WZWNEER SB-gjpl-0026

WZWNEER Smart Watch User Manual

Model: SB-gjpl-0026 | Brand: WZWNEER

1. INTRODUCTION

Thank you for choosing the WZWNEER Smart Watch. This device is designed to enhance your daily life by providing smart notifications, comprehensive health tracking, and various convenient features. This manual will guide you through the setup, operation, and maintenance of your new smartwatch.

Image: The WZWNEER Smart Watch in light pink, showcasing its vibrant display and sleek design.

2. PACKAGE CONTENTS

Please ensure all items are present in your package:

- WZWNEER Smart Watch (Model: SB-gjpl-0026)
- Charging Cable (Magnetic USB)
- User Manual (this document)

3. SETUP GUIDE

3.1 Charging the Smart Watch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a standard USB power adapter (not included) or a computer USB port.

LONG-LASTING BATTERY LIFE

Internal 235mAH battery, with Bluetooth calling working time up to 3 days; standby time 10 days.

Image: The smartwatch connected to its magnetic charging cable, displaying a 100% charge indicator.

A full charge typically takes about 2 hours. The watch has a 235mAh battery, providing up to 2 days of Bluetooth call usage and 20 days of standby time.

3.2 Downloading the Companion App

To unlock all features and synchronize data, download the dedicated companion application on your smartphone. Scan the QR code provided in the watch's quick start guide or search for the app name (usually mentioned on the watch packaging or screen) in your phone's app store (Google Play Store for Android, Apple App Store for iOS).

How to connect the smart watch?

-  **1** Download the App from your mobile App store
-  **2** Turn on your phone's Bluetooth
-  **3** Open the App, click "Add a device" and find 'Y20 GT' to connect

How to use the function of Answering/Dialing Calls?

-  **4** Swipe down the watch screen, turn on the 'call' function switch
-  **5** Open the phone's setting and turn on Bluetooth page, then find 'Y20 GT_Phone' to connect
-  **6** After connecting, you can answer/Dial calls on the watch

Image: A visual guide illustrating the steps to download the app and connect the smartwatch via Bluetooth.

3.3 Pairing with Your Phone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the companion app and follow the on-screen instructions to "Add a device" or "Bind device."
3. Select your WZWNEER Smart Watch from the list of available devices. The watch model number (e.g., "Y20 GT") should appear.
4. Confirm the pairing request on both your phone and the watch if prompted.

3.4 Connecting for Bluetooth Calls

For call functionality, an additional Bluetooth connection is required:

1. On your smartwatch, swipe down from the top of the screen to access the quick settings panel.
2. Locate and enable the 'Call' function switch (often represented by a phone icon).
3. On your smartphone, go to your Bluetooth settings.
4. Find and connect to the device named "Y20 GT_Phone" (or similar, specific to the call function).

Once connected, you can make and answer calls directly from your watch.

Bluetooth Call and Message Alert

Receive and make calls directly from your phone via Bluetooth connection, add contacts as emergency contacts on the watch and receive notifications from social apps such as Facebook, Instagram, etc.

Image: Screenshots on the smartwatch showing incoming call interface, dial pad, and message alerts.

4. OPERATING YOUR SMART WATCH

4.1 Basic Navigation

- **Touchscreen:** Swipe left/right, up/down to navigate menus and access different functions. Tap to select.
- **Side Button/Dial:** Press to return to the home screen or wake the device. Rotate the dial (if applicable) to scroll through lists or adjust settings.
- **Raise to Wake:** The screen will automatically light up when you raise your wrist.

4.2 Making and Answering Calls

After connecting the "Y20 GT_Phone" Bluetooth, you can:

- **Answer Calls:** When a call comes in, the watch will display the caller ID. Tap the green answer icon to take the call on your watch.
- **Make Calls:** Access the dial pad or contact list on your watch to initiate a call.

Your browser does not support the video tag.

4.3 Smart Notifications

Receive SMS, Facebook, WhatsApp, Instagram, Twitter, and other app notifications directly on your watch. Ensure notification permissions are enabled in the companion app and your phone's settings.

