

junyuan W6.25-Double

junyuan W6.25-Double Pull Out Spice Rack Organizer Instruction Manual

Model: W6.25-Double

1. PRODUCT OVERVIEW

The junyuan W6.25-Double Pull Out Spice Rack Organizer is designed to enhance kitchen organization by providing easy access to spices and seasonings within cabinets or pantries. This two-tiered, slide-out rack helps declutter storage spaces and keeps items visible and accessible.

2. FEATURES

- **Space-Saving Design:** Optimizes cabinet space by providing a pull-out storage solution for spices, jars, and bottles.
- **One-Sided Bracket Access:** Features a unique I-shaped bracket design that allows for easy access to the lower shelf from one side.
- **Adjustable Height:** The height of the upper bracket can be adjusted to accommodate various sizes of spice bottles, sauce bottles, and jars.
- **Smooth Operation:** Equipped with a ball-bearing slide system for smooth and quiet pull-out functionality.
- **Durable Construction:** Made from sturdy metal with a powder-coated finish for long-lasting use.
- **Easy Installation:** Designed for quick assembly and installation with minimal tools required.

3. SETUP AND INSTALLATION

Follow these steps to assemble and install your junyuan Pull Out Spice Rack Organizer:

1. Assemble the Brackets and Baskets:

Just loosen the lower basket screws

Note :Rotate 180 degrees, can be installed on the left and right sides.

