ZdalaMit STV370D

STV370D Replacement Remote Control User Manual

Model: STV370D | Brand: ZdalaMit

1. Introduction

This manual provides essential information for the setup, operation, and maintenance of your new ZdalaMit STV370D Replacement Remote Control. This remote is designed to be compatible with specific ONN Soundbar Audio Speaker Systems.

Package Content:

- 1X STV370D Replacement Remote Control

Please note that batteries are not included and must be purchased separately.

2. Setup and Installation

The STV370D replacement remote control requires no programming or pairing. Simply install the batteries, and it will be ready for immediate use with compatible ONN Soundbar models.

2.1 Battery Installation

1. Locate the battery compartment on the back of the remote control.
2. Slide open the battery compartment cover.
3. Insert two (2) 1.5V AAA Alkaline batteries, ensuring the correct polarity (+ and -) as indicated inside the compartment.
4. Close the battery compartment cover securely.

Figure 2.1: Angled view of the STV370D remote control, showing its general shape and button layout. The battery compartment is on the underside.

3. Operating Instructions

Once batteries are installed, the remote is ready to control your compatible ONN Soundbar Audio Speaker System. This remote is compatible with ONN Soundbar models **100024201** and **100020788**.

AUX	Switches the soundbar to Auxiliary input mode.
OPTICAL	Switches the soundbar to Optical input mode.
MUSIC	Activates Music sound mode.
MOVIE	Activates Movie sound mode.
TALK	Activates Talk/Voice sound mode.

4. Maintenance

4.1 Cleaning

To clean the remote control, use a soft, dry cloth. Do not use liquid cleaners, sprays, or abrasive materials, as these may damage the remote's surface or internal components.

4.2 Battery Replacement

Replace batteries when the remote's performance degrades or it stops responding. Always replace both batteries at the same time with new 1.5V AAA Alkaline batteries. Do not mix old and new batteries, or different types of batteries.

4.3 Storage

If the remote control will not be used for an extended period, remove the batteries to prevent leakage and potential damage to the remote.

5. Troubleshooting

If you experience issues with your STV370D remote control, please refer to the following common solutions:

- **Remote not responding:**
  - Ensure batteries are inserted correctly with the proper polarity.
  - Replace old or depleted batteries with new 1.5V AAA Alkaline batteries.
  - Ensure there are no obstructions between the remote control and the soundbar's infrared receiver.
  - Confirm you are within the effective operating range of the soundbar.
- **Remote does not control the soundbar:**

- Verify that your ONN Soundbar model is one of the compatible models:**100024201** or **100020788**. This remote is specifically designed for these models and may not work with others.
- As no programming is required, if the remote does not work with a compatible model after new batteries are installed, there might be an issue with the remote itself or the soundbar's IR receiver.

6. Specifications

Feature	Detail
Model Number	STV370D
Brand	ZdalaMit
Compatible Devices	ONN Soundbar Audio Speaker System (Models: 100024201, 100020788)
