EDISHINE B09YQWM894

EDISHINE RGB Color Changing LED Light Bulb (Model B09YQWM894) Instruction Manual

Model: B09YQWM894 | Brand: EDISHINE

INTRODUCTION

Thank you for choosing the EDISHINE RGB Color Changing LED Light Bulb. This manual provides detailed instructions for the safe and efficient use of your new light bulb. Please read this manual thoroughly before installation and operation, and retain it for future reference.

PRODUCT FEATURES

- **Color Changing Capability:** Offers 9 bright and vibrant color options, along with 2700K warm white and 5000K daylight white.
- **Dimmable:** Adjustable brightness for all color and white light settings.
- **Remote Control:** Conveniently control power, brightness, colors, and modes from a distance.
- **Multiple Modes:** Includes Flash, Strobe, Fade, and Smooth modes for dynamic lighting effects.
- **Timer Function:** Set the bulb to automatically turn off after 1, 2, 4, or 8 hours.
- **Memory Function:** Retains the last selected color and brightness settings when turned off and on.
- **Energy Efficient:** 10W LED bulb provides 800 lumens, equivalent to a 60W incandescent bulb.
- **Long Lifespan:** Designed for over 15,000 hours of operation.
- **Standard Base:** A19 bulb shape with E26 base, suitable for most standard fixtures.

RGB Color Changing Light Bulb (A19-E26 Base)

- 💡 10W (60 Watt Equivalent)
- 💡 800Lumen
- 💡 2700K/5000K/R/G/B
- 💡 Lasts 15,000+Hours

PACKAGE CONTENTS

- EDISHINE RGB Color Changing LED Light Bulb(s)
- Remote Control(s)
- Instruction Manual (this document)

SETUP

1. **Unpack:** Carefully remove the light bulb and remote control from the packaging.
2. **Install Bulb:** Screw the EDISHINE LED Light Bulb into a standard E26 light fixture. Ensure the fixture is powered off before installation.
3. **Power On:** Turn on the power to the light fixture. The bulb will illuminate in its last used setting (due to memory function) or a default white light.
4. **Remote Battery:** If the remote control does not respond, check if the battery is correctly inserted or needs replacement.

OPERATING INSTRUCTIONS

The EDISHINE LED Light Bulb is controlled using the included remote. Ensure the remote is pointed towards the bulb for optimal response.

