SETUP

1. What's Included

- JBuds Air Pro True Wireless Earbuds
- Charging Case with Integrated USB Charging Cable
- 3 Sets of Gel Tips (Small, Medium, Large)
- 1 Set of Cush Fins

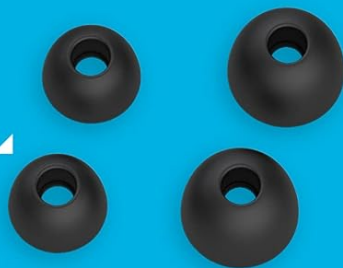

YOUR DAY YOUR WAY

Go through a full work week and a few workouts with 9+ hours of playtime in each earbud and 27 extra hours from the charging case.

2. Charging

Before first use, fully charge the earbuds and the charging case. The charging case has an integrated USB charging cable for convenience.

- Connect the integrated USB cable to a USB-A power source.
- The indicator lights on the case will show charging status.
- Charging time for the earbuds is approximately 1.5 hours.
- The earbuds provide 9 hours of playtime, with an additional 27 hours from the charging case, totaling 36 hours.

3. Fitting Your Earbuds

Proper fit is crucial for sound quality and comfort. Experiment with the different sizes of gel tips and cushion fins to find the best seal for your ears.

- Select the gel tips that provide a snug fit and good passive noise isolation.

- Attach the cushion fins if desired for added stability, especially during physical activity. Ensure the fins are correctly oriented to fit the contours of your ear.
- Gently insert the earbuds into your ear canal and twist slightly to secure them.

4. Initial Bluetooth Pairing

The earbuds will automatically enter pairing mode when removed from the charging case for the first time.

1. Remove both earbuds from the charging case. They will automatically power on and connect to each other.
2. On your device (smartphone, tablet, computer), open the Bluetooth settings.
3. Select "JBuds Air Pro" from the list of available devices.
4. Once connected, you will hear an audio prompt confirming the connection.

OPERATING YOUR EARBUDS

1. Power On/Off

- **Power On:** Remove earbuds from the charging case. They will automatically power on. Alternatively, press and hold the touch sensor on both earbuds for 3 seconds.
- **Power Off:** Place earbuds back into the charging case. They will automatically power off and begin charging. Alternatively, press and hold the touch sensor on both earbuds for 5 seconds.

2. Touch Controls

The JBuds Air Pro feature intuitive touch controls on each earbud. Familiarize yourself with the following commands:

Action	Left Earbud	Right Earbud
Volume Down	Single Tap	N/A
Volume Up	N/A	Single Tap
Play/Pause	Double Tap	Double Tap
Track Back	Triple Tap	N/A
Track Forward	N/A	Triple Tap
Answer/End Call	Single Tap	Single Tap
Reject Call	Press & Hold 1+ sec	Press & Hold 1+ sec
Activate Voice Assistant	Press & Hold 1+ sec	Press & Hold 1+ sec
Change EQ Setting	Triple Tap	Triple Tap
Toggle Be Aware Mode	Triple Tap	Triple Tap

3. Bluetooth Multipoint

The JBuds Air Pro support Bluetooth Multipoint technology, allowing you to connect to two devices simultaneously and seamlessly switch between them.

- Pair the earbuds with your first device as described in the Initial Bluetooth Pairing section.
- Once connected, turn off Bluetooth on the first device. The earbuds will re-enter pairing mode.

- Pair the earbuds with your second device.
- Turn Bluetooth back on for the first device. The earbuds will now be connected to both devices.
- To switch audio, simply pause playback on the current device and start playback on the other device.

MULTIPOINT TECHNOLOGY

Transition seamlessly from device to device.
Switch instantly from listening to your favorite
podcast on your mobile to a call on your computer.
Connect up to 2 devices simultaneously.

**Built-in MEMS
microphone in
each bud ensures
clear calls**

Image: Illustration of Multipoint Technology, showing the earbuds connected to multiple devices like a phone and a laptop.

4. Dual Connect

You can use either earbud independently (left or right) or both together, depending on your activity and environment. Both earbuds have a built-in MEMS microphone for clear calls.

