SAMHOUSING LD-1109

SAMHOUSING Tablet Floor Stand Instruction Manual

MODEL: LD-1109

Adjustable Universal 360-degree Rotatable Metal Tablet Holder

Introduction

The SAMHOUSING Tablet Floor Stand (Model LD-1109) is designed to provide a versatile and hands-free viewing experience for your tablet or phone. Its adjustable height, 360-degree rotatable bracket, and stable metal base make it ideal for use in various settings, including beds, sofas, and recliners. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use of your new device.

Key Features

- **Wide Compatibility:** Compatible with all phones and tablets with screen sizes between 4.7 and 12.9 inches. The clamp accommodates devices with a width between 4.3" and 9.8" (11cm-24.8cm) and thickness within 0.63" (1.6cm).
- **Flexible Adjustment:** Height adjustable from 27.5 to 53 inches. The bracket offers 360-degree rotation for optimal viewing angles.
- **Stable and Durable Construction:** Features a reinforced carbon steel base and double support structure for enhanced stability and longevity. The 1.4kg metal base ensures the stand remains steady.
- **Space-Saving Design:** The flat base can be placed under furniture like beds or sofas, saving valuable space.
- **Hands-Free Convenience:** Perfect for watching movies, live streaming, vlogging, playing games, or reading while lying, sitting, or standing. Helps reduce neck and hand strain.

What's in the Box

Please check the package contents upon arrival to ensure all components are present:

- Metal base

- Support rod
- Folding arm
- Device clamp

Setup Instructions

Follow these steps for quick and easy assembly. No additional tools are required.

1. Install the Metal Base and Support Rod:

Carefully screw the support rod into the designated hole on the metal base. Ensure it is tightened securely to provide a stable foundation for the stand.

