Hot Wheels '68 Mercury Cougar - Flames 2/10

Model: L2593

[Introduction](#) [Setup](#) [Operation](#) [Maintenance](#) [Troubleshooting](#) [Specifications](#) [Warranty & Support](#)

1. INTRODUCTION

This manual provides essential information for the Hot Wheels '68 Mercury Cougar die-cast model, part of the Flames 2/10 series. This 1:64 scale replica is designed for collectors and enthusiasts aged 16 years and up. It features a detailed design inspired by the classic '68 Mercury Cougar, enhanced with flame graphics.

The Hot Wheels '68 Mercury Cougar is a collectible die-cast vehicle, not intended for rough play by young children due to small parts. Its primary purpose is for display and light recreational use on Hot Wheels tracks or similar surfaces.

2. SETUP

The Hot Wheels '68 Mercury Cougar comes pre-assembled and ready for use directly out of its packaging. No assembly or battery installation is required.

2.1 Unboxing

1. Carefully remove the die-cast car from its blister packaging.
2. Retain the packaging for future reference or storage, if desired.

Image 1: Front view of the Hot Wheels '68 Mercury Cougar in its original blister packaging. The car is visible through the clear plastic, showcasing its olive green body with orange and yellow flame decals, black wheels, and chrome accents. The Hot Wheels logo and '68 Mercury Cougar text are prominent on the card.

Image 2: Back view of the Hot Wheels '68 Mercury Cougar packaging. This side displays various product details, including the "HW Flames" series designation, a note about building a Hot Wheels collection, and legal information. Warnings about small parts and suitability for children under 3 years are also visible, along with manufacturer contact details and the UPC barcode (0887961703894).

3. OPERATION

The Hot Wheels '68 Mercury Cougar is a free-rolling die-cast vehicle. Its operation is straightforward:

3.1 Basic Use

- Place the car on a flat, smooth surface.
- Gently push the car forward or backward to initiate movement.
- The car is compatible with most Hot Wheels track sets for enhanced play.

3.2 Display

For collectors, the car can be displayed on shelves, in display cases, or as part of a larger collection. Ensure the display area is stable and free from direct sunlight or extreme temperatures.

4. MAINTENANCE

Proper care will ensure the longevity and appearance of your die-cast model.

4.1 Cleaning

- Use a soft, dry cloth to gently wipe away dust and fingerprints.
- For stubborn dirt, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive cleaners, as these can damage the paint finish.

4.2 Storage

- Store the car in a cool, dry place away from direct sunlight and extreme temperature fluctuations.
- Consider using a display case or the original packaging to protect the model from dust and accidental damage.

5. TROUBLESHOOTING

As a simple die-cast model, major issues are unlikely. However, here are some common minor concerns:

Problem	Possible Cause	Solution
Wheels do not roll smoothly	Dust or debris in axle, bent axle, or manufacturing defect.	Clean wheels and axles with a soft brush. If bent, gentle straightening may be possible, but avoid excessive force. If a defect, refer to warranty.
Paint chipping or fading	Rough handling, exposure to harsh chemicals, or prolonged direct sunlight.	Handle with care. Avoid chemical cleaners. Store away from direct sunlight. This is typically cosmetic and not repairable.
Loose or detached parts	Impact, manufacturing defect.	Small parts may be reattached with appropriate adhesive if desired, but this may affect collector value. Refer to warranty for significant defects.

6. SPECIFICATIONS

- **Model Name:** '68 Mercury Cougar - Flames 2/10
- **Model Number:** L2593
- **ASIN:** B09ZFY5YLL
- **Brand:** Hot Wheels (Mattel)
