3. **Construct Frame:** Connect the side panels to the base and top panel using dowels and screws. Ensure all connections are secure.
4. **Install Shelves:** Insert shelf supports into the pre-drilled holes at your desired height. Place the shelves onto the supports.

- **Shelves:** Utilize the spacious shelves for folded garments, linens, or storage boxes.
- **Drawers:** The smooth-sliding drawers are ideal for smaller items such as underwear, socks, or accessories.
- **Weight Distribution:** Always distribute weight evenly across shelves and within drawers to maintain stability and prevent warping.

- **Door and Drawer Operation:** Open and close doors and drawers gently to ensure longevity of hinges and slides.

## 6. MAINTENANCE

---

Proper care will extend the life and appearance of your wardrobe.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the wood finish. Dry immediately with a clean cloth.
- **Spills:** Clean up spills immediately to prevent staining or water damage to the wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.
- **Environment:** Maintain a stable room temperature and humidity level. Extreme fluctuations can cause wood to expand, contract, or crack.

## 7. TROUBLESHOOTING

---

If you encounter issues with your wardrobe, consider the following common solutions:

- **Wobbly Wardrobe:** Ensure the wardrobe is on a level surface. Check that all assembly screws are tightened. Verify the wall attachment device is securely installed.
- **Doors Not Closing Properly:** Adjust the hinges. Most hinges allow for minor adjustments to align doors. Refer to the hinge manufacturer's instructions if specific adjustments are needed.
- **Drawers Sticking:** Check that drawer slides are correctly installed and free of obstructions. Ensure the drawer is not overloaded. Lubricate slides with a silicone-based spray if necessary.
- **Scratches/Minor Damage:** For minor scratches on the wood, a wood repair marker or furniture polish designed for pine wood can be used.