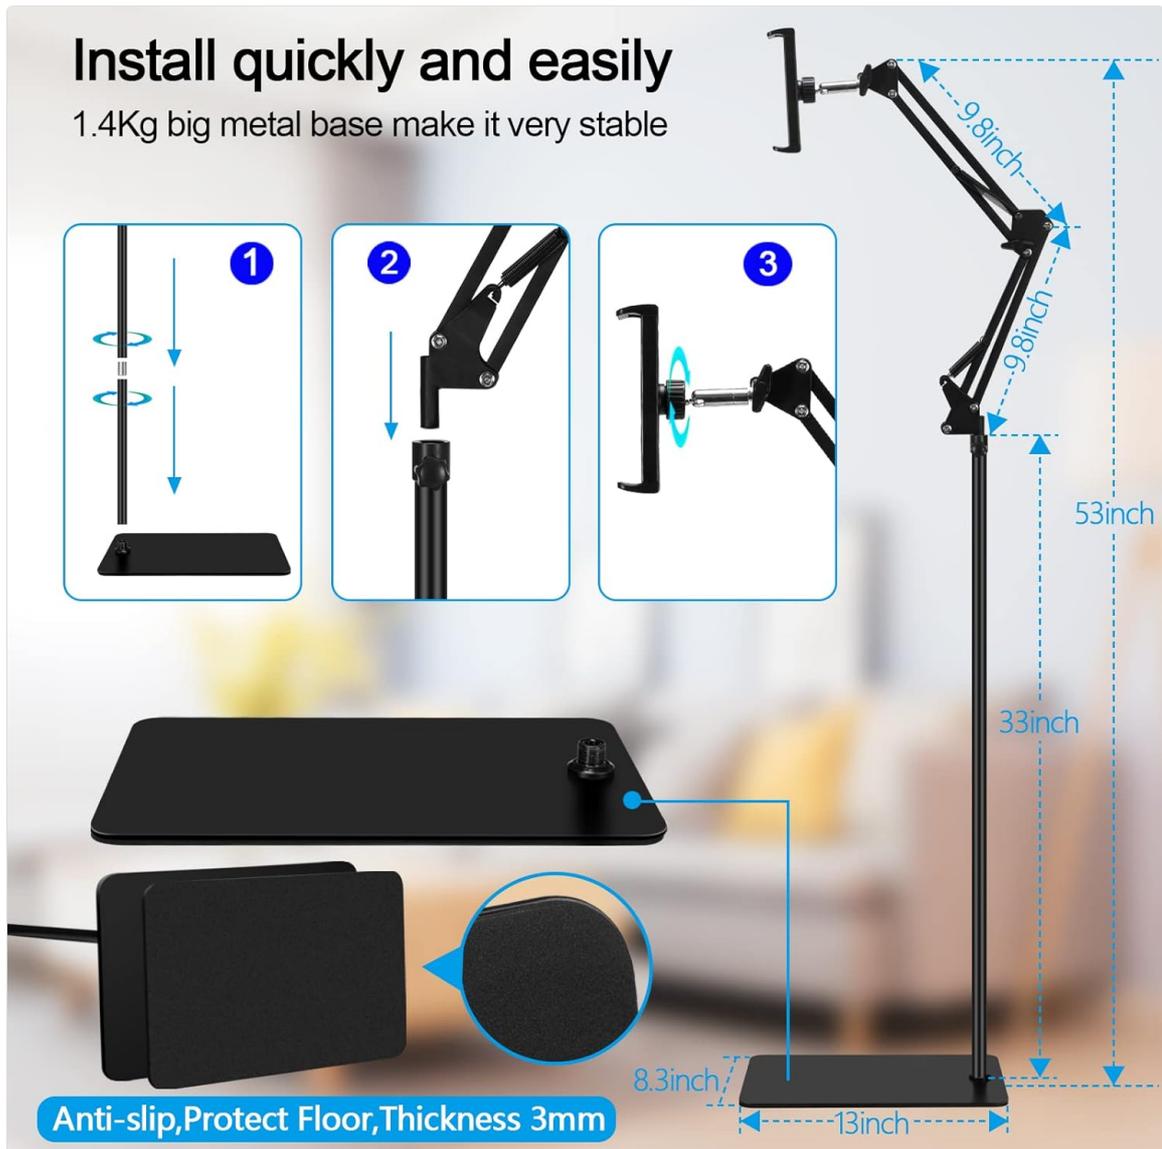

Image: Step 1 of installation, showing the support rod being screwed into the metal base.

2. Attach the Folding Arm:

Insert the bottom end of the folding arm into the top of the support rod. Ensure it clicks or locks into place firmly. This connection allows for the arm's flexible movement.

