- **Bluetooth Function:** Enables hands-free calling and wireless music streaming from your mobile device.
- **Multimedia Playback:** Supports USB/SD card playback, FM radio, and AUX audio input.
- **Connectivity:** Built-in WiFi for app downloads and online content.
- **External Device Support:** Connects to external devices such as DVR, camera, DAB, CarPlayer, TPMS, and OBD.

## SETUP AND INSTALLATION

---

### Package Contents

Before installation, ensure all components are present:

- Car radio unit (1)
- USB cable (2)
- Antenna (1)
- GPS cable (1)
- RCA audio cable (1)
- Rearview camera cable (1)
- Power cord (1)
- Disassembly key (2)
- User Manual (1)

### Physical Installation

The unit is designed for a 1-DIN slot. Refer to the product dimensions to ensure compatibility with your vehicle's dashboard.

# INSTALLATION

Image: Example of the Eaglerich SP-7069 car stereo installed in a vehicle dashboard. This image demonstrates how the unit fits into a standard car stereo slot, showing the screen and surrounding controls.

Use the provided disassembly keys to remove your existing car stereo. Carefully connect the power cord, antenna, GPS cable, USB cables, and RCA audio cables to the corresponding ports on the new unit. If installing a rearview camera, connect its cable as well.

# PRODUCT SIZE

Image: Diagram showing the dimensions of the Eaglerich SP-7069 car stereo. The image indicates a width of 19cm (7.48in), height of 7.3cm (2.87in), and depth of 11.5cm (4.53in) for the main body, with the screen extending slightly.

Once all connections are secure, slide the unit into the dashboard slot until it clicks into place. Test all functions before fully reassembling your dashboard.

## OPERATING INSTRUCTIONS

---

### CarPlay Functionality

Connect your iPhone to the car stereo using a USB data cable. CarPlay allows you to access your iPhone's features directly on the stereo's display, including navigation, music, calls, and messages. This helps maintain focus on driving while utilizing phone functions.

# CARPLAYER

How does Carplay operate the iPhone They were all moved to the central control display in the car, Keep your focus on driving at the same time You can also use navigation, enjoy music, make calls and send and receive information

3. Select **Horizontal Screen Settings**.
4. Exit the settings and swipe down again to the drop-down menu.
5. Select **Restart** to apply the changes.

## MAINTENANCE

---

To ensure the longevity and optimal performance of your car stereo, follow these general maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. For stubborn smudges, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive materials.
- **Temperature:** Avoid exposing the unit to extreme temperatures, both hot and cold, for extended periods.
- **Moisture:** Keep the unit dry. Do not expose it to water or other liquids.
- **Software Updates:** Periodically check for available software updates to ensure the system runs efficiently and has the latest features.

## TROUBLESHOOTING

---

If you encounter issues with your Eaglerich SP-7069 car stereo, refer to the following common troubleshooting steps:

- **No Power:** Check all power connections. Ensure the car's ignition is on and the fuse is not blown.
- **No Sound:** Verify speaker connections. Check volume levels on both the stereo and any connected devices. Ensure the mute function is not active.
- **Touchscreen Unresponsive:** Try restarting the unit. If the issue persists, a factory reset might be necessary (consult support if unsure).
- **Bluetooth Connection Issues:** Ensure Bluetooth is enabled on both the stereo and your phone. Delete previous pairings and try reconnecting.
- **GPS Signal Loss:** Ensure the GPS antenna is properly installed and has a clear view of the sky.
- **CarPlay/Android Auto Not Connecting:** Use a high-quality USB cable. Ensure your phone's operating system is up to date and the respective apps (CarPlay/Android Auto) are installed and enabled.

For persistent issues, please contact customer support.
