User Manual for Changing 15.6" All-in-one Smart Display

Model: Oak Wood | Brand: Changing

INTRODUCTION

The Changing 15.6" All-in-one Smart Display is a versatile device designed to enhance your home environment. It functions as an anti-glare touchscreen digital calendar, a Google Picture Frame, a voice assistant, and a home hub. Running on ChangingOS (based on Android 14), it allows you to install various applications from the Google Play Store, making it adaptable for multiple uses such as a music player, portable TV, drawing board, or game table.

IMPORTANT SAFETY INFORMATION

- Read all instructions carefully before using the device.
- Do not expose the device to water, moisture, or extreme temperatures.
- Use only the provided power adapter to prevent damage and ensure safety.
- Keep the device away from direct sunlight and heat sources.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble or repair the device yourself. Contact qualified service personnel.
- Ensure proper ventilation around the device during operation.

PACKAGE CONTENTS

Please check the box for the following items:

- Changing 15.6" All-in-one Smart Display (Oak Wood Model)
- Power Adapter
- User Manual

PRODUCT OVERVIEW

The Changing Smart Display features a 15.6-inch anti-glare FHD (1920x1080) touchscreen with full-lamination technology for reduced reflection and a paper-like texture. It is designed for both desktop and wall-mount use.

SETUP GUIDE

1. Powering On:

Connect the provided power adapter to the DC-in port on the back of the Smart Display and plug it into a power outlet. The device will automatically power on or you may need to press the power button.

2. Initial Configuration:

Upon first use, follow the on-screen prompts to select your language, region, and agree to the terms of service. This process will guide you through the initial setup of the ChangingOS.

3. Network Connection:

Connect the device to your Wi-Fi network. Go to Settings > Network & Internet > Wi-Fi, select your network, and

enter the password. A stable internet connection is required for most smart features.

4. Google Account Setup:

Sign in with your Google account to access Google Photos, Google Calendar, Google Home, and the Google Play Store. This step is crucial for utilizing the full range of smart features.

OPERATING THE SMART DISPLAY

Digital Picture Frame Functionality

The Smart Display excels as a digital picture frame, allowing you to relive cherished moments. It integrates seamlessly with Google Photos, enabling easy sharing and display of your photo and video collections.

- **Google Photos Sync:** Download the Google Photos app on your phone and log in with the same Google account as on the Smart Display. Photos and videos can be shared directly from your phone to the display.
- **Display Modes:** Switch between Clock Mode, Photo Frame Mode (plays selected photos one by one), and Photo Table Mode (displays multiple photos on one screen).

More than a digital frame

Add new photos and videos anytime, anywhere.

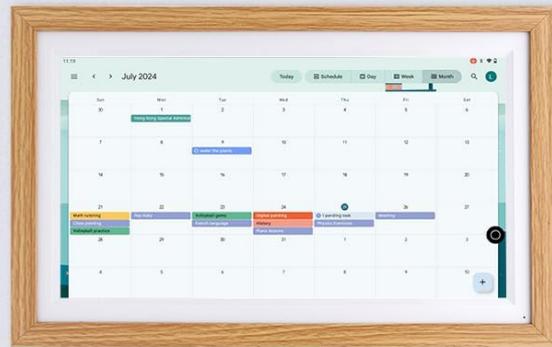

Figure 5: The device can display photos in both portrait and landscape orientations, offering flexibility for content viewing.

Figure 6: Different display modes available, including a clock, single photo display, and a collage of photos.