Install quickly and easily

1.4Kg big metal base make it very stable

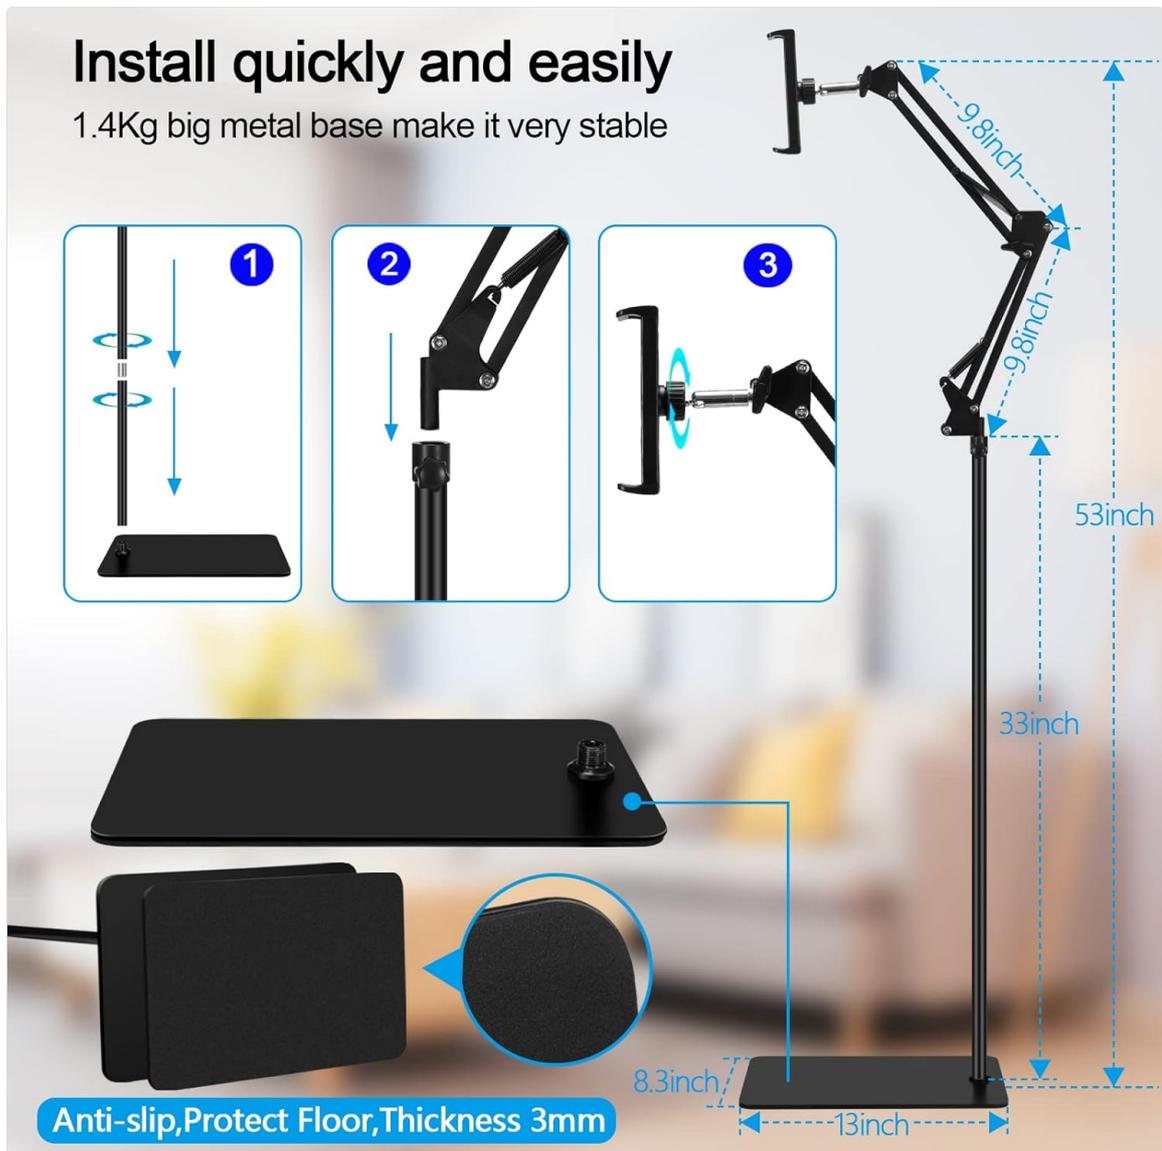

Image: Step 2 of installation, showing the folding arm being attached to the support rod.

3. Install the Device Clamp:

Remove the screw from the back of the device clamp. Insert the ball head of the folding arm into the clamp's socket, then re-tighten the screw to secure the clamp. This allows for 360-degree rotation of your device.