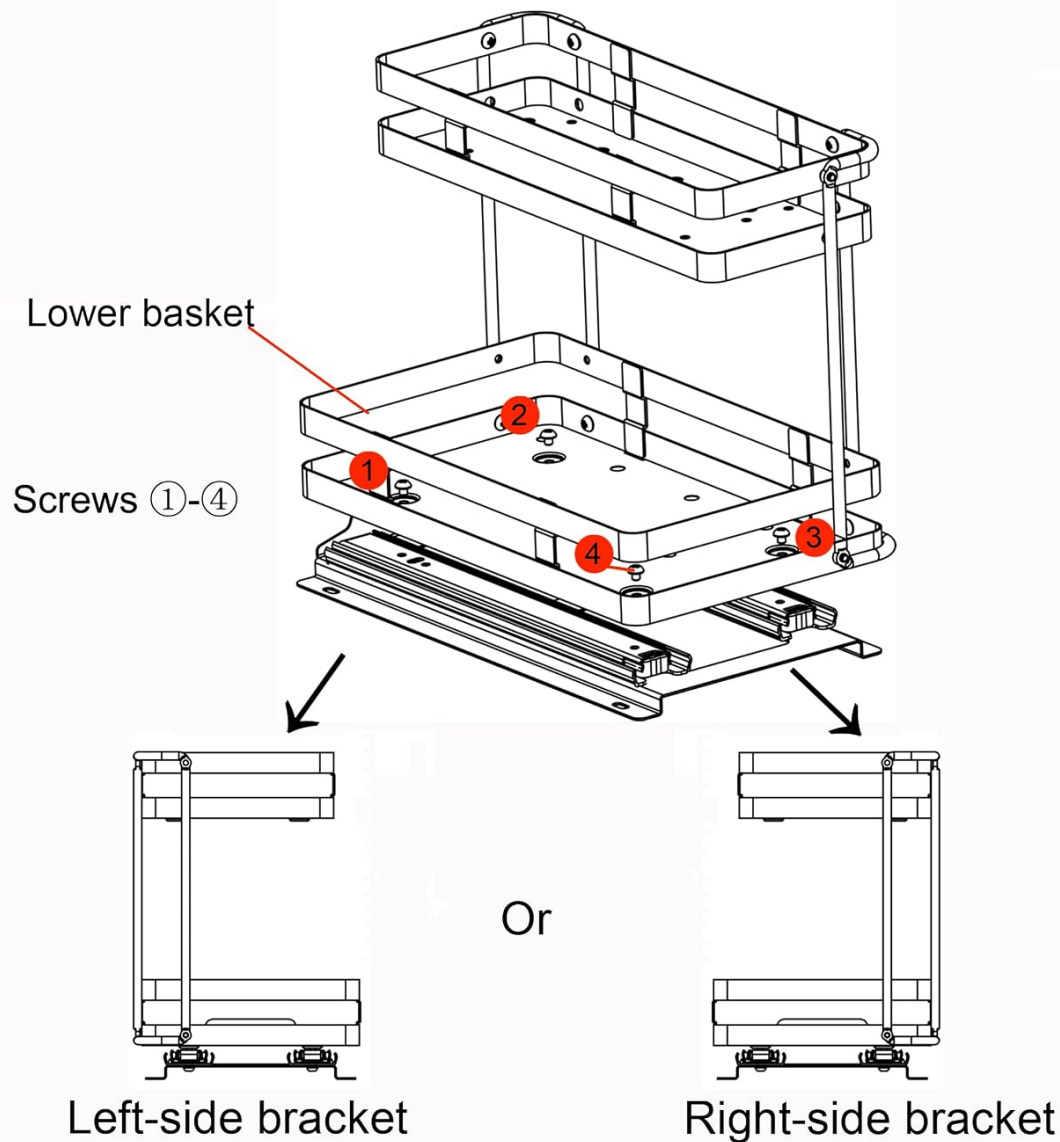

Image: Illustration of attaching the side bracket to the base.

First, fix one side bracket to the base using the provided screws. Ensure it is securely fastened. Then, attach the upper and lower baskets to the stand. The I-shaped bracket allows for height adjustment; select the appropriate holes for your desired basket height.

Sufficient strength and stability

Image: Product dimensions and adjustable height options.

The design allows for the bracket to be installed on either the left or right side by rotating the lower basket 180 degrees, providing flexibility for cabinet configurations.

2. Check Slide Rail Smoothness:

Your browser does not support the video tag.

Video: Demonstration of the spice rack's smooth pull-out mechanism.

Before final installation, gently pull the assembled rack to ensure the slide rail operates smoothly. This confirms proper assembly of the sliding mechanism.

3. Fix the Base in the Cabinet:

Image: Securing the spice rack base inside a cabinet.

Position the assembled spice rack in your desired cabinet location. Use the provided screws to securely attach the base to the cabinet floor. Ensure the cabinet depth is greater than 12 inches for optimal functionality.

Image: The spice rack installed and pulled out, highlighting the one-sided access and minimum cabinet depth requirement.

4. OPERATING INSTRUCTIONS

To access your spices, simply pull the rack forward using the front edge of the basket. The smooth ball-bearing slides will allow the rack to extend fully, providing easy visibility and retrieval of items. Push the rack back into the cabinet until it is fully retracted for storage.

Benefit of one-sided stand design:
The braces are installed on one side only,
greatly easy access to the lower shelf.

Recommended cabinet depth > 12"

5. MAINTENANCE

- **Cleaning:** Wipe the rack with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or scouring pads, as these can damage the finish.
- **Lubrication:** Periodically check the slide rails for smooth operation. If needed, apply a small amount of silicone-based lubricant to the ball bearings to maintain smooth gliding.
- **Inspection:** Regularly inspect all screws and connections to ensure they remain tight. Tighten any loose fasteners to maintain stability.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Rack does not slide smoothly.	Dust or debris in slide rails; lack of lubrication; misaligned installation.	Clean the slide rails. Apply silicone lubricant. Check installation alignment and adjust if necessary.
Rack feels unstable or wobbly.	Loose screws; uneven installation surface.	Tighten all assembly and installation screws. Ensure the cabinet surface is flat.
Rack does not fit in cabinet.	Cabinet dimensions do not meet requirements.	Verify cabinet depth (recommended >12 inches) and width against product specifications before purchase and installation.

7. SPECIFICATIONS

- **Model:** W6.25-Double
- **Brand:** junyuan
- **Color:** Black
- **Product Dimensions (D x W x H):** 13" x 6" x 11"
- **Shelf Type:** Tiered Shelf
- **Number of Shelves:** 2
- **Room Type:** Kitchen
- **Finish Type:** Powder Coated
- **Assembly Required:** Yes
- **Item Weight:** 1 Pound
- **UPC:** 797444857696