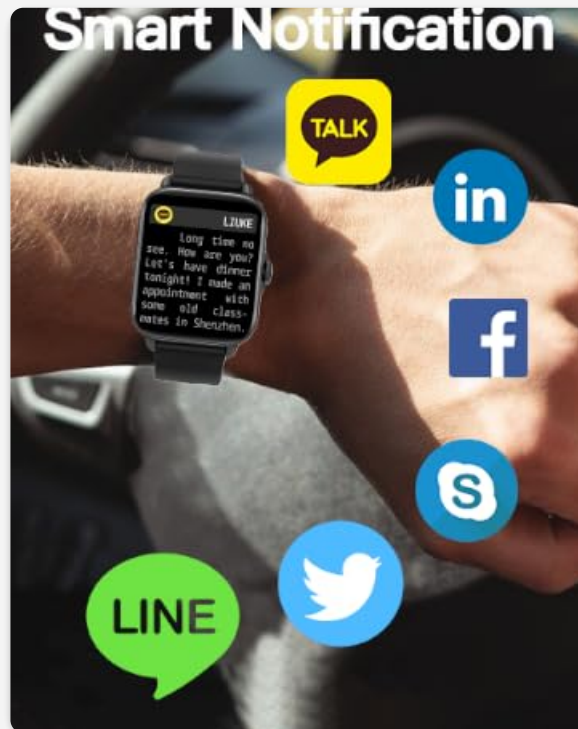

Image: The smartwatch screen showing icons for various social media and messaging applications, indicating notification support.

4.4 Health Tracking

The WZWNEER Smart Watch provides comprehensive health monitoring:

- **Heart Rate Monitor:** Tracks your heart rate automatically throughout the day. View real-time data on the watch and detailed graphs in the app.

24 HOURS REAL-TIME HEART RATE MONITOR

Built in optical heart rate sensor combines intelligent algorithm, it pays attention on your heart health all day; it monitors your HR no matter RHR or exercise heart rate accurately.

Image: The smartwatch screen showing current heart rate, maximum, and minimum values, along with a heart rate trend graph.

- **Sleep Tracking:** Analyzes your sleep patterns, including deep sleep, light sleep, and wake-up times. This data helps you understand and improve your sleep quality.

SLEEP TRACK NICE DREAM EVERYDAY

Automatic sleep tracking can analyze your sleep data.
To help you form health biological clock

Image: A person sleeping with the smartwatch, and the watch screen showing sleep duration and quality breakdown.

- **Blood Oxygen (SpO2) Monitor:** Measures your blood oxygen saturation. Useful for monitoring your physical condition, especially during high-intensity activities.
- **Activity Tracking:** Records daily steps, distance traveled, and calorie consumption.

All health data can be synchronized to the companion app for detailed analysis and historical trends.

5. MAINTENANCE

5.1 Cleaning Your Smart Watch

Regularly clean your watch and strap to prevent skin irritation and maintain device functionality. Use a soft, lint-free cloth. If necessary, dampen the cloth with a small amount of water. Avoid harsh chemicals or abrasive materials.

5.2 Water Resistance (IP68)

The WZWNEER Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for daily use, hand washing, and light rain. However, it is not recommended for hot showers, saunas, or diving, as steam and high temperatures can compromise the seal.

5.3 Battery Care

- Avoid fully discharging the battery frequently.
- Do not expose the watch to extreme temperatures (hot or cold) as this can affect battery life.
- Use only the provided charging cable.

6. TROUBLESHOOTING

Problem	Possible Solution
Watch won't turn on/charge.	Ensure the charging cable is properly connected to the watch and a working power source. Try a different USB port or adapter. Allow it to charge for at least 10 minutes before attempting to turn it on.

Problem	Possible Solution
Cannot pair with phone.	Make sure Bluetooth is enabled on your phone and the watch. Restart both devices. Ensure the companion app has necessary permissions. Forget previous Bluetooth connections on your phone and try pairing again.
Call function not working.	Verify that the "Y20 GT_Phone" (or similar) Bluetooth connection is established in your phone's Bluetooth settings, in addition to the main watch connection. Ensure the call function is enabled on the watch's quick settings.
Notifications not received.	Check notification permissions in the companion app and your phone's system settings. Ensure the app is running in the background and not being optimized by battery saving features.
Inaccurate health data.	Ensure the watch is worn snugly on your wrist, not too loose or too tight. Clean the sensor on the back of the watch. Ensure your personal information (height, weight, age) is accurate in the app.