Install quickly and easily

1.4Kg big metal base make it very stable

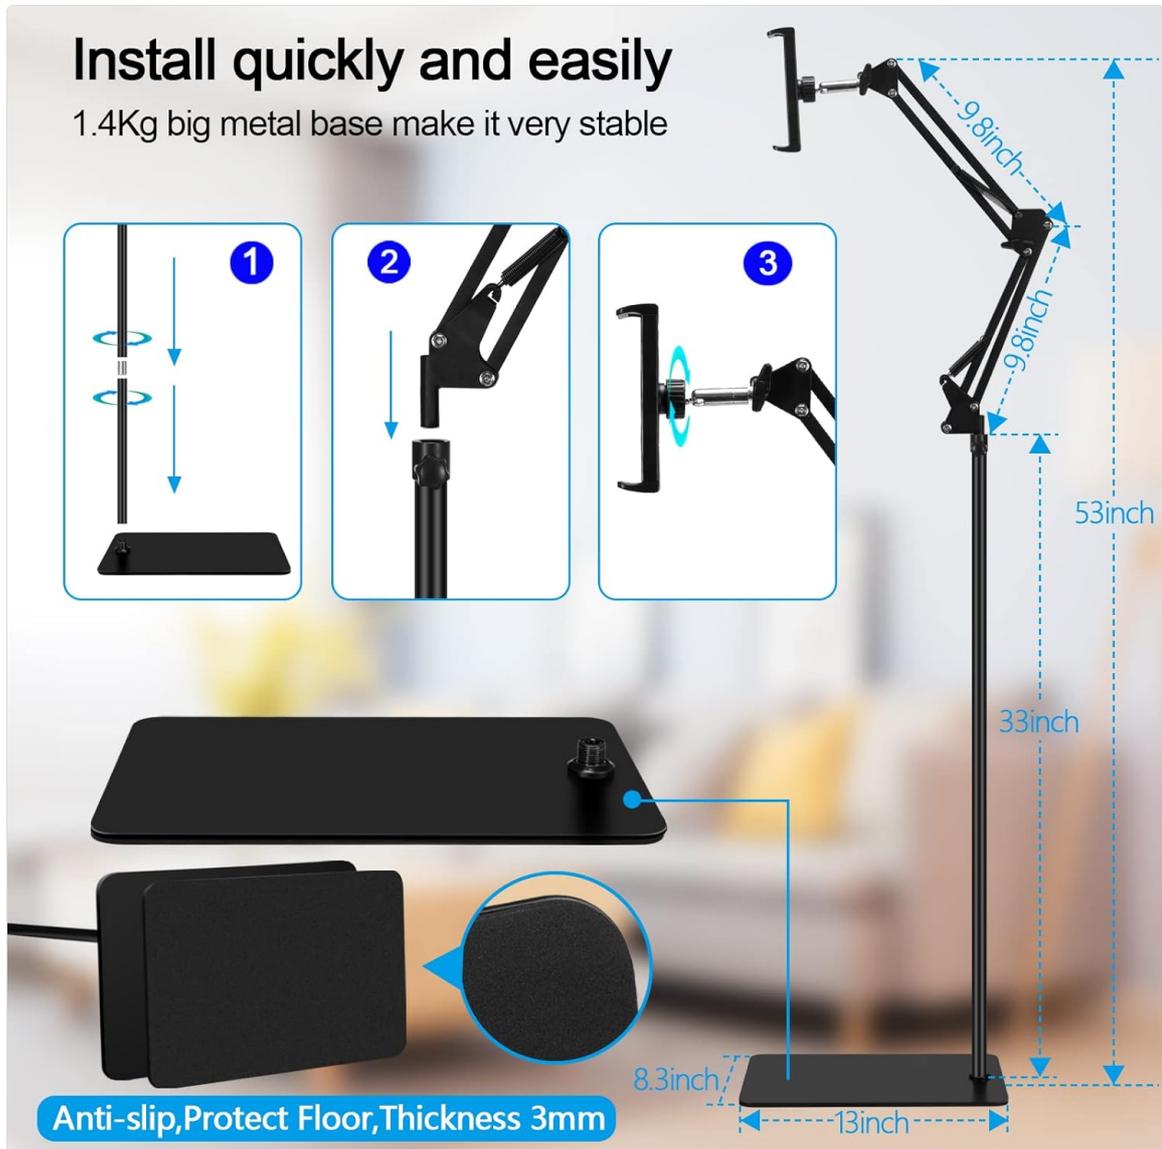

Image: Step 3 of installation, showing the device clamp being attached to the folding arm.

Once assembled, ensure all connections are tight before placing your device on the stand.

Operating Instructions

The SAMHOUSING Tablet Floor Stand offers flexible adjustments for optimal viewing.

- **Adjusting Height:** Loosen the locking mechanism on the support rod to extend or retract the height. Tighten it firmly once the desired height (between 27.5 and 53 inches) is achieved.
- **Adjusting Arm Angle:** The folding arm can be adjusted to various angles. Use the tension knobs on the joints to set the arm in your preferred position. Ensure the arm and base are aligned in the same direction for maximum stability.
- **Rotating Device:** The device clamp allows for full 360-degree rotation. Simply rotate your tablet or phone to switch between portrait and landscape modes.
- **Placing Your Device:** Gently expand the spring-loaded clamps on the holder and insert your tablet or phone. The clamps are designed to securely hold devices within the specified width and thickness.

- To free your hands when watching iPad or iPhone in bed or sofa.
- Flexible mechanical arm can be easily adjusted to your desired position.

Maintenance

To ensure the longevity and optimal performance of your SAMHOUSING Tablet Floor Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the metal surfaces with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by immediate drying. Avoid abrasive cleaners or solvents.
- **Joints and Screws:** Periodically check all screws and joints to ensure they are tight. Re-tighten if necessary to maintain stability.
- **Base Protection:** The base is designed with anti-slip material to protect your floor. Keep this material clean and free from debris to ensure effective grip.
- **Storage:** If storing the stand for an extended period, disassemble it and store in its original packaging or a protective bag in a dry place to prevent dust accumulation and potential damage.

Troubleshooting

If you encounter any issues with your tablet stand, refer to the following common problems and solutions:

Problem	Possible Cause / Solution
Stand is unstable or tips over easily.	<ul style="list-style-type: none"> ◦ Ensure the support rod is securely screwed into the base. ◦ Verify that the folding arm and the base are aligned in the same direction. The stand is most stable when the arm extends directly over the base. ◦ If using a heavy device, ensure the arm is not extended too far horizontally from the base's center of gravity. ◦ Consider placing a heavy object on the base if additional stability is needed, especially on uneven surfaces.
Device slips or falls from the clamp.	<ul style="list-style-type: none"> ◦ Ensure your device's width and thickness are within the compatible range (4.3"-9.8" width, 0.63" thickness). ◦ Verify that the spring-loaded clamps are fully engaged and gripping the device firmly. ◦ Check the ball joint connection to the clamp; if it's loose, tighten the screw to prevent drooping or slipping.
Arm joints are too loose or too stiff.	<ul style="list-style-type: none"> ◦ Adjust the tension knobs on the arm joints. Tighten them to increase stiffness or loosen them for more flexible movement. ◦ Do not overtighten, as this may damage the mechanism.

If the problem persists, please contact SAMHOUSING customer support for further assistance.

Specifications

Feature	Detail
Brand	SAMHOUSING
Model Number	LD-1109
Color	Black
Product Dimensions	8.3 x 13 x 53 inches
Item Weight	3.08 pounds