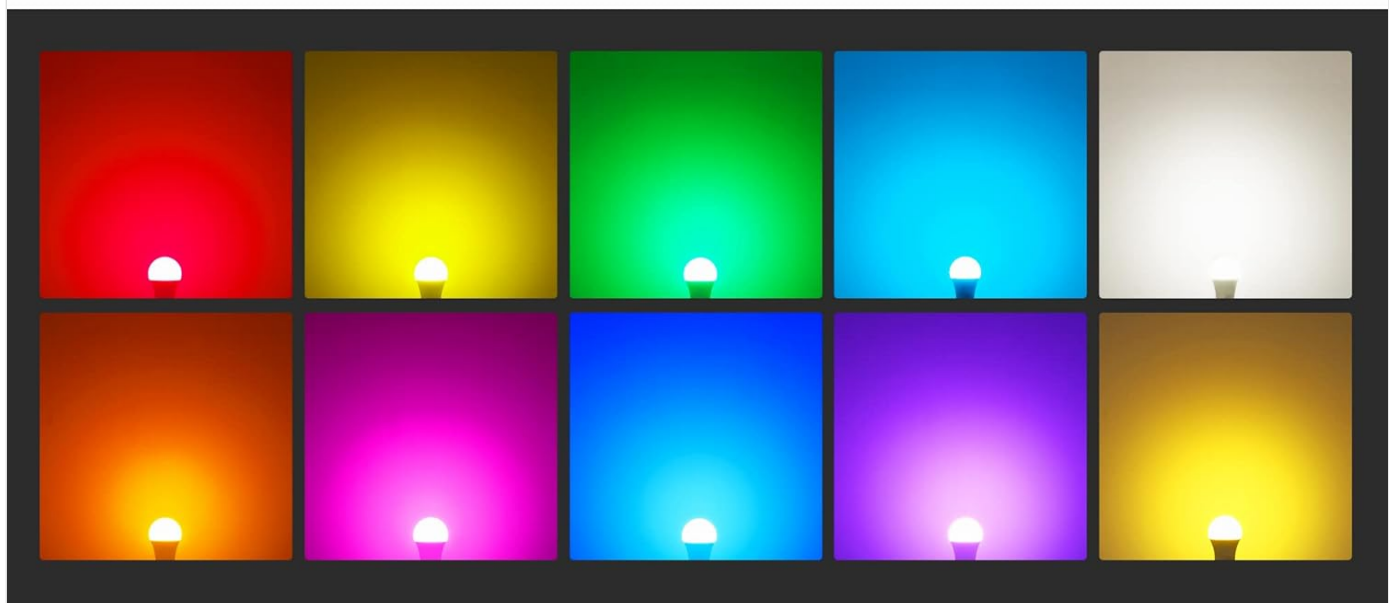

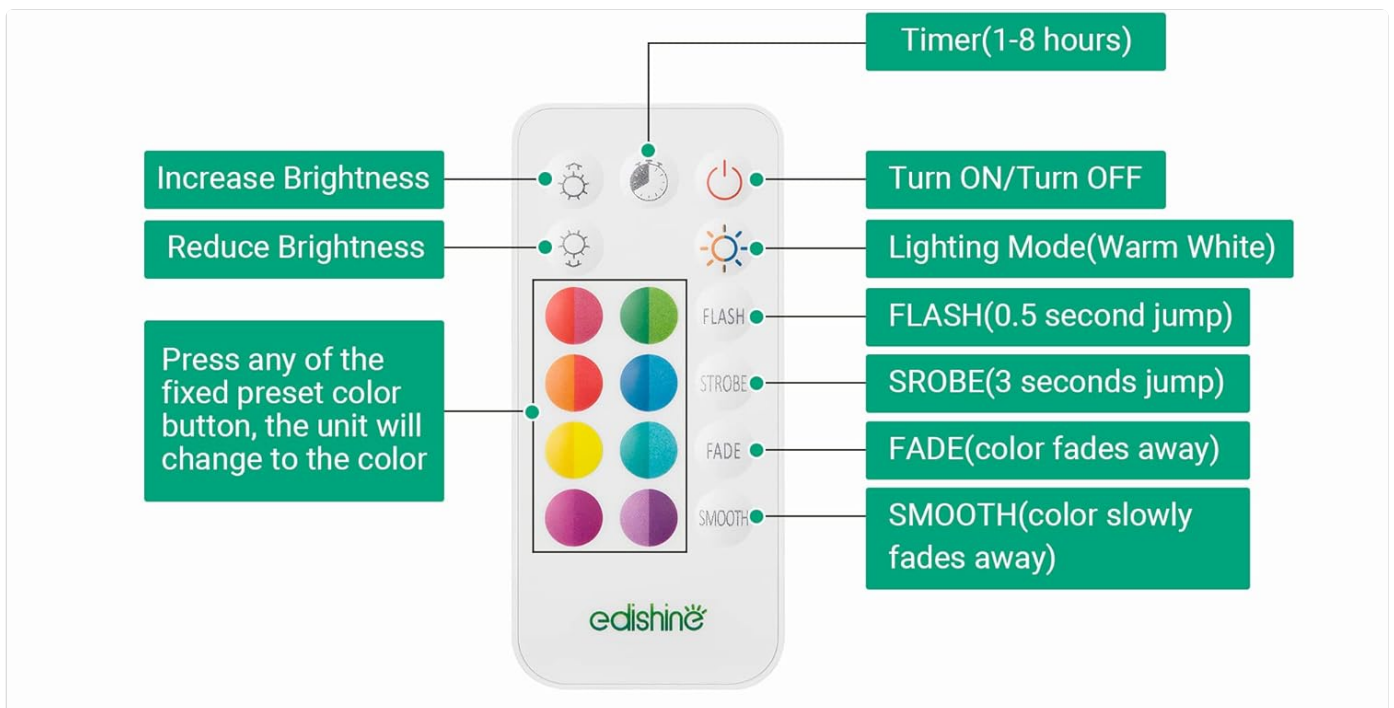

Image: A detailed diagram of the remote control, illustrating each button's function for operating the light bulb.

Remote Control Functions:

- **Power On/Off:** Press the **ON/OFF** button to turn the bulb on or off.
- **Brightness Adjustment:** Use the **Increase Brightness** and **Reduce Brightness** buttons to adjust the light intensity.
- **Color Selection:** Press any of the **fixed preset color buttons** (e.g., Red, Green, Blue, Yellow, Purple, Cyan) to change the bulb's color.
- **White Light:** Press the **Lighting Mode (Warm White)** button to switch to warm white light. The bulb also supports 5000K daylight white, which may be accessible by cycling through white options or a dedicated button not explicitly shown.
- **Dynamic Modes:**
 - **FLASH (0.5 second jump):** Rapidly cycles through colors.
 - **STROBE (3 seconds jump):** Cycles through colors with a 3-second interval.
 - **FADE (color fades away):** Smooth transition between colors.
 - **SMOOTH (color slowly fades away):** Gradual and continuous color changes.

- **Timer Function:** Press the **Timer** button repeatedly to set an auto-off timer for 1, 2, 4, or 8 hours. Each press cycles through the available timer options.
- **Memory Function:** The bulb automatically remembers the last color and brightness setting used when it is turned off and then back on.

MAINTENANCE

- **Cleaning:** Ensure the bulb is cool and the power is off before cleaning. Wipe the bulb with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** If storing the bulb for an extended period, keep it in its original packaging in a cool, dry place.
- **Remote Battery:** Replace the remote control battery (e.g., CR2025 coin cell) when its range decreases or it stops responding.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bulb does not light up.	No power to the fixture, bulb not screwed in properly, bulb is faulty.	Check power switch and circuit breaker. Ensure bulb is securely screwed into the socket. Test bulb in another working fixture.
Remote control not working.	Remote battery is dead or incorrectly inserted, remote is too far from the bulb, obstruction between remote and bulb.	Replace remote battery. Ensure remote is within effective range (typically 10-15 feet) and pointed directly at the bulb. Remove any obstructions.
Colors are not accurate or consistent.	Interference from other devices, bulb malfunction.	Try resetting the bulb by turning it off and on at the power switch. If the issue persists, contact customer support.
Timer function not activating.	Timer not set correctly.	Ensure you press the timer button until the desired duration is indicated.

SPECIFICATIONS

Feature	Detail
Brand	EDISHINE
Model	B09YQWM894
Light Type	Color Changing (RGB)
Special Feature	Dimmable, Remote Control, Timer, Memory Function
Wattage	10 Watts
Incandescent Equivalent	60 Watts
Bulb Shape Size	A19
Bulb Base	E26
Brightness	800 Lumens
Color Temperature	2700K (Warm White), 5000K (Daylight White)

Feature	Detail
Voltage	120 Volts (AC)
Average Life	15,000 Hours
Indoor/Outdoor Usage	Outdoor (suitable for damp locations, not direct exposure unless specified by fixture)
Certifications	ETL, UL, Energy Star Certified
