Jupiter Creations 17011

Conqueror R/C 2.4G, Multicolor - Instruction Manual

Brand: Jupiter Creations

PRODUCT OVERVIEW

The Conqueror R/C is a robust, multi-terrain heavy-duty climbing vehicle designed for diverse environments. Its advanced 4-wheel drive system and anti-fall shock absorbing technology enable it to navigate challenging surfaces such as sand, snow, and rocky terrain with ease. The vehicle operates on a 2.4G remote control frequency, allowing multiple Conqueror vehicles to be used simultaneously without interference.

Image: The Conqueror R/C vehicle shown alongside its 2.4G remote control, highlighting its compact and durable design.

Key Features:

- **Multi-Terrain Capability:** Engineered for sand, snow, and rocky environments with a strong, steel body design.
- **4-Wheel Drive System:** Equipped with specialized tires and a two-axled drivetrain for superior climbing and traction.
- **2.4G Remote Control:** Offers an extended control distance of at least 150 feet and supports multiple vehicle operation without signal interference. Automatic pairing ensures a stable connection.
- **Anti-Fall Shock Absorbing Technology:** Designed to absorb impact from falls, enhancing durability and longevity.
- **Easy Control:** The included remote control is user-friendly and provides excellent vehicle maneuverability.
- **Rechargeable Battery:** Comes with a rechargeable battery and USB charging cable for convenient power management.

SAFETY INFORMATION

Please read all safety instructions carefully before operating the Conqueror R/C vehicle. Failure to follow these instructions may result in injury or damage to the product.

- **Recommended Age:** This product is recommended for users 6 years of age and up.
- **Choking Hazard:** Contains small parts. Not suitable for children under 3 years due to potential choking hazards.

- **Battery Safety:**

- Use only the provided rechargeable battery and USB charging cable.
- Do not attempt to charge non-rechargeable batteries.
- Do not short-circuit battery terminals.
- Do not expose batteries to extreme temperatures or fire.
- Adult supervision is recommended during battery charging and replacement.

- **Operating Environment:**

- Operate the vehicle in open areas, away from people, pets, and obstacles.
- Avoid operating near water, electrical outlets, or other hazards.
- Do not operate in public streets or areas with vehicle traffic.

- **Maintenance:** Regularly inspect the vehicle for any damage or loose parts before and after each use.

WHAT'S IN THE BOX

Upon unboxing your Conqueror R/C vehicle, please ensure all the following components are present:

- Conqueror R/C Vehicle
- 2.4G Remote Control
- Rechargeable Battery
- USB Charging Cable

SETUP

1. Charging the Vehicle Battery

1. Locate the rechargeable battery and the USB charging cable.
2. Connect the battery to the USB charging cable.
3. Plug the USB charging cable into a standard USB power adapter (not included) or a computer USB port.
4. Allow the battery to charge fully. Charging time may vary. Refer to the indicator light on the USB cable for charging status (e.g., red for charging, off for fully charged).
5. Once charged, disconnect the battery from the cable.

2. Installing Batteries in the Remote Control

1. Open the battery compartment on the back of the remote control.
2. Insert the required batteries (typically AA, not included) according to the polarity indicators (+/-).
3. Close the battery compartment securely.

3. Installing the Vehicle Battery

1. Locate the battery compartment on the Conqueror R/C vehicle.
2. Carefully insert the fully charged rechargeable battery into the compartment.
3. Secure the battery compartment cover.

4. Pairing the Remote Control

The 2.4Ghz remote control automatically pairs with the Conqueror R/C vehicle. Follow these steps:

1. Ensure both the vehicle and the remote control have fresh or fully charged batteries.
2. Turn on the power switch on the Conqueror R/C vehicle.
3. Turn on the power switch on the remote control.
4. The remote control and vehicle should automatically connect. An indicator light on the remote control may change from blinking to solid once paired.
5. If pairing fails, turn both devices off and repeat the steps.

OPERATING INSTRUCTIONS

Basic Controls:

- **Forward/Backward:** Push the left joystick forward to move the vehicle forward, pull backward to move backward.
- **Left/Right Steering:** Push the right joystick left to turn left, push right to turn right.
- **Speed Control:** The vehicle's speed is controlled by the amount of pressure applied to the joysticks.

Multi-Terrain Operation:

The Conqueror R/C is designed for optimal performance on various terrains:

Image: The Conqueror R/C vehicle demonstrating its capability to drive through snow, highlighting its robust design for challenging environments.

- **Snow:** The 4-wheel drive and track system provide excellent grip on snowy surfaces. Avoid deep, wet snow that could damage electronics.
- **Sand:** The vehicle's design allows it to traverse sandy terrains. Be mindful of fine sand entering moving parts.
- **Rocky Terrain:** The anti-fall shock absorbing system and strong chassis enable climbing over obstacles. Exercise caution on very sharp or unstable rocks.

Image: Detailed views showcasing the Conqueror R/C's durable chassis, the spring-loaded shock absorber for impact absorption, and the textured track system designed for enhanced grip on various surfaces.

Multiplayer Mode:

Thanks to the 2.4Ghz frequency, multiple Conqueror R/C vehicles can be operated simultaneously without signal interference. Ensure each vehicle is paired with its own remote control before starting a multiplayer session.

MAINTENANCE

- **Cleaning:** After each use, especially in dirty or dusty environments, gently wipe down the vehicle with a dry or slightly damp cloth. Avoid using harsh chemicals or excessive water.
- **Battery Care:**
 - Always fully charge the battery before storage if the vehicle will not be used for an extended period.
 - Remove batteries from both the vehicle and the remote control if storing for more than a few days to prevent leakage.
- **Inspection:** Periodically check all screws, connections, and moving parts for looseness or damage. Tighten any loose screws and replace damaged parts if necessary.
- **Storage:** Store the vehicle and remote control in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not turn on.	Battery not charged or incorrectly installed. Power switch off.	Ensure battery is fully charged and correctly inserted. Turn on the vehicle's power switch.
Remote control not responding.	Remote control batteries low or incorrectly installed. Not paired.	Replace remote control batteries. Ensure batteries are inserted with correct polarity. Re-pair the remote control with the vehicle.
Short control range or interference.	Low batteries in vehicle or remote. Environmental interference.	Charge vehicle battery and replace remote batteries. Move to an open area away from other electronic devices.

Problem	Possible Cause	Solution
Vehicle moves slowly or inconsistently.	Low vehicle battery. Obstruction in moving parts.	Recharge the vehicle battery. Check wheels/tracks for debris and clear any obstructions.

SPECIFICATIONS

Feature	Detail
Product Dimensions	12.01 x 7.48 x 5.9 inches
Item Weight	14.77 pounds
Model Number	17011
Manufacturer Recommended Age	6 years and up
Release Date	May 15, 2022
Manufacturer	Jupiter Creations
Control Frequency	2.4Ghz
Control Range	At least 150 feet
Drive System	4-Wheel Drive
Shock Absorption	Anti-fall shock absorbing system

WARRANTY AND SUPPORT

For information regarding warranty coverage and customer support, please contact Jupiter Creations directly. Keep your purchase receipt as proof of purchase.
