SENIX BLAE12-M

SENIX 12 AMP Handheld Electric Leaf Blower User Manual

Model: BLAE12-M

Safety Information

Please read and understand all safety warnings, instructions, illustrations, and specifications provided with this power tool. Failure to follow all instructions listed below may result in electric shock, fire, and/or serious injury.

General Safety Warnings

- **Work Area Safety:** Keep work area clean and well lit. Cluttered or dark areas invite accidents. Do not operate power tools in explosive atmospheres, such as in the presence of flammable liquids, gases or dust. Power tools create sparks which may ignite the dust or fumes.
- **Electrical Safety:** Power tool plugs must match the outlet. Never modify the plug in any way. Do not use any adapter plugs with earthed (grounded) power tools. Unmodified plugs and matching outlets will reduce risk of electric shock.
- **Personal Safety:** Stay alert, watch what you are doing and use common sense when operating a power tool. Do not use a power tool while you are tired or under the influence of drugs, alcohol or medication. A moment of inattention while operating power tools may result in serious personal injury.
- **Tool Use and Care:** Do not force the power tool. Use the correct power tool for your application. The correct power tool will do the job better and safer at the rate for which it was designed.
- **Service:** Have your power tool serviced by a qualified repair person using only identical replacement parts. This will ensure that the safety of the power tool is maintained.

Product Overview

The SENIX 12 AMP Handheld Electric Leaf Blower is designed for efficient cleanup of leaves and debris from various outdoor surfaces. Its powerful motor and variable speed control make it suitable for both light and heavy-duty tasks.

Components

- Blower Body

- Blower Tube

Key Features

- **High Performance:** Up to 690 CFM and 115 MPH for effective debris clearing.
- **Powerful Motor:** 120V 12 Amp motor with low vibration.
- **Variable Speed:** Allows for precise control over air speed for different tasks.
- **Lightweight Design:** Easy to control with one hand, weighing approximately 7 pounds.
- **Eco-Friendly:** Electric power means no emissions.

Setup and Assembly

The SENIX Electric Leaf Blower requires minimal assembly before first use.

Attaching the Blower Tube

1. Align the blower tube with the outlet on the main blower body.

2. Push the tube firmly onto the blower body until it clicks into place or is securely seated. Ensure it is fully engaged to prevent it from detaching during operation.
3. Verify the tube is securely attached by gently pulling on it.

Operation

Follow these steps for safe and effective operation of your leaf blower.

Starting the Blower

1. Ensure the blower tube is securely attached.
2. Connect the blower's power cord to a suitable outdoor-rated extension cord. Ensure the extension cord is rated for outdoor use and is of appropriate gauge for the length required.
3. Plug the extension cord into a 120V AC power outlet.
4. To start the blower, press and hold the trigger switch located on the handle.

Variable Speed Control

The SENIX 12 AMP Handheld Electric Leaf Blower features a variable speed trigger, allowing you to adjust the airflow for different tasks.

- **Lower Speeds:** Ideal for delicate areas such as flower beds, gravel paths, or when working near sensitive objects to avoid scattering them.
- **Higher Speeds:** Use for moving heavier or wet debris, clearing large areas, or tackling stubborn piles of leaves.
- Adjust the trigger pressure to achieve the desired air speed.

Maintenance

Regular maintenance ensures optimal performance and extends the life of your SENIX leaf blower.

Cleaning

- Always disconnect the power cord before cleaning.
- Use a soft brush or cloth to remove dust and debris from the air intake vents and blower tube.
- Do not use water or chemical cleaners, as they may damage the motor or electrical components.

Storage

- Store the blower in a dry, well-ventilated area, away from direct sunlight and moisture.
- Keep out of reach of children.
- If storing for an extended period, ensure the blower is clean and free of debris.

Troubleshooting

Refer to the table below for common issues and their solutions.

Problem	Possible Cause	Solution
Blower does not start.	No power to the unit; loose connection; faulty outlet.	Check power cord and extension cord connections. Ensure outlet is functional. Try a different outlet.
Low air output.	Blower tube not fully attached; air intake vents blocked.	Ensure blower tube is securely attached. Clear any debris from air intake vents.
Excessive vibration.	Debris inside the blower housing; loose components.	Disconnect power and inspect for debris. If problem persists, contact customer support.

Specifications

Attribute	Value
Brand	SENIX
Model Name	12 AMP
Model Number	BLAE12-M
Power Source	AC Electric
Voltage	120 Volts
Amperage	12 Amps
Air Volume (CFM)	Up to 690 CFM
Air Speed (MPH)	Up to 115 MPH
Item Weight	7 Pounds
Noise Level	71 dB
Product Dimensions	20.3"L x 11.6"W x 8.8"H
