Merrick Lane Santorini

Merrick Lane Santorini Indoor/Outdoor Dining Chair Instruction Manual

Model: Santorini (MLANE-DIN-167627)

1. PRODUCT OVERVIEW

The Merrick Lane Santorini Dining Chair is designed for both indoor and outdoor use, featuring a durable galvanized steel frame and a comfortable slatted back. Its minimalistic design and powder-coated finish ensure longevity and versatility in various settings.

2. SETUP AND ASSEMBLY

The Merrick Lane Santorini Dining Chair arrives fully assembled. No additional tools or assembly steps are required.

2.1 Unpacking

1. Carefully remove the chair from its packaging.
2. Inspect the chair for any signs of damage during transit. If damage is found, contact customer support immediately.
3. Remove all protective materials and dispose of them responsibly.

2.2 Placement

- Place the chair on a flat, stable surface.
- The chair is equipped with plastic floor glides to protect your flooring. Ensure these glides are intact and properly positioned before use.

- This chair is suitable for both indoor and outdoor environments. When used outdoors, consider placing it under cover to prolong its lifespan.

Image 2.1: Detailed view of the chair's features, highlighting the curved vertical slat back, ergonomic contoured seat, and screw leveling floor glides for floor protection and stability.

3. OPERATING INSTRUCTIONS

The Merrick Lane Santorini Dining Chair is designed for seating purposes. Ensure proper usage to maintain its integrity and ensure user safety.

- **Weight Capacity:** The chair has a maximum weight recommendation of 500 pounds (226 kg). Do not exceed this limit.
- **Intended Use:** Use the chair for sitting only. Avoid standing on the chair or using it as a step stool.
- **Movement:** When moving the chair, lift it rather than dragging it to prevent damage to the floor glides and the chair frame.

4. MAINTENANCE AND CARE

Regular maintenance will help preserve the appearance and extend the lifespan of your dining chair.

4.1 Cleaning

- For general cleaning, wipe the chair with a soft, damp cloth.
- For stubborn dirt or stains, use a mild soap solution and a soft cloth. Rinse thoroughly with clean water and dry immediately to prevent water spots.
- Avoid using abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the powder-coated finish.

4.2 Inspection

- Periodically check the plastic floor glides for wear and tear. Replace them if they are damaged to prevent scratching floors.
- Ensure all frame connections remain secure. While the chair is fully welded, regular inspection is good practice.

4.3 Storage (Outdoor Use)

- During prolonged periods of non-use or harsh weather conditions, it is recommended to store outdoor chairs in a protected area or cover them with a suitable furniture cover.

5. TROUBLESHOOTING

If you encounter any issues with your Merrick Lane Santorini Dining Chair, refer to the following common solutions:

- **Wobbly Chair:** Ensure the chair is placed on a completely flat surface. Check the screw leveling floor glides and adjust them if necessary to achieve stability.
- **Floor Scratches:** Verify that the plastic floor glides are present and undamaged. If glides are missing or worn, they may need replacement.
- **Surface Damage:** If the powder-coated finish is scratched, minor touch-up paint matching the chair's color may be used. Consult a professional if damage is extensive.

For issues not covered here, please contact Merrick Lane customer support.