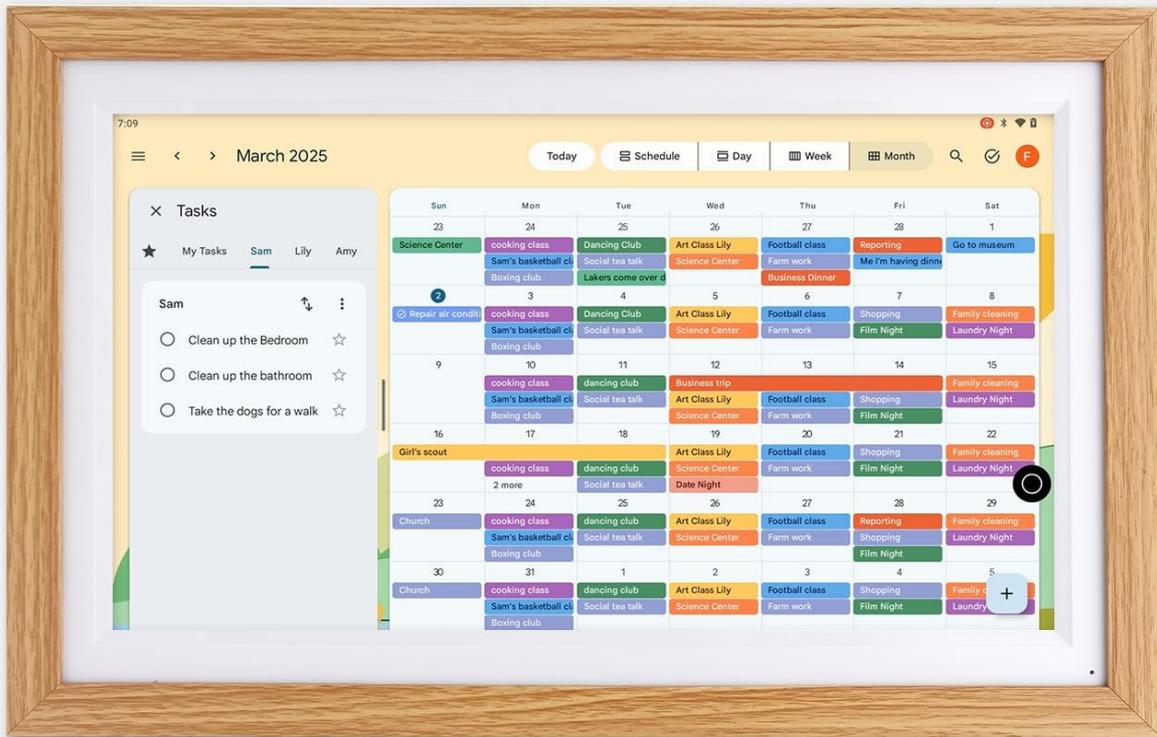

Smart Family Calendar

Keep your family organized with the built-in Google Calendar integration. All your schedules can be synced and viewed on the large display.

- **Syncing Calendars:** Log in with your Google account. The device automatically syncs with Google Calendar. It is also compatible with iCloud Calendar, Outlook Calendar, Cozi, and Yahoo (requires downloading respective apps from Google Play).
- **Viewing Options:** Quickly switch between month, week, and day views. Events from Gmail can be automatically added to your calendar.

Smart Home Hub

The Smart Display can serve as a central hub for your smart home devices, offering convenient control and integration with Google Home.

- **Google Home Integration:** Use the Google Home app on the display to manage connected smart devices.
- **Voice Control:** Utilize voice commands to control smart home devices connected to your network.

Smart Homehub

More control, more entertainment, more help comes with every part of the day on the display.

Google Home

Installing Applications

Expand the functionality of your Smart Display by installing your favorite applications from the Google Play Store.

- **Google Play Store:** Access the Google Play Store directly from the device to download apps for entertainment, productivity, and more.

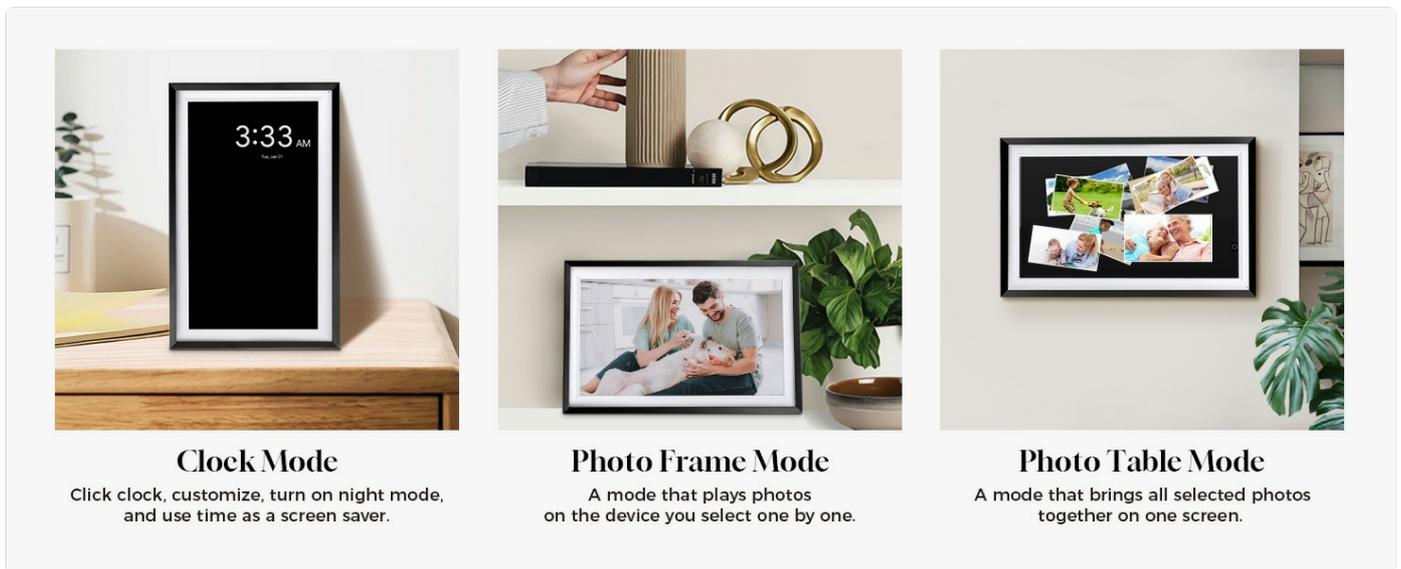

Figure 9: The Google Play Store on the Smart Display, offering access to a wide range of Android applications.

Multimedia Playback

Enjoy music and videos on your Smart Display, transforming it into a portable entertainment center.

- **Music Player:** With immersive stereo sound and dual speakers, the device is ideal for playing music from apps like Spotify.
- **Portable TV:** Connect via Wi-Fi to stream movies and shows, making it a convenient portable TV for any room.
