wa-gu-mi WGMI-EDCS

wa-gu-mi Edo Castle Wooden Architecture 3D Puzzle Instruction Manual

Brand: wa-gu-mi | Model: WGMI-EDCS

1. INTRODUCTION

This manual provides detailed instructions for the assembly and care of your wa-gu-mi Edo Castle Wooden Architecture 3D Puzzle. This kit is designed for individuals aged 15 years and up, offering an engaging model-building experience.

The Edo Castle model is part of the wa-gu-mi architecture series, featuring historical Japanese landmarks constructed from precisely laser-cut wooden pieces.

Safety Information:

- Keep small parts away from young children to prevent choking hazards.
- Handle wooden pieces carefully to avoid splinters.
- Ensure assembly is performed in a well-lit area.

2. PACKAGE CONTENTS

Verify that all components listed below are present in your package before beginning assembly:

- Wood sheets with laser-cut puzzle pieces
- Instruction sheet with diagrams

Package

Wooden
boards x 8

Instruction
sheet

3. ASSEMBLY INSTRUCTIONS

The Edo Castle 3D puzzle is designed for glue-free assembly. Follow these general steps:

1. **Preparation:** Carefully remove all wooden pieces from their sheets. Use a small tool, such as a craft knife or toothpick, if necessary, to gently detach any stubborn pieces. Organize pieces by their corresponding sheet numbers or visual characteristics as indicated in the instruction sheet.
2. **Identify Parts:** Refer to the included instruction sheet for diagrams and part identification. While individual pieces may not be numbered directly, the diagrams will guide you in identifying each component.
3. **Interlocking Assembly:** Begin assembling sections as shown in the instruction sheet. Pieces are designed to interlock. Apply gentle, even pressure to connect them. Avoid forcing pieces, as this may cause damage.
4. **Layered Construction:** The model is built in layers, typically from the base upwards. Ensure each section is securely fitted before proceeding to the next.
5. **Detail Integration:** Integrate smaller decorative elements and architectural details as instructed. Pay attention to the orientation of engraved details.
6. **Final Assembly:** Connect the larger assembled sections to form the complete Edo Castle structure.

4. DISPLAY AND CARE

Once assembled, your Edo Castle model can be displayed as a decorative piece. To maintain its appearance:

- **Placement:** Place the model on a stable, flat surface away from direct sunlight, excessive humidity, or extreme temperature changes to prevent warping or fading of the wood.
- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft-bristled brush. Avoid using liquid cleaners or abrasive materials, as these can damage the wood finish.
- **Handling:** Handle the model by its base whenever possible to avoid stressing delicate parts.

5. TROUBLESHOOTING

Refer to the following solutions for common issues encountered during assembly:

- **Difficulty Identifying Parts:** If individual pieces are not numbered, rely on the visual diagrams in the instruction booklet. Compare the shape and engraved details of the physical pieces to the illustrations.
- **Pieces Do Not Fit:** Ensure the pieces are correctly oriented. Some pieces may require a specific alignment to interlock properly. Apply gentle, consistent pressure. Do not force pieces, as this can cause breakage.
- **Missing Pieces:** Double-check all wood sheets and the packaging. If a piece is genuinely missing, contact customer support with details of the missing component.
- **Damaged Pieces:** If a piece is damaged upon arrival, contact customer support for assistance.

6. PRODUCT SPECIFICATIONS

Specification	Detail
Product Dimensions (L x W x H)	8.19 x 5.12 x 6.46 inches
Item Weight	11.1 ounces
Model Number	WGMI-EDCS

Specification	Detail
ASIN	B09Z1YGDMP
Manufacturer Recommended Age	15 years and up
Manufacturer	Azone
