Lens Width	58 mm

SETUP AND ADJUSTMENT

Your Oakley Crosslink Zero OX8080 eyeglasses are designed for a comfortable and secure fit right out of the box. Minor adjustments may be necessary to achieve optimal comfort.

Adjusting the Fit:

- **Nose Pads:** The Unobtainium nose pads are designed to provide a secure grip. If the fit feels too loose or too tight on your nose, gentle adjustments can be made by a qualified optician. Avoid bending the nose pads excessively yourself to prevent damage.
- **Temples (Arms):** The wire-core temples allow for some customization. If the arms feel too loose behind your ears or the frame slides down, an optician can carefully heat and bend the temple tips to conform better to your head shape.
- **Three-Point Fit:** The Oakley Three-Point Fit system holds the lenses in precise optical alignment. This means the frame only touches your head at the bridge of your nose and at the sides of your head behind your temples. Ensure these three points feel comfortable and secure.

For significant adjustments or if you are unsure, it is highly recommended to visit a professional optician to avoid damaging the frame.

OPERATING AND USAGE

Using your Oakley Crosslink Zero OX8080 eyeglasses is straightforward. They are designed for daily wear and active use.

Wearing Your Eyeglasses:

1. Gently unfold the temples of the eyeglasses.
2. Place the eyeglasses on your face, ensuring the nose pads rest comfortably on the bridge of your nose and the temples extend over your ears.
3. The Three-Point Fit system should provide a secure yet comfortable hold without pressure points.

Using the Oakley Leash:

The included Oakley leash can be attached to the temple tips to keep your eyeglasses secure around your neck when not in use, preventing accidental drops or loss, especially during physical activities.

MAINTENANCE AND CARE

Proper care will extend the life and maintain the clarity of your Oakley eyeglasses.

Cleaning Instructions:

1. **Rinse:** Always rinse your eyeglasses under lukewarm running water before wiping to remove loose dirt and dust particles that could scratch the lenses.
2. **Clean:** Apply a small amount of the Designer iWear lens cleaner to both sides of the lenses. Gently rub the lenses and frame with your fingertips.
3. **Rinse Again:** Rinse thoroughly to remove all traces of the cleaner.
4. **Dry:** Gently dry the lenses and frame with the included Oakley microfiber cloth bag or Designer iWear microfiber cloth. Avoid using paper towels, tissues, or clothing, as these can scratch the lenses.

Storage:

- When not wearing your eyeglasses, store them in the provided Oakley microfiber cloth bag or the Oakley hard

case to protect them from scratches and damage.

- Avoid leaving your eyeglasses in direct sunlight or extreme heat (e.g., on a car dashboard), as this can warp the frame material.

TROUBLESHOOTING

Here are some common issues and their potential solutions:

Problem	Possible Cause	Solution
Eyeglasses slide down nose	Loose fit, nose pads need adjustment	Visit an optician for nose pad or temple adjustment.
Lenses appear smudged or dirty	Improper cleaning, residue build-up	Follow the cleaning instructions carefully using the provided cleaner and cloth.
Frame feels too tight behind ears	Temples are too curved or short	Consult an optician to adjust the temple tips.
Scratches on lenses	Improper cleaning materials, abrasive contact	Always use the provided microfiber cloth and store in the case. Scratches are generally not repairable.

If you encounter issues not listed here or require professional assistance, please contact Oakley customer support or your local authorized Oakley dealer.

WARRANTY AND SUPPORT

Your Oakley Crosslink Zero OX8080 eyeglasses are backed by a generous warranty, ensuring protection against manufacturing defects and craftsmanship issues. This provides peace of mind and confidence in your purchase.

Warranty Information:

For specific details regarding the warranty period and coverage, please refer to the warranty card included with your product or visit the official Oakley website. The warranty typically covers defects in materials and workmanship under normal use.

Customer Support:

If you have any questions, require assistance, or need to make a warranty claim, please contact Oakley customer support through their official website or an authorized Oakley retailer. Keep your proof of purchase handy when contacting support.

You can also visit the [Oakley Store on Amazon](#) for more product information and support resources.
