

Lionelo LO-IRMA GREEN FOREST

LIONELO Irma Stroller User Manual

Model: LO-IRMA GREEN FOREST

1. INTRODUCTION

Thank you for choosing the LIONELO Irma Stroller. This manual provides essential information for the safe assembly, operation, and maintenance of your stroller. Please read it thoroughly before first use and keep it for future reference. The Irma Stroller is designed for children from 6 months up to 3 years of age, with a maximum weight of 15 kg.

2. SAFETY INFORMATION

WARNING:

- This product is not suitable for jogging or roller skating.
- Always use the restraint system.
- Never leave the child unattended.
- Ensure that all locking devices are engaged before use.
- To avoid injury, ensure that your child is kept away when unfolding and folding this product.
- Do not let your child play with this product.
- Check that the pram body or seat unit attachment devices are correctly engaged before use.
- The maximum load for the storage basket is 3 kg.
- Any load attached to the handle and/or on the back of the backrest and/or on the sides of the product will affect the stability of the product.
- The product is intended for children from 6 months up to 3 years, with a maximum weight of 15 kg.

3. PRODUCT COMPONENTS

Familiarize yourself with the main parts of your LIONELO Irma Stroller:

- **Frame:** Lightweight alloy steel and aluminum construction.
- **Seat Unit:** Padded, 100% polyester fabric.
- **Canopy:** Adjustable XXL canopy.

- **Wheels:** EVA foam wheels with 360° swivel front wheels and rear wheel brake.
- **Harness:** 5-point safety harness.
- **Safety Bar:** Front protection bar.
- **Storage Basket:** Large under-seat basket.
- **Accessories:** Mosquito net, rain cover.

4. SETUP INSTRUCTIONS

4.1 Unfolding the Stroller

1. Place the folded stroller on a flat surface.
2. Release the folding lock (if present).
3. Lift the handle upwards until the frame locks into place with an audible click. Ensure all locking mechanisms are securely engaged.

4.2 Attaching Wheels

The wheels are typically pre-assembled or easily clicked into place. Refer to the visual guide for specific attachment points if required.

4.3 Installing the Safety Bar

Align the safety bar with the designated slots on the stroller frame and push until it clicks securely into place. Ensure it is firmly attached before placing your child in the stroller.

5. OPERATING INSTRUCTIONS

5.1 Adjusting the Backrest

The backrest can be adjusted to 4 different positions, from an upright sitting position to a fully reclined lying position. Locate the adjustment mechanism at the back of the seat and follow the instructions to select the desired angle. Ensure the backrest is securely locked in your chosen position.

5.2 Adjusting the Footrest

The footrest is also adjustable to provide optimal comfort for your child. Adjust it to a position that supports your child's legs comfortably.

5.3 Using the 5-Point Harness

The stroller is equipped with a padded 5-point safety harness. To secure your child:

1. Place your child in the seat.
2. Bring the shoulder straps over your child's shoulders and the waist straps around their hips.
3. Insert the buckles of the shoulder and waist straps into the central buckle until they click.
4. Adjust the straps to ensure a snug, secure fit without being too tight.

5.4 Engaging and Disengaging the Brake

The parking brake is located on the rear wheels. To engage, press down firmly on the brake lever with your foot until the stroller is stationary. To disengage, lift the lever upwards. Always ensure the brake is engaged when the stroller is parked.

5.5 Swiveling and Locking Front Wheels

The front wheels feature a 360° swivel function for easy maneuverability. For stability on uneven terrain or long straight paths, the front wheels can be locked into a fixed forward position. Locate the locking mechanism above each front wheel and engage/disengage as needed.

5.6 Folding the Stroller

The Irma Stroller features a simple one-hand folding mechanism for quick storage and transport. Follow these steps:

1. Ensure the canopy is folded back and the backrest is in an upright position.
2. Locate the folding mechanism (usually on the handle or side of the frame).
3. Activate the mechanism and push the handle downwards, allowing the stroller to collapse.
4. Secure the folding lock to keep the stroller in its compact state.

6. MAINTENANCE

6.1 Cleaning Instructions

- Clean the fabric parts with a damp cloth and mild soap.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the materials.
- Wipe the frame and plastic components with a damp cloth.
- Allow all parts to air dry completely before folding or storing the stroller.

6.2 Storage

- Store the stroller in a dry place, away from direct sunlight and extreme temperatures.
- Protect the stroller from moisture to prevent rust or mildew.

6.3 Wheel Maintenance

- Regularly check the wheels for debris and clean them as needed.
- Ensure the wheel axles are free from dirt to maintain smooth movement.

7. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--|--|--|
| Stroller does not unfold/fold easily. | Folding mechanism is jammed or not fully released/engaged. | Ensure all locks are released before unfolding. Apply gentle, even pressure. Check for obstructions. |
| Wheels are stiff or squeaky. | Dirt or debris in axles; lack of lubrication. | Clean wheels and axles. Apply a small amount of silicone-based lubricant if necessary. |
| Brake not engaging/disengaging properly. | Debris in brake mechanism; worn components. | Clear any debris from the brake mechanism. If the issue persists, contact customer support. |
| Harness is difficult to buckle/unbuckle. | Buckle mechanism is dirty or misaligned. | Clean the buckle mechanism. Ensure all parts are aligned correctly. |