Use either earbud independently or use both together to match your activity and environment.

Image: Visual representation of the Dual Connect feature, indicating that either the left or right earbud can be used independently.

5. EQ3 Sound Settings

The JBuds Air Pro offer three EQ (Equalizer) settings to customize your listening experience without needing an app. Simply triple-tap either earbud to cycle through the modes:

- **JLab Signature:** Amplified vocals and bass, suitable for most uses and music types.
- **Balanced:** Even sound across all frequencies, ideal for podcasts, audiobooks, and classical music.
- **Bass Boost:** Amplified bass and sub-bass, best for workouts, sports, and genres like hip-hop, rap, and electronic music.

CUSTOM EQ³ SOUND

Personalize your sound.
With just a few taps on the touch sensors,
you can choose between three distinct
EQ Settings – JLab Signature, Bass Boost, and
Balanced, to achieve your preferred sound curve.

SWEAT & DUST PROOF

Designed for your life-on-the-go with an
IP55 rating to block dust and sweat.

Image: A person wearing JBuds Air Pro, with an overlay showing the three Custom EQ3 Sound settings: Signature, Balanced, and Bass Boost.

6. Auto Play/Pause

The earbuds are equipped with wear detect sensors that automatically pause your audio when you remove an earbud from your ear. Reinserting the earbud will resume playback.

7. Be Aware Mode

Activate Be Aware Mode to allow ambient sounds to pass through, keeping you aware of your surroundings while still enjoying your audio. This feature is useful for safety during outdoor activities or when conversing.

BE AWARE AUDIO

Be Aware Mode lets you choose to let outside noises in. Stay safe during your run, walk, or have a conversation while still listening to music.

**TRIPLE TAP

8. JLab App

For enhanced customization and firmware updates, download the JLab App from your device's app store. The app allows you to fine-tune Noise Control settings, touch controls, and sound preferences.

JLAB APP

With the new JLab app, you'll have control to customize the Noise Control settings, touch controls, and sound to your personal preference – or use the presets for JLab Signature, Balance or Bass Boost. Plus get software updates for your product right when they're available. Available on the App or Google Play Store.

MAINTENANCE

1. Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Gently clean the charging contacts on both the earbuds and the case using a dry cotton swab to ensure proper charging.

2. Storage

- Always store the earbuds in their charging case when not in use to protect them and keep them charged.
- Store the case in a cool, dry place, away from extreme temperatures and direct sunlight.

3. IP55 Sweat & Dust Resistance

The JBuds Air Pro are rated IP55 for sweat and dust resistance, making them suitable for workouts and outdoor activities. While they are resistant to sweat and light splashes, they are not waterproof and should not be submerged in water.

- Do not rinse the earbuds under running water.
- Ensure earbuds are dry before placing them back into the charging case to prevent damage to the charging contacts.

TROUBLESHOOTING

If you encounter issues with your JBuds Air Pro, try the following steps:

1. Earbuds Not Pairing with Each Other or Device

- Ensure both earbuds are fully charged.
- Place both earbuds back into the charging case, close the lid, and wait a few seconds.
- Remove them from the case. They should automatically connect to each other.
- If still not pairing, forget "JBuds Air Pro" from your device's Bluetooth settings and attempt to re-pair.

2. No Sound or Low Volume

- Check the volume level on both your device and the earbuds.
- Ensure the earbuds are properly seated in your ears and that the correct size ear tips are used for a good seal.
- Clean any debris from the earbud nozzles.

3. Charging Issues

- Ensure the charging cable is securely connected to both the case and the power source.
- Clean the charging contacts on both the earbuds and inside the case.
- Try a different USB power source or cable.

4. Resetting Your Earbuds

If issues persist, a factory reset may resolve them:

1. Forget "JBuds Air Pro" from your device's Bluetooth settings.
2. Place both earbuds in the charging case and close the lid.
3. Open the lid and quickly tap one earbud's touch sensor 7 times. The earbud will flash blue 4 times.
4. Repeat for the other earbud.
5. Remove both earbuds from the case. They will automatically connect to each other and then enter pairing mode.
6. Reconnect to your device via Bluetooth.
