

iRAG A101

iRAG A101 Wired Earbuds Headphones: User Manual

INTRODUCTION

Thank you for choosing the iRAG A101 Wired Earbuds. These in-ear headphones are designed to provide a high-quality audio experience with noise isolation and convenient controls. This manual will guide you through the setup, operation, maintenance, and troubleshooting of your new earbuds.

PRODUCT OVERVIEW

An overview of the iRAG A101 Wired Earbuds, showcasing their sleek gun metal finish, the 3.5mm audio jack, and the integrated in-line remote control.

The iRAG A101 earbuds feature a durable design with a 4-foot tangle-free TPE cord and metal earbud housings. They include a built-in microphone and a multifunction button for easy control of calls and music. The in-ear design provides sound isolation to reduce external noise.

SETUP

1. Selecting the Right Ear Tips

Comfortable Fit

Choose from three different earbud sizes for a secure and comfortable fit that will stay in your ear

Removable Earbud Tips

Silicone earbud tips can be easily removed and cleaned

In-Ear Stereo

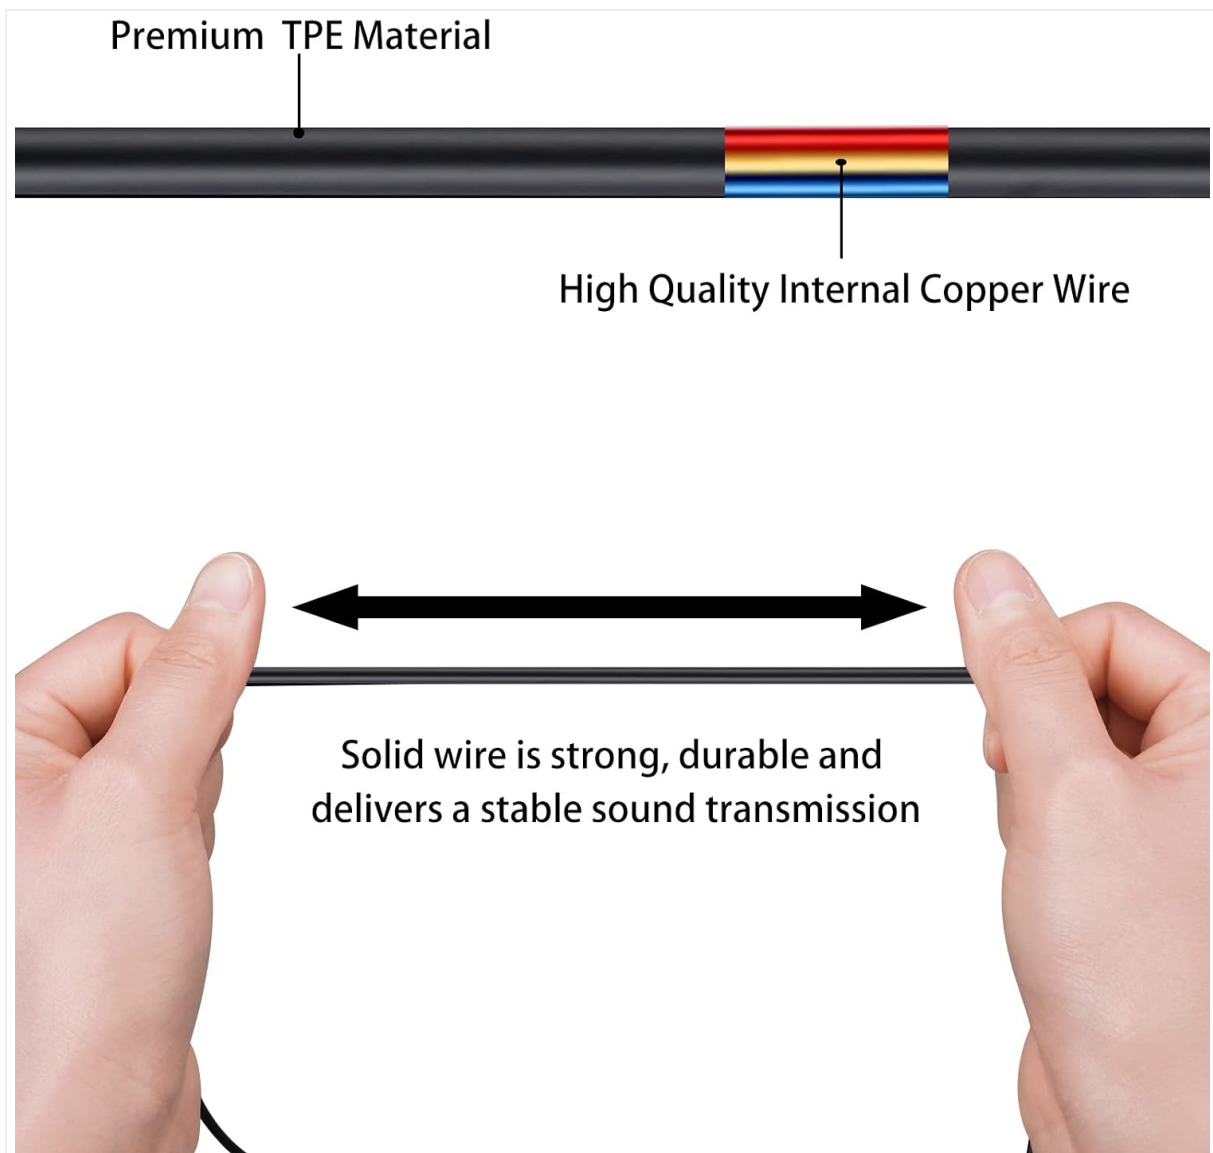

In-ear earbuds delivers a more dynamic, balanced sound and is noise isolating

This image illustrates the comfortable in-ear fit of the iRAG A101 earbuds and highlights the removable silicone earbud tips, which can be easily cleaned and replaced for optimal hygiene and fit.

For optimal sound quality and comfort, choose the ear tips that best fit your ears. The iRAG A101 earbuds come with small, medium, and large silicone ear tips. Experiment with different sizes to find the most secure and comfortable fit that also provides effective noise isolation.

2. Connecting to Your Device

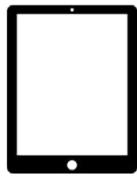

This graphic demonstrates the broad compatibility of the iRAG A101 earbuds with a wide range of devices, including smartphones (iPhone, Android), tablets (iPad), computers (PC, MacBook), and portable music players (iPod), all connecting via the universal 3.5mm audio jack.

Insert the 3.5mm audio jack into the headphone port of your compatible device. The earbuds are compatible with iPhones, Androids, iPads, tablets, iPods, MacBooks, and computers. Some devices may require an adapter (not included).

OPERATING INSTRUCTIONS

Multifunction Button Controls

iPad

iPhone

iPod

MAX COMPATIBILITY

Compatible with any 3.5mm audio devices

PC

MacBook

A detailed view of the in-line remote control, featuring a single multifunction button for call management (pick up/hang up/refuse), music playback (play/pause, next/previous song), and voice assistant activation. The integrated HD microphone is also visible.

The in-line remote features a single multifunction button for convenient control:

- **Single Press:** Play/Pause music, Answer/End calls.
- **Double Press:** Skip to the next song.
- **Triple Press:** Go to the previous song.
- **Long Press:** Activate voice assistant (Siri, Hey Google).

Microphone Usage

