abrasive sponge or cloth. Rinse thoroughly and dry immediately.
- **Stubborn Food:** For baked-on food, soak the pan in warm, soapy water for a few minutes before cleaning.
- **Storage:** Store cookware carefully to prevent scratching the nonstick surface. Placing paper towels or soft cloths between stacked pans can help protect them.

5. Troubleshooting

- **Food Sticking:** Ensure you are using low to medium heat. Overheating can cause food to stick even on nonstick surfaces. Always use a small amount of cooking oil or butter.
- **Discoloration:** High heat can cause discoloration on the exterior of the pans. Always use appropriate heat settings.
- **Scratches:** Avoid using metal utensils or abrasive cleaning pads, which can scratch the nonstick coating.

6. Specifications

Brand	Farberware
Model Number	80140
Material	Aluminum (Cookware), Glass (Lids), Phenolic (Handle)
Color	Matte Black
Number of Pieces	12
Dishwasher Safe	No
