Rii RM105

Rii RM105 Wired USB Optical Mouse Instruction Manual

Model: RM105 | Brand: Rii

1. Introduction

The Rii RM105 Wired USB Optical Mouse is designed for comfortable and efficient use across various computing environments. Featuring a blue LED light mode, ergonomic design, and plug-and-play functionality, it offers a reliable solution for daily office, school, and entertainment needs.

A pack of ten Rii RM105 wired USB optical mice, showcasing their sleek black design with blue LED accents. These mice are designed for bulk use in office or educational settings.

2. Setup

The Rii RM105 mouse offers simple plug-and-play setup, requiring no additional software or drivers.

Step 1: Connect the USB Cable

Locate an available USB port on your computer (PC, laptop, desktop, etc.). Insert the USB-A connector of the Rii RM105 mouse cable firmly into the USB port.

This image demonstrates the simple plug-and-play setup of the Rii RM105 mouse. A hand is shown inserting the USB connector into a laptop's USB port, highlighting the ease of connection without needing additional software.

A close-up of the Rii RM105 mouse's USB cable, showing its length of 150cm (59 inches) and the standard USB-A connector. This wired connection ensures stable performance without battery concerns.

Step 2: Automatic Recognition

Your operating system (Windows, macOS, Linux, Android) will automatically detect and install the necessary drivers. This process usually takes a few seconds.

Step 3: Ready for Use

Once detected, the mouse's blue LED light will illuminate, indicating it is ready for immediate use.

3. Operating

The Rii RM105 mouse features a standard 4-button layout for intuitive control.

- **Left Click Button:** Primary button for selecting items, opening files, and performing main actions.
- **Right Click Button:** Used for accessing context menus and secondary functions.

- **Scroll Wheel:** Allows for smooth vertical scrolling through documents and web pages. The scroll wheel also functions as a clickable middle button.
- **DPI Adjustment Button:** Located below the scroll wheel, this button allows you to cycle through 3 adjustable DPI levels (800/1200/1600) for responsive cursor control and precise tracking.

A detailed view of the Rii RM105 mouse, highlighting the DPI button positioned conveniently below the scroll wheel. This button allows users to quickly switch between 800, 1200, and 1600 DPI settings for customized cursor sensitivity.

Ergonomic Design

The mouse is ergonomically designed to fit comfortably in your hand, reducing fatigue during extended periods of use.

This image illustrates the ergonomic design of the Rii RM105 mouse, showing how it naturally fits the contours of a hand. This design aims to provide a comfortable grip and reduce strain during prolonged use.

Anti-Skid Roller Design

The scroll wheel features an anti-skid design for smooth and precise scrolling.

A detailed shot focusing on the anti-skid roller design of the Rii RM105 mouse's scroll wheel. This feature ensures smooth and controlled scrolling, enhancing user efficiency.

4. Maintenance

Cleaning

To clean the mouse, gently wipe its surface with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, ensuring no moisture enters the internal components. Avoid harsh chemicals or abrasive materials.

Storage

Store the mouse in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

5. Troubleshooting

Mouse Not Responding

- Ensure the USB cable is securely plugged into a working USB port. Try a different USB port.
- Restart your computer.
- Check device manager (Windows) or System Information (macOS) to see if the mouse is recognized.

Cursor Movement is Erratic

- Ensure the optical sensor on the bottom of the mouse is clean and free from debris. Use a soft cloth to wipe it.
- Use the mouse on a clean, non-reflective surface. Avoid glass or highly reflective surfaces.
- Adjust the DPI setting using the DPI button to see if it improves tracking.

LED Light Not On

- Verify the mouse is properly connected to a powered USB port. The LED light should illuminate upon successful connection.

6. Specifications

Product Dimensions	4.72 x 3.15 x 3.94 inches
Item Weight	1.1 pounds
Brand	Rii
Model	RM105
Color	10 PACK (Blue Light)
Connectivity Technology	Wired (USB-A)
Special Feature	Lightweight, Blue LED Mode
