# LifePro Vizacure LED Light Therapy Face Mask User Manual

Model: LP-VZCR-BLK

## 1. Introduction

Thank you for choosing the LifePro Vizacure LED Light Therapy Face Mask. This device is designed to provide at-home light therapy for facial skin care. It features three distinct LED light modes to support various skin needs. Please read this manual thoroughly before first use to ensure proper operation and safety.

## 2. Safety Information

Before operating the LifePro Vizacure LED Light Therapy Face Mask, please observe the following safety guidelines:

- Read the entire instruction manual before use.
- Do not use if you are pregnant, breastfeeding, or have a history of skin cancer.
- Consult a physician before use if you have any pre-existing medical conditions, are taking photosensitizing medications, or have light-sensitive skin.
- Avoid direct eye exposure to the LED lights. The mask is designed with eye protection, but prolonged direct staring into the lights is not recommended.
- Keep the device dry. Do not use near water or in excessively humid environments.
- Do not attempt to disassemble or repair the device. Contact customer support for assistance.

- Keep out of reach of children.

# 3. Product Overview and Components

The LifePro Vizacure LED Light Therapy Face Mask is a lightweight, hands-free, and rechargeable device designed for convenient at-home use. Its primary components include:

- **LED Face Mask:** The main body of the mask, containing the LED lights.
- **Eyeglasses Frame:** Integrated frame for comfortable wearing, similar to eyeglasses.
- **Power Button:** Located on the side of the eyeglasses frame for controlling power and light modes.
- **Charging Port:** USB port for recharging the internal battery.

# 4. Setup

## 4.1 Initial Charging

Before first use, fully charge the device. Connect the provided USB charging cable to the mask's charging port and a suitable USB power adapter (not included). The charging indicator light will provide feedback on the charging status. A full charge typically takes approximately 2-3 hours.

## 4.2 Wearing the Mask

Place the mask on your face like a pair of eyeglasses, ensuring it sits comfortably and securely. The design allows for hands-free operation.

## 5. Operating Instructions

Follow these steps for a typical light therapy session:

1. **Secure Mask on Face:** Ensure the mask is comfortably positioned on your face.
2. **Power On:** Press and hold the power button located on the left side of the eyeglasses frame for a few seconds until the lights illuminate.
3. **Choose LED Mode:** Tap the power button to cycle through the available LED light modes (Red, Amber, Blue). Select your desired light color.
4. **Begin Session:** Relax and enjoy the therapy for 15-20 minutes. The device is designed for hands-free use, allowing you to perform other light activities.
5. **Power Off:** After your session, press and hold the power button again until the lights turn off.

## 6. LED Light Modes

The LifePro Vizacure LED Light Therapy Face Mask offers three distinct light modes, each targeting specific skin concerns:

- **Red Light:** This mode is intended to support collagen production, which may contribute to firmer and smoother skin.
- **Amber Light:** This mode aims to soothe the skin and promote an even skin tone. It may also support circulation and lymphatic drainage.
- **Blue Light:** This mode is designed to help clear the skin by targeting bacteria and minimizing oil, potentially leading to a more balanced complexion.

## 7. Charging

To charge your LifePro Vizacure LED Light Therapy Face Mask, connect the provided USB cable to the charging port on the device and to a standard USB power source. The battery life is approximately 30 to 60 minutes on a full charge, depending on usage.

## 8. Maintenance

### 8.1 Cleaning

To clean the mask, gently wipe the surface with a soft, dry cloth. For stubborn spots, a slightly damp cloth with mild soap can be used, followed by immediate drying. Do not use abrasive cleaners or immerse the device in water.

### 8.2 Storage

Store the mask in a cool, dry place away from direct sunlight and extreme temperatures. Keep it in its original packaging or a protective case to prevent damage.

## 9. Troubleshooting

| Problem | Possible Cause | Solution |
|---|---|---|
| Mask does not turn on. | Low battery or not charged. | Charge the mask fully. Ensure the charging cable is securely connected. |
| Lights are dim or flickering. | Low battery. | Recharge the mask. |
| Cannot change light modes. | Incorrect button press or device malfunction. | Ensure you are tapping the power button briefly to cycle modes. If the issue persists, contact customer support. |
| Charging indicator not working. | Faulty cable or power source. | Try a different USB cable or power adapter. |

## 10. Specifications

- **Model Number:** LP-VZCR-BLK
- **Product Dimensions:** 8.3 x 6.5 x 4.9 inches
- **Weight:** 11.36 ounces
- **Material:** Plastic
- **LED Colors:** Red, Amber, Blue
- **Battery Life:** 30 to 60 minutes (approximate)
- **Charging:** USB Rechargeable
