TOPTECH Rock-8

Top Tech Rock-8 Portable Bluetooth Speaker Instruction Manual

Model: Rock-8 | Brand: TOPTECH

INTRODUCTION

Thank you for purchasing the Top Tech Rock-8 Portable Bluetooth Speaker. This powerful and versatile audio system is designed to deliver crystal-clear sound with deep bass, vibrant LED lights, and multiple connectivity options for an immersive audio experience. Its portable design with a trolley handle and wheels makes it ideal for various events, from outdoor parties to karaoke sessions. This manual provides essential information for the safe and efficient operation of your speaker.

IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions before operating the speaker.
- Keep the speaker away from water, moisture, and extreme temperatures.
- Do not block any ventilation openings.
- Use only attachments/accessories specified by the manufacturer.
- Protect the power cord from being walked on or pinched.
- Unplug the speaker during lightning storms or when unused for long periods.
- Refer all servicing to qualified service personnel. Do not attempt to repair the unit yourself.
- Avoid prolonged listening at high volume levels to prevent hearing damage.

PACKAGE CONTENTS

Please check the box for the following items:

- Top Tech Rock-8 Portable Bluetooth Speaker
- Wired Microphone
- Charging Cable
- User Manual (this document)

PRODUCT OVERVIEW

Familiarize yourself with the various parts and controls of your Rock-8 speaker.

Figure 2: Detailed view of the speaker's control panel, highlighting the various input ports and control buttons.

Control Panel & Ports:

- 1. Volume Knob:** Adjusts the master volume of the speaker.
- 2. LED Display:** Shows current mode, track number, or FM frequency.
- 3. USB Port:** For playing audio from USB flash drives.
- 4. TF Card Slot:** For playing audio from TF (MicroSD) cards.
- 5. AUX Input (3.5mm):** Connect external audio devices via a 3.5mm audio cable.
- 6. MIC Input (6.35mm):** Connect the wired microphone for karaoke or announcements.
- 7. Mode Button:** Switches between Bluetooth, USB, TF Card, FM Radio, and AUX modes.
- 8. Play/Pause Button:** Plays or pauses audio playback. In FM mode, long press to auto-scan.
- 9. Previous/Next Buttons:** Skips to the previous or next track. In FM mode, short press to change station.
- 10. Power Switch:** Turns the speaker ON or OFF.
- 11. Charging Port:** Connect the charging cable here.

SETUP

Charging the Speaker:

Before first use, fully charge the speaker. Connect the charging cable to the speaker's charging port and plug the other end into a suitable power outlet. The LED indicator will show charging status. A full charge provides up to 5 hours of playtime.

Powering On/Off:

Locate the Power Switch on the control panel. Flip the switch to the "ON" position to power on the speaker. The LED display will light up. Flip the switch to "OFF" to power down the speaker.

OPERATING INSTRUCTIONS

Bluetooth Pairing:

1. Power on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing Bluetooth icon or "BLUE" on the LED display.
2. Enable Bluetooth on your smartphone or other Bluetooth-enabled device.
3. Search for "ROCK-8" in the list of available devices.
4. Select "ROCK-8" to connect. Once paired, the speaker will emit a confirmation sound, and the Bluetooth indicator will stop flashing.
5. You can now play audio wirelessly from your device.

Figure 3: Demonstrating Bluetooth connectivity between the Rock-8 speaker and a mobile device for wireless music streaming.

True Wireless Stereo (TWS) Function:

The Rock-8 speaker supports TWS, allowing you to connect two Rock-8 speakers together for a true stereo sound experience.

1. Ensure both Rock-8 speakers are powered on and are not connected to any Bluetooth device.
2. On one of the speakers (this will be the primary speaker), long press the "Mode" button or a dedicated TWS button (if present, otherwise assume Mode button). The speaker will indicate TWS pairing mode.
3. The two speakers will automatically search and connect to each other. Once connected, a confirmation sound will be heard.
4. Now, connect your Bluetooth device to the primary speaker as described in the "Bluetooth Pairing" section. Audio will play through both speakers in stereo.

Connect 2 Speakers at one

 **Bluetooth™**

Figure 4: Illustration of two Rock-8 speakers paired together using the TWS function for enhanced stereo audio.

USB/TF Card Playback:

Insert a USB flash drive or TF (MicroSD) card into the respective port. The speaker will automatically switch to USB/TF mode and begin playing compatible audio files (MP3, WAV, etc.). Use the Previous/Next buttons to navigate tracks and Play/Pause to control playback.

FM Radio:

Press the "Mode" button until "FM" appears on the LED display. Long press the Play/Pause button to initiate an automatic scan for available radio stations. The speaker will save all found stations. Use the Previous/Next buttons to switch between saved stations.

AUX Input:

Connect an external audio device (e.g., MP3 player, laptop) to the AUX input port using a 3.5mm audio cable. Press the "Mode" button until "AUX" appears on the LED display. Audio will now play through the speaker from your connected device.

Microphone Usage (Karaoke):

Connect the included wired microphone to the MIC input port. Adjust the microphone volume using the dedicated

microphone volume knob (if present, otherwise use main volume). You can now use the microphone for singing, announcements, or public address.

LED Lights Operation:

The speaker features built-in colorful LED lights that sync with the music. These lights automatically activate when the speaker is powered on. There is no specific control mentioned for the LED lights, implying they are always on and reactive to audio.

MAINTENANCE

- Cleaning:** Use a soft, dry cloth to clean the exterior of the speaker. Do not use abrasive cleaners or solvents.
- Storage:** When not in use for extended periods, store the speaker in a cool, dry place, away from direct sunlight and extreme temperatures.
- Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the speaker regularly, even if not in use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Battery is low or dead; Power switch is OFF.	Charge the speaker; Ensure power switch is ON.
No sound	Volume is too low; Incorrect mode selected; Device not connected properly.	Increase volume; Press "Mode" button to select correct input; Reconnect device.
Bluetooth not connecting	Speaker not in pairing mode; Device Bluetooth is OFF; Speaker already connected to another device.	Ensure speaker is in Bluetooth mode (flashing indicator); Turn on device Bluetooth; Disconnect from other devices and try again.
Microphone not working	Microphone not fully plugged in; Microphone volume too low.	Ensure microphone is securely plugged into the MIC input; Adjust microphone volume.
FM radio static	Weak signal; No antenna (if applicable).	Try repositioning the speaker; Some speakers use the charging cable as an antenna, ensure it's connected.
