4. SETUP

4.1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case. Connect the provided Type-C cable to the charging port on the case and a compatible USB power source. The LED display on the case will show the charging progress. The earbuds will charge automatically when placed inside the case.

- Earbuds provide up to 5 hours of music playback per charge.
- The charging case provides an additional 25 hours of playback, allowing for 5 full recharges of the earbuds.
- The charging case supports Type-C fast charging.

All Day Battery Life

Image: The earbuds and charging case connected to a Type-C cable, illustrating the battery life: 5 hours per earbud charge, 25 hours from the charging case, and 1.5 hours to fully charge the case.

4.2. Power On/Off

- **Power On:** Open the charging case. The earbuds will automatically power on and connect to the last paired device.
- **Power Off:** Place the earbuds back into the charging case and close the lid. They will automatically disconnect and power off.

4.3. Bluetooth Pairing

Follow these steps to pair your earbuds with a new device:

1. Open the charging case. The earbuds will enter pairing mode.
2. Enable Bluetooth on your device (smartphone, tablet, etc.).
3. Search for "Q35" in the list of available Bluetooth devices.
4. Select "Q35" to connect. Once connected, the earbuds will automatically connect to this device in the future when removed from the case.

5. WEARING INSTRUCTIONS

For optimal sound quality and a secure fit, follow these steps:

1. Put the earhook over the back of your ear.
2. Insert the ear cap into your ear canal.
3. Adjust the earbud by twisting it for comfort and a secure seal.

Image: Step-by-step visual guide on how to properly wear the earbuds with earhooks for stability and comfort, including selecting the correct eartip size.

6. OPERATING INSTRUCTIONS

6.1. Touch Controls

The earbuds feature intuitive touch controls for managing audio and calls:

- **Play/Pause:** Double-click on either the Left (L) or Right (R) earbud.
- **Volume Up:** Single-click on the Right (R) earbud.
- **Volume Down:** Single-click on the Left (L) earbud.
- **Next Track:** Long press the Right (R) earbud for 2 seconds.
- **Previous Track:** Long press the Left (L) earbud for 2 seconds.
- **Answer/End Call:** Double-click on either the Left (L) or Right (R) earbud.
- **Reject Call:** Long press either the Left (L) or Right (R) earbud for 2 seconds.
- **Voice Assistant (Siri/Google Assistant):** Triple-click on either the Left (L) or Right (R) earbud.

7. MAINTENANCE

7.1. Cleaning

Regular cleaning helps maintain sound quality and charging efficiency:

- Clean the silicone eartips regularly with a soft, dry cloth.
- Gently clean the mesh area of the earbuds to prevent wax buildup, which can affect sound quality.
- If charging issues occur, use a cotton swab with a small amount of alcohol to clean the charging contacts on both the earbuds and inside the charging case.

IPX7 Waterproof

Not afraid of rain and sweat, perfect for sports

Image: A person splashing water on their face while wearing the earbuds, illustrating the IPX7 waterproof feature, making them suitable for use during rain or sweat.

8. TROUBLESHOOTING

8.1. Poor Sound Quality

If you experience poor sound quality:

- Ensure you are using the correct size eartips for a proper seal in your ear canal. A good seal is crucial for optimal bass and noise isolation.
- Clean the eartips and the earbud mesh to remove any debris or earwax buildup.

8.2. Earbuds Cannot Be Charged

If your earbuds are not charging:

- Clean the charging contacts on both the earbuds and inside the charging case using a soft cloth or cotton swab with a small amount of alcohol.

- Ensure the charging cable is securely connected to both the case and the power source.