The integrated HD microphone allows for clear hands-free communication during calls. Ensure the microphone is positioned appropriately for optimal voice pickup.

Noise Isolation

**NOISE
ISOLATING**

MICROPHONE

One Multifunctional Button

- Pick up calls 
- Hang up/Refuse

- Next/Previous 

**ALL TRACK
CONTROL**

This image highlights the noise isolating capability of the iRAG A101 earbuds, which helps reduce external noise for a more immersive listening experience.

The in-ear design of the iRAG A101 earbuds provides passive noise isolation, reducing external noise and allowing for a more immersive audio experience. A proper fit with the correct ear tip size is crucial for effective noise isolation.

MAINTENANCE

Cord Care

Stereo Surround Sound

The earbuds have been specially adjusted by acoustics engineers to produce a high quality surround sound that has low frequency and strong bass

An illustration highlighting the durable construction of the earbud cable, made from premium TPE material with high-quality internal copper wiring for stable sound transmission and tangle-free use.

The 4-foot cord is made of premium TPE material designed to be tangle-free. To prolong its lifespan, avoid excessive pulling or sharp bending. When storing, gently coil the cable.

The earbuds are shown with their 4-foot tangle-free cord neatly coiled, demonstrating their portability and ease of storage.

Cleaning Ear Tips

Regularly remove and clean the silicone ear tips with a soft, damp cloth. Ensure they are completely dry before reattaching them to the earbuds.

General Care

The earbuds are sweat-resistant, making them suitable for sports and exercise. However, they are **not water resistant**. Avoid submerging them in water or exposing them to heavy rain. Store them in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

- **No Sound:**

- Ensure the 3.5mm jack is fully inserted into your device's audio port.
- Check your device's volume settings.
- Test the earbuds with another device to rule out device-specific issues.

- **Microphone Not Working:**

- Ensure the 3.5mm jack is fully inserted. Some devices may require an adapter for microphone functionality (not included).
- Check your device's microphone input settings.
- Test the microphone with another device or application.

- **Uncomfortable Fit / Poor Noise Isolation:**

- Try different sizes of the included silicone ear tips to find the best fit for your ears.
- Ensure the earbuds are inserted correctly and securely.

- **Cold Sensation when Inserting:**

- The earbud housings are made of metal, which may feel cold upon initial insertion. This sensation should dissipate as the earbuds adjust to body temperature.

SPECIFICATIONS

A visual representation of the earbud's internal acoustics, showing how specially adjusted components produce high-quality stereo surround sound with low frequency and strong bass.

Model Name	A101
Brand	iRAG
Connectivity Technology	Wired (3.5mm Jack)
