Tupperware Vent 'N Serve 7-Piece Container Set Instruction Manual

Model: 850040647044

1. PRODUCT OVERVIEW

The Tupperware Vent 'N Serve 7-Piece Container Set is designed for convenient food preparation, freezing, and reheating. These microwave-safe containers feature a unique venting system, allowing steam to escape during reheating for optimal results. Made from durable, BPA-free plastic, they are suitable for use in the freezer, microwave, and dishwasher, offering a versatile solution for meal management.

Vent 'N Serve® 7-Piece Set

Microwave-safe containers with lids allow you to prep, freeze, and reheat meals all in one container, helping you to save time, money and space.

Image: Icons indicating BPA-Free, Dishwasher Safe, Freezer Safe (Min. -25°C / -13°F), and Microwave Safe (Max. 160°C / 320°F, US 840 watts). Also lists included sizes: 1¾ cup round, 2½ cup round, 2½ cup medium shallow, 3¾ cup round, 4½ cup medium, 6 cup large shallow, and 6¼ cup medium deep.

2. SETUP AND FIRST USE

Before first use, wash all containers and lids thoroughly with warm, soapy water or in the dishwasher. Rinse and dry completely. Ensure the vent mechanism on each lid is clean and free of debris.

3. OPERATING INSTRUCTIONS

3.1 Reheating in the Microwave

- Place food in the container and secure the lid.
- Open the vent on the lid before placing the container in the microwave. This allows steam to escape, preventing pressure buildup and ensuring even reheating.
- The footed bases of the containers promote even reheating by allowing microwave energy to circulate around the container.
- Handles are designed to stay cool to the touch for safe removal from the microwave.
- Reheat food according to your microwave's instructions and food type.
- **Important:** These containers are designed for reheating, not prolonged cooking. Overheating certain foods may cause permanent blistering or staining. Check food when reheating for over 5 minutes.

- Allow 2-5 minutes at room temperature before microwaving for best results.

Even Reheating

- Footed bases to promote even reheating
- Handles stay cool to the touch
- Venting system to allow steam to escape

**Please allow 2-5 minutes at room temperature before microwaving*

Mess- Free

Leave the lid on and open the valve to help prevent splatters in your microwave.

3.2 Freezing and Refrigeration

- The containers are freezer safe (down to -25°C / -13°F) and refrigerator safe.
- Ensure the vent is closed when storing food in the refrigerator or freezer to maintain an airtight seal.
- The containers are designed to be airtight, leakproof, and aroma-proof, keeping food fresh.
- They are stackable for efficient storage in your refrigerator or freezer.

More than just a container

From the freezer to the microwave to the table and back to the fridge, these containers let you prep family-sized meals or individual meals for every day of the week, and cleanup will still be a breeze!

4. MAINTENANCE AND CARE

- All components of the Vent 'N Serve set are dishwasher safe. For best results, place on the top rack.
- Alternatively, wash by hand with warm, soapy water and a soft sponge.
- To prevent staining, especially from foods like tomato sauce, rinse containers immediately after use. If staining occurs, a bleach solution can be used for soaking, followed by thorough rinsing.
- Ensure lids and containers are completely dry before storing to prevent odors or mildew.

5. TROUBLESHOOTING

- **Lids difficult to open or close:** Ensure the container and lid are clean and dry. If containers are stacked tightly, try gently twisting or applying slight pressure to the edges to release any vacuum.
- **Food not heating evenly:** Always ensure the vent is open during microwave reheating. Stir food halfway through reheating if possible.
- **Staining:** As mentioned in Maintenance, some foods may cause staining. Prompt cleaning and occasional soaking in a diluted bleach solution can help.

6. SPECIFICATIONS

Brand:	Tupperware
Model Number:	850040647044
Material:	BPA-Free Plastic
Color:	Blue, Gray
Number of Items:	7 Containers with Lids
Included Capacities:	1¾ cup round, 2½ cup round, 2½ cup medium shallow, 3¾ cup round, 4½ cup medium, 6 cup large shallow, 6¼ cup medium deep
